Here explain/describe the changes to HUD-9001-ORCF form to OMB:

Revise the "Income Analysis" table (page 12) to "Net Income" table.

The revised table requests a three-year NOI history so that ORCF can evaluate if there are any adverse trends. Three-year NOI history was requested in the previous approved version of the HUD-9001-ORCF (2014), but missed in this version. In the current form, ORCF would only receive a three-year NOI history only when an Operator changes (page 37), however, ORCF needs the three-year history regardless whether an Operator changes or not. No additional burden hours are required.
