Migratory Bird Import/Export
(Migratory Bird Treaty Act, 50 CFR 21.21)
U.S. Fish and Wildlife Service
Division of Migratory Bird Management

Note: A Federal Migratory Bird Import/Export permit is required to import or export migratory birds into or out of the United States (see 50 CFR 10.12 for definition of United States). This application form does not apply to Bald Eagles, Golden Eagles, or species protected under the Convention on International Trade in Endangered Species, the U.S. Endangered Species Act, or the Wild Bird Conservation Act. All wildlife shipments must enter and exit the United States through a wildlife port designated in 50 CFR 14.12 (<http://www.fws.gov/le/ports-contact-information.html>) unless you have a separate exception to designated port permit issued by the Office of Law Enforcement under 50 CFR 14. There are a number of exceptions for import/export permits; for more information, visit <https://www.fws.gov/birds/policies-and-regulations/permits/import-and-export.php>. You are responsible for reviewing and understanding these regulations before you request and accept a permit. Check with your State agriculture department for any additional State restrictions on wildlife imports. You must be at least 18 years old to apply for a migratory bird permit. Please read "[Frequently Asked Questions](#)" and the pertinent regulations before you sign and submit your application.

Please provide the information requested below. If additional information needs to be provided that does not fit in the designated spaces, add additional sheets to your application submission. You may use as many additional sheets as needed. Please number pages accordingly using the page number box provided at the bottom of the sheet, and the corresponding question number.
