U.S. PRODUCERS' QUESTIONNAIRE

STEEL PROPANE CYLINDERS FROM CHINA, TAIWAN, AND THAILAND

This questionnaire must be received by the Commission by <u>June 5, 2018</u>

See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its countervailing and antidumping duty investigations concerning steel propane cylinders from China, Taiwan, and Thailand (Inv. Nos. 701-TA-607 and 731-TA-1417-1419 (Preliminary)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your firm's possession (19 U.S.C. § 1333(a)).

U.S. Producers' Questionnaire – Steel Propane Cylinders

PART I.—GENERAL INFORMATION

Background.--This proceeding was instituted in response to a petition filed on May 22, 2018, by Worthington Industries, (Columbus, Ohio) and Manchester Tank & Equipment Company, (Franklin, Tennessee). Antidumping and countervailing duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determinations of dumping and/or subsidization. Questionnaires and other information pertinent to this proceeding are available at

https://www.usitc.gov/investigations/701731/2018/steel propane cylinders china taiwan and thaila nd/preliminary.htm.

Steel propane cylinders for purposes of these investigations are steel cylinders for compressed or liquefied propane gas meeting the requirements of, or produced to meet the requirements of, U.S. Department of Transportation ("USDOT") Specifications 4B, 4BA, or 4BW, or Transport Canada Specification 4BM, 4BAM, or 4BWM, or a UN pressure receptacle meeting standard ISO 4706, and range from 2.5 pound nominal gas capacity (approximate 4-6 pound tare weight) to 42 pound nominal gas capacity (approximate 28-32 pound tare weight), with up to 100 pound water capacity ("Steel Propane Cylinders"). Steel Propane Cylinders may be certified to USDOT Specification 4B, 4BA, or 4BW either before or after importation. Steel Propane Cylinders have two or fewer ports and may be imported assembled or unassembled (i.e., welded or brazed before or after importation), with or without out all components (including collars, valves, gauges, tanks, foot rings, and overfill prevention devices), and coated or uncoated. Also included within the scope are parts of steel propane cylinders, unfinished propane cylinders, collars, and foot rings for steel propane cylinders.

These petitions also cover steel propane cylinders that meet, are produced to meet, or are certified as meeting, other U.S. or Canadian government, international, or industry standards (including, for example, American Society of Mechanical Engineers ("ASME"), or American National Standard Institute ("ANSI")), if they also meet, are produced to meet, or are certified as meeting USDOT Specification 4B, 4BA, or 4BW, or Transport Canada Specification 4BM, 4BAM, or 4BWM, or a UN pressure receptacle meeting standard ISO 4706.

Subject merchandise also includes steel propane cylinders that have been further processed in a third country, including but not limited to attachment of collars, foot rings, or handles by welding or brazing, heat treatment, painting, testing, certification, or any other processing that would not otherwise remove the merchandise from the scope of the petitions if performed in the country of manufacture of the in-scope Steel Propane Cylinders.

Specifically excluded are seamless steel propane cylinders and propane cylinders made from stainless steel (<u>i.e.</u>, steel containing at least 10.5 percent chromium by weight and less than 1.2 percent carbon by weight), aluminum, or composite fiber material.

The merchandise subject to these investigations is properly classified under statistical reporting numbers **7311.00.0060** and **7311.00.0090** of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS statistical reporting numbers are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

<u>Reporting of information</u>.--If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions.

<u>Confidentiality</u>.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

<u>Verification</u>.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

Release of information. -- The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals. In addition, if your firm is a U.S. producer, the information you provide on your production and imports of steel propane cylinders and your responses to the questions in Part I of the producer questionnaire will be provided to the U.S. Department of Commerce, upon its request, for use in connection with (and only in connection with) its requirement pursuant to section 702(c)(4)/732(c)(4) of the Act (19 U.S.C. § 1671a(c)(4)/1673a(c)(4)) to make a determination concerning the extent of industry support for the petition requesting this proceeding. Any information provided to Commerce will be transmitted under the confidentiality and release guidelines set forth above. Your response to these questions constitutes your consent that such information be provided to Commerce under the conditions described above.

<u>D-GRIDS tool.</u>--The Commission has a tool that firms can use to move data from their own MS Excel compilation files into self-contained data tables within this MS Word questionnaire, thereby reducing the amount of cell-by-cell data entry that would be required to complete this form. This tool is a macroenabled MS Excel file available for download from the Commission's generic questionnaires webpage (https://www.usitc.gov/trade_remedy/question.htm) called the "D-GRIDs tool." Use of this tool to help your firm complete this questionnaire is *optional*. Firms opting to use the D-GRIDs tool to populate their data into this questionnaire will need the D-GRIDs specification sheet PDF file specific to this proceeding (available on the case page which is linked under the "Background" above) which includes the necessary references relating to this questionnaire, as well as the macro-enable MS Excel D-GRIDs tool itself from the generic questionnaires page. More detailed instructions on how to use the D-GRIDs tool are available within the D-GRIDs tool itself.

I-1a.	OMB statisticsPlease report below the actual number of hours required and the cost to your
	firm of completing this questionnaire.

Hours	Dollars

No

Yes

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 50 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-1b.	TAA information releaseIn the event that the U.S. International Trade Commission (USITC)
	makes an affirmative final determination in this proceeding, do you consent to the USITC's
	release of your contact information (company name, address, contact person, telephone
	number, email address) appearing on the front page of this questionnaire to the Departments of
	Commerce, Labor, and Agriculture, as applicable, so that your firm and its workers can be made
	eligible for benefits under the Trade Adjustment Assistance program?

I-2.	Establishments coveredProvide the city, state, zip code, and brief description of each
	establishment covered by this questionnaire. If your firm is publicly traded, please specify the
	stock exchange and trading symbol in the footnote to the table. Firms operating more than one
	establishment should combine the data for all establishments into a single report.

"Establishment" -- Each facility of a firm involved in the production of steel propane cylinders, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities.

Establishments covered ¹	City, State	Zip (5 digit)	Description

PART II.--TRADE AND RELATED INFORMATION

Telephone

Further information on this part of the questionnaire can be obtained from Lawrence Jones (202-205-3358, lawrence.jones@usitc.gov). Supply all data requested on a calendar-year basis.

II-1.	<u>Contact information</u> Please identify the responsible individual and the manner by which Commission staff may contact that individual regarding the confidential information submitted in part II.				
	Name				
	Title				
	Email				

II-2. <u>Changes in operations.</u>—Please indicate whether your firm has experienced any of the following changes in relation to the production of steel propane cylinders since January 1, 2015.

(chec	k as many as appropriate)	(If checked, please describe; leave blank if not applicable)
	plant openings	
	plant closings	
	relocations	
	expansions	
	acquisitions	
	consolidations	
	prolonged shutdowns or production curtailments	
	revised labor agreements	
	other (e.g., technology)	

II-3a. **Production using same machinery.--**Please report your firm's production of products using the same equipment, machinery, or employees as used to produce steel propane cylinders, and the combined production capacity on this shared equipment, machinery, or employees in the periods indicated.

"Overall production capacity" or "capacity" – The level of production that your establishment(s) could reasonably have expected to attain during the specified periods. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup).

Note.--If your firm does not produce any out-of-scope merchandise on the same machinery and equipment as scope merchandise then the "overall production capacity" numbers reported in this question should be exactly equal to the "average production capacity" numbers reported in question II-7. If, however, your firm does produce out-of-scope merchandise using the same machinery and equipment as scope mercandhise, then the "average production capacity" reported in question II-7 should exclude the portion of "overall production capacity" that was used to produce this out-of-scope merchandise.

"**Production**" – All production in your U.S. establishment(s), including production consumed internally within your firm and production for another firm under a toll agreement.

II-4.	<u>Tolling</u> Since January 1, 2015, has your firm been involved in a toll agreement regarding the
	production of steel propane cylinders?

"Toll agreement"--Agreement between two firms whereby the first firm furnishes the raw materials and the second firm uses the raw materials to produce a product that it then returns to the first firm with a charge for processing costs, overhead, etc.

No	Yes	If yes Please describe the toll arrangement(s) and name the firm(s) involved.

II-5. Foreign trade zones.--

(a) <u>Firm's FTZ operations</u>.--Does your firm produce steel propane cylinders in and/or admit steel propane cylinders into a foreign trade zone (FTZ)?

"Foreign trade zone" is a designated location in the United States where firms utilize special procedures that allow delayed or reduced customs duty payments on foreign merchandise. A foreign trade zone must be designed as such pursuant to the rules and procedures set forth in the Foreign-Trade Zones Act.

No	If yes Describe the nature of your firms operations in FTZs and identify the specific FTZ site(s).

(b) Other firms' FTZ operations.--To your knowledge, do any firms in the United States import steel propane cylinders into a foreign trade zone (FTZ) for use in distribution of steel propane cylinders and/or the production of downstream articles?

No	Yes	If yesIdentify the firms and the FTZs.

II-6. <u>Importer</u>.--Since January 1, 2015, has your firm imported steel propane cylinders?

"Importer" – The person or firm primarily liable for the payment of any duties on the merchandise, or an authorized agent acting on his behalf. The importer may be the consignee, or the importer of record.

No	Yes	
		If yes <u>COMPLETE AND RETURN A U.S. IMPORTERS' QUESTIONNAIRE</u>

- II-7. <u>Production, shipment, and inventory data</u>.--Report your firm's production capacity, production, shipments, and inventories related to the production of steel propane cylinders in its U.S. establishment(s) during the specified periods.
 - "Average production capacity" or "capacity" The level of production that your establishment(s) could reasonably have expected to attain during the specified periods. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup; and a typical or representative product mix).
 - "Production" -- All production in your U.S. establishment(s), including production consumed internally within your firm and production for another firm under a toll agreement.
 - "Shipments"--Shipments can include complete steel propane cylinders as well as partially completed steel propane cylinders and parts for such products. See definition on page 2.
 - "Retail level commercial shipments"--Shipments made within the United States, to be limited to sales of <u>unfilled</u> steel propane cylinders, as a result of an arm's length commercial transaction in the ordinary course of business at or through retail establishments to individual consumers, individuals or businesses. Report net values (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment.
 - "Non-retail level commercial shipments"--Shipments made within the United States, to be limited to sales of <u>unfilled</u> steel propane cylinders, as a result of an arm's length commercial transaction in the ordinary course of business sold to other businesses, and not through retail establishments. Report net values (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment.
 - "Internal consumption"--Product consumed internally by your firm. Such transactions are valued at fair market value. This includes, any instance in which your firm fills the steel propane cylinder with propane prior to usage or sale (i.e., in a gas exchange), or incorporates the steel propane cylinder within a larger piece of equipment (i.e., the manufacture of a recreational vehicle). Internal consumption should be reported at the fair market value of the <u>unfilled</u> steel propane cylinders at the time of filling and/or incorporation into a downstream product.
 - "Transfers to related firms"--Shipments made to related firms in the United States. Transfers to related firms should be valued at fair market value at the time of physical delivery or at the time of the transfer of title if different.
 - "Related firm"-- A firm that your firm solely or jointly owns, manages, or otherwise controls.
 - "Export shipments"--Shipments to destinations outside the United States, including shipments to related firms.
 - "Inventories"--Finished goods inventory, not raw materials or work in progress. In particular, parts for steel propane cylinders should only be reported as finished goods inventory if the decision has been made to dedicate the parts for sale without further processing. Do not include part inventories in this question if the parts could still be potentially used by your firm in the production of steel propane cylinders.

II-7. Production, shipment, and inventory data.--Continued

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.

II-7. Production, shipment, and inventory data.--Continued

<u>RECONCILIATION OF SHIPMENTS, PRODUCTION, AND INVENTORY</u>.--Generally, the data reported for the end-of-period inventories (i.e., line L) should be equal to the beginning-of-period inventories (i.e., line B), plus production (i.e., line C), less total shipments (i.e., lines D, F, H, and J). Please ensure that any differences are not due to data entry errors in completing this form, but rather reflect your firm's actual records; and, also provide explanations for any differences (e.g., theft, loss, damage, record systems issues, etc.) if they exist.

	Calendar years			January-March

Other material inputs / value added		
Total (should sum to 100.0 percent)	0.0	0.0

g. Describe the processes used to transform the listed parts into a finished steel propane cylinder.

Item	Describe the process to transform the listed parts into finished steel propane cylinders.
Unfinished cylinders / tanks	
Collars	
Foot rings	

II-11. <u>Employment data</u>.--Report your firm's employment-related data related to the production of steel propane cylinders and provide an explanation for any trends in these data.

"Production and Related Workers" (PRWs) includes working supervisors and all nonsupervisory workers (including group leaders and trainees) engaged in fabricating, processing, assembling, inspecting, receiving, storage, handling, packing, warehousing, shipping, trucking, hauling, maintenance, repair, janitorial and guard services, product development, auxiliary production for plant's own use (e.g., power plant), recordkeeping, and other services closely associated with the above production operations.

Average number employed may be computed by adding the number of employees, both full time and part time, for the 12 pay periods ending closest to the 15th of the month and divide that total by 12. For the January to March periods, calculate similarly and divide by 3.

If your firm had the same number of PRWs in all calendar years and had not experienced any changes in PRWs in the most recent interim period, you would have the same number of PRWs for the interim periods, regardless of whether the interim periods are Jan-Mar (Q1), Jan-June (Q1+Q2), or Jan-Sept (Q1+Q2+Q3)."

"Hours worked" includes time paid for sick leave, holidays, and vacation time. Include overtime hours actually worked; do not convert overtime pay to its equivalent in straight time hours.

"Wages paid" – Total wages paid before deductions of any kind (e.g., withholding taxes, old-age and unemployment insurance, group insurance, union dues, bonds, etc.). Include wages paid directly by your firm for overtime, holidays, vacations, and sick leave.

	Calendar years		January-March		
Item	2015	2016	2017	2017	2018
Average number of PRWs (number)					
Hours worked by PRWs (hours)					
Wages paid to PRWs (dollars)					

Explanation of trends:

	Related firmsIf your firm reported transfers to related firms in question II-7, please indicated the nature of the relationship between your firm and the related firms (e.g., joint venture, wholly owned subsidiary), whether the transfers were priced at market value or by a non-market formula, whether your firm retained marketing rights to all transfers, and whether the related firms also processed inputs from sources other than your firm.

	that did not provide a narrative box, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word
	questionnaire.

PART III.--FINANCIAL INFORMATION

Address questions on this	part of the questionnaire to	David Boyland (202-708-4725,
David.Boyland@usitc.gov)		

Name	2	
Title		
Emai		
Telep	hone	
Acco	unting sy	stemBriefly describe your firm's financial accounting system.
	A.	When does your firm's fiscal year end (month and day)?
		If your firm's fiscal year changed during the data-collection period, explain below:
	B.1.	Describe the lowest level of operations (e.g., plant, division, company-wide) which financial statements are prepared that include steel propane cylinders
	2.	Does your firm prepare profit/loss statements for steel propane cylinders: Yes No
	3.	How often did your firm (or parent company) prepare financial statements (including annual reports, 10Ks)? Please check relevant items below. Audited, unaudited, annual reports, 10Ks, 10 Qs, Monthly, quarterly, semi-annually, annually
	4.	Accounting basis: GAAP, cash, tax, or other comprehensions of accounting (specify)
	used in regard submit profit-c	As requested in Part I of this questionnaire, please keep all supporting documents/recondithe preparation of the financial data, as Commission staff may contact your firm ling questions on the financial data. The Commission may also request that your composition of the supporting documents/records (financial statements, including internal and-loss statements for the division or product group that includes steel propane cyling las specific statements and worksheets) used to compile these data.
		ng systemBriefly describe your firm's cost accounting system (e.g., standard r cost, etc.).

III-4.	<u>Allocation basis.</u> Briefly describe your firm's allocation basis, if any, for COGS, SG&A, and interest expense and other income and expenses.

III-5. **Product listing**.--Please list the products your firm produced in the facilities in which your firm produced steel propane cylinders, and provide the share of net sales accounted for by these products in your firm's most recent fiscal year.

Products	Share of sales

III-9a. Operations on steel propane cylinders.--Report the revenue and related cost information requested below on the steel propane cylinders operations of your firm's U.S. establishment(s). Do not report resales of products. Note that internal consumption and transfers to related firms must be valued at fair market value. Input purchases from related suppliers should be consistent with and based on information in the firm's accounting books and records. Provide data for your firm's three most recently completed fiscal years, and for the specified interim periods. If your firm was involved in tolling operations (either as the toller or as the tollee), please contact David Boyland at (202) 708-4725 before completing this section of the questionnaire.

Quantity (in	pounds, tare weig	ht) and value (in	dollars)		
	Fiscal years ended January-March				
ltem	2015	2016	2017	2017	2018
Net sales quantities: ² Commercial sales ("CS")					
Internal consumption ("IC")					
Transfers to related firms ("Transfers")					
Total net sales quantities	0	0	0	0	(
Net sales values: ² Commercial sales					
Internal consumption					
Transfers to related firms					
Total net sales values	0	0	0	0	C
Cost of goods sold (COGS): ³ Raw materials					
Direct labor					
Other factory costs					
Total COGS	0	0	0	0	C
Gross profit or (loss)	0	0	0	0	С
Selling, general, and administrative (SG&A) expenses: Selling expenses					
General and administrative expenses					
Total SG&A expenses	0	0	0	0	0
Operating income (loss)	0	0	0	0	0
Other expenses and income: Interest expense					
All other expense items					
All other income items					
Net income or (loss) before income taxes	0	0	0	0	С
Depreciation/amortization included above					

¹ Include only sales (whether <u>domestic or export</u>) and costs related to your <u>U.S. manufacturing operations</u>.

Note -- The table above contains calculations that will appear when you have entered data in the MS Word form fields.

² Less discounts, returns, allowances, and prepaid freight. The quantities and values should approximate the corresponding shipment quantities and values reported in Part II of this questionnaire.

³ COGS (whether for domestic or export sales) should include costs associated with CS, IC, and Transfers.

III-9b.	Financial data reconciliation The calculable line items from question III-9a (i.e., total net sales
	quantities and values, total COGS, gross profit (or loss), total SG&A, and net income (or loss))
	have been calculated from the data submitted in the other line items. Do the calculated fields
	return the correct data according to your firm's financial records ignoring non-material
	differences that may arise due to rounding?

Yes	No	If no If the calculated fields do not show the correct data, please double check the feeder data for data entry errors and revise. Also, check signs accorded to the post operating income line items; the two expense line items should report positive numbers (i.e., expenses are positive and incomes or reversals are negativeinstances of the latter should be rare in those lines) while the income line item also in most instances should have its value be a positive number (i.e., income is positive, expenses or reversals are negative). If after reviewing and potentially revising the feeder data your firm has provided, the differences between your records and the calculated fields persist please identify and discuss the differences in the space below.

III-10. Nonrecurring items (charges and gains) included in the subject product financial results.--For each annual and interim period for which financial results are reported in question III-9a, please specify all material (significant) nonrecurring items (charges and gains) in the schedule below, the specific question III-9a line item where the nonrecurring items are included, a brief description of the relevant nonrecurring items, and the associated values (in \$1,000), as reflected in question III-9a; i.e., if an aggregate nonrecurring item has been allocated to question III-9a, only the allocated value amount included in question III-9a should be reported in the schedule below. Note: The Commission's objective here is to gather information only on material (significant) nonrecurring items which impacted the reported financial results of the subject product in question III-9a.

	Fiscal years			January-March	
	2015	2016	2017	2017	2018
			Value (dollars)		
Nonrecurring item 1					
Nonrecurring item 2					
Nonrecurring item 3					
Nonrecurring item 4					
Nonrecurring item 5					
Nonrecurring item 6					
Nonrecurring item 7					

Nonrecurring item: In this table please provide a brief description of each nonrecurring item reported above and indicate the specific line item in table III-9a where the nonrecurring item is classified.

	Description of the nonrecurring item	Income statement classification of the nonrecurring item
Nonrecurring item 1		
Nonrecurring item 2		
Nonrecurring item 3		
Nonrecurring item 4		
Nonrecurring item 5		
Nonrecurring item 6		
Nonrecurring item 7		

<u>Classification of identified nonrecurring items (charges and gains) in the accounting books and records of the company</u> If non-recurring items were reported in question III-10 above, please
identify where your company recorded these items in your accounting books and records in the normal course of business; i.e., just as responses to question III-10 identify where these items are reported in question III-9a.

III-12. <u>Asset values.</u>—Report the <u>total</u> assets (i.e., both current and long-term assets) associated with the production, warehousing, and sale of steel propane cylinders. If your firm does not maintain some or all of the specific asset information necessary to calculate total assets for steel propane cylinders in the normal course of business, please estimate this information based upon a method (such as production, sales, or costs) that is consistent with relevant cost allocations in question III-9a. Provide data as of the end of your firm's three most recently completed fiscal years.

Note: Total assets should reflect <u>net assets</u> after any accumulated depreciation and allowances deducted.

Total assets should be <u>allocated to the subject products</u> if these assets are also related to other products. Please provide a <u>brief explanation if there are any substantial changes</u> in total asset value during the period; e.g., due to asset write-offs, revaluation, and major purchases.

U.S. PIC	aucers (Duestionnair	e – Steei	Probane	cviinaers	tPreliminary

III-14.	Data consistency and reconciliationPlease indicate whether your firm's financial data for
	questions III-9a, 12, and 13 are based on a calendar year or on your firm's fiscal year:

Calendar year	Fiscal year	Specify fiscal year

Please note the quantities and values reported in question III-9a should reconcile with the data reported in question II-7 (including export shipments) as long as they are reported on the same calendar year basis.

RECONCILIATION OF TRADE VS FINANCIAL DATA.--Please ensure that the quantities and values reported for total shipments in part II equal the quantities and values reported for total net sales in part III of this questionnaire in each time period unless the financial data from part III are reported on a fiscal year basis, in which case only the interim periods must reconcile. If the calculated fields below return values other than zero (i.e., "0") and both are being reported on a calendar basis, please explain the discrepancy below.

	Fi	scal years ended	January-March		
Reconciliation	2015	2016	2017	2017	2018
Quantity: Trade data from question II-6 (lines D, F, H, and J) less financial total net sales quantity data from question III-9a, = zero ("0").	0	0	0	0	0
Value: Trade data from question II-6 (lines E, G, I, and K) less financial total net sales value data from question III-9a, = zero ("0").	0	0	0	0	0

Do these data in question III-9a reconcile with data in question II-7?

Yes	No	If no, please explain.

If your responses to any of the items in questions III-15, III-16, and III-17 differ by country, please describe these differences and, as applicable, indicate which country or countries your response refers to in the relevant form fields.

III-15. <u>Effects of imports on investment</u>.--Since January 1, 2015, has your firm experienced any actual negative effects on its return on investment or the scale of capital investments as a result of imports of steel propane cylinders from China, Taiwan, and Thailand?

No	Yes			
		yes, my firm has experienced actual negative effects as follows.		
	(check	k as many as appropriate)	(please describe)	
		Cancellation, postponement, or rejection of expansion projects		
		Denial or rejection of investment proposal		
		Reduction in the size of capital investments		
		Return on specific investments negatively impacted		
		Other		

III-16.	Effects of imports on growth and development Since January 1, 2015, has your firm
	experienced any actual negative effects on its growth, ability to raise capital, or existing
	development and production efforts (including efforts to develop a derivative or more advanced
	version of the product) as a result of imports of steel propane cylinders from China, Taiwan, and
	Thailand?

illallallu	•			
No	Yes			
		If yes, my firm has experienced actual negative effects as follows.		
		. 1		
	(che	ck as many as appropriate)	(please describe)	
		Rejection of bank loans		
		Lowering of credit rating		
		Problem related to the issue of stocks or bonds		
		Ability to service debt		
		Other		

U.S. Producers' Questionnaire – Steel Propane Cy	/linders	(Preliminary
--	----------	--------------

III-17.	Anticipated effects of importsDoes your firm anticipate any negative effects due to imports of
	steel propane cylinders from China, Taiwan, and Thailand?

No	Yes	If yes, my firm anticipates negative effects as follows:

III-18.	Other explanationsIf your firm would like to further explain a response to a question in Part III that did not provide a narrative box, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

PART IV.--PRICING AND MARKET FACTORS

Further information on this part of the questionnaire can be obtained from Cindy Cohen (202-205-3230, cindy.cohen@usitc.gov).

IV-1. <u>Contact information</u>.--Please identify the individual that Commission staff may contact regarding the confidential information submitted in part IV.

Name	
Title	
Email	
Telephone	

PRICE DATA

- IV-2. This question requests quarterly quantity and value data for your firm's non-retail level commercial shipments to unrelated U.S. customers since January 1, 2015 of the following products produced by your firm.
 - <u>Product 1</u>.--20-pound capacity steel cylinder for compressed or liquefied propane gas, without gauge, meeting the requirements of U.S. Department of Transportation specification 4BA.
 - <u>Product 2</u>.--30-pound capacity steel cylinder for compressed or liquefied propane gas, without gauge, meeting the requirements of U.S. Department of Transportation specification 4BA.

Please note that values should be <u>f.o.b.</u>, <u>U.S.</u> <u>point of shipment</u> and should not include U.S.-inland transportation costs. Values should reflect the *final net* amount paid to your firm (i.e., should be net of all deductions for discounts or rebates).

IV-2a. During January 2015-March 2018, did your firm produce and sell to unrelated U.S. customers, other than through your firm's own retail establishments, any of the above listed products (or any products that were competitive with these products)?

YesPlease complete the following pricing data table as appropriate.
NoSkip to question IV-3.

IV-2(b). <u>Price data</u>.--Report below the quarterly price data¹ for pricing products² produced and sold, other than at the retail level, by your firm.

Report data in units and actual dollars (not 1,000s).

	(Quantity in units, value in dollars)							
	Produ	uct 1	Product 2					
Period of shipment	Quantity	Value	Quantity	Value				
2015:								
January-March								
April-June								
July-September								
October-December								
2016:								
January-March								
April-June								
July-September								
October-December								
2017:								
January-March								
April-June								
July-September								
October-December								
2018:								
January-March								

¹ Net values (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods), f.o.b. your firm's U.S. point of shipment.

Note.-If your firm's product does not exactly meet the product specifications but is competitive with the specified product, provide a description of your firm's product. Also, please explain any anomalies in your firm's reported pricing data.

Product 1:

Product 2:

² Pricing product definitions are provided on the first page of Part IV.

IV-2 (c).	Price data checklist	Please check that the	pricing data in o	question IV-2(b)	has been o	correctly
	reported.					

Is the price data reported above:	√ if Yes
In actual dollars (not \$1,000)?	
F.o.b. U.S. point of shipment (i.e., does not include U.S. transport costs)?	
Net of all discounts and rebates?	
Have returns credited to the quarter in which the sale occurred?	
Less than reported non-retail commercial shipments in question II-7 in each year?	
V-2 (d). Pricing data methodologyPlease describe the method and the kinds of docume that were used to compile your price data.	ents/records

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the price data, as Commission staff may contact your firm regarding questions on the price data. The Commission may also request that your company submit copies of the supporting documents/records (such as sales journal, invoices, etc.) used to compile these data.

I\/ 1E	Conditions	of competition
10-15.	Conditions	of competition

(a)		t subject to business cycles (other than general ther conditions of competition distinctive to steel
Chec	k all that apply.	Please describe.

Check all that apply.	Please describe.
☐ No	Skip to question IV-16.
Yes-Business cycles (e.g. seasonal business)	
Yes-Other distinctive conditions of competition	

(b) If yes, have there been any changes in the business cycles or conditions of competition for steel propane cylinders since January 1, 2015?

No	Yes	If yes, describe.

IV-16. <u>Supply constraints.</u>—Has your firm refused, declined, or been unable to supply steel propane cylinders since January 1, 2015 (examples include placing customers on allocation or "controlled order entry," declining to accept new customers or renew existing customers, delivering less than the quantity promised, being unable to meet timely shipment commitments, etc.)?

No	Yes	If yes, please describe.

IV-17. Raw materials.--How have steel propane cylinders raw material prices changed since January 1, 2015?

Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explain, noting how raw material price changes have affected your firm's selling prices for steel propane cylinders.

IV-18. <u>Interchangeability.--</u>Is steel propane cylinders produced in the United States and in other countries interchangeable (i.e., can they physically be used in the same applications)?

Please indicate A, F, S, N, or 0 in the table below:

interchangeable use:

A = the products from a specified country-pair are *always* interchangeable

F = the products are *frequently* interchangeable

S = the products are *sometimes* interchangeable

N = the products are *never* interchangeable

0 = no familiarity with products from a specified country-pair

Country-pair	China	Taiwan	Thailand	Other countries
United States				
China				
Taiwan				
Thailand				
For any country-pair producing steel propane cylinders that is <i>sometimes</i> or <i>never</i> interchangeable, identify the country-pair and explain the factors that limit or preclude				

IV-19. <u>Factors other than price</u>.--Are differences other than price (e.g., quality, availability, transportation network, product range, technical support, *etc.*) between steel propane cylinders produced in the United States and in other countries a significant factor in your firm's sales of the products?

Please indicate A, F, S, N, or 0 in the table below:

A = such differences are *always* significant

F = such differences are *frequently* significant

S = such differences are *sometimes* significant

N = such differences are *never* significant

0 = *no familiarity* with products from a specified country-pair

Country-pair	China	Taiwan	Thailand	Other countries
United States				
China				
Taiwan				
Thailand				

For any country-pair for which factors other than price *always* or *frequently* are a significant factor in your firm's sales of steel propane cylinders, identify the country-pair and report the advantages or disadvantages imparted by such factors:

IV-20. <u>Customer identification.</u>--List the names and contact information for your firm's 10 largest U.S. customers for steel propane cylinders since January 1, 2015. Indicate the share of the quantity of your firm's total shipments of steel propane cylinders that each of these customers accounted for in 2017.

U.S. Producers	' Questionnaire -	- Steel Propane	Cylinders	(Preliminary)
-----------------------	-------------------	-----------------	-----------	---------------

IV-21. Competition from imp	ports
-----------------------------	-------

(a)	<u>Lost revenue</u> Since January 1, 2015: To avoid losing sales to competitors selling stee
	propane cylinders from China, Taiwan, and Thailand, did your firm:

Item	No	Yes
Reduce prices		
Roll back announced price increases		

(b) <u>Lost sales</u>.--Since January 1, 2015: Did your firm lose sales of steel propane cylinders to imports of this product from China, Taiwan, and Thailand?

No	Yes

(c) The submission of lost sales/lost revenue allegations is to be completed only by NON-PETITIONERS.

If your firm indicated "yes" to any of the above, your firm can provide the Commission with additional information by downloading and completing the lost sales/lost revenues worksheet at http://usitc.gov/trade_remedy/question.htm. Note that the Commission may contact the firms named to verify the allegations reported.

Is your firm submitting the lost sales/lost revenues worksheet?

No—Please explain.
Yes—Please complete the worksheet and submit via the Commission dropbox. https://dropbox.usitc.gov/oinv/. (PIN: PROP)

IV-22. Other explanations.--If your firm would like to further explain a response to a question in Part IV that did not provide a narrative response box, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a "fillable" form in MS Word format on the Commission's website at:

https://www.usitc.gov/investigations/701731/2018/steel propane cylinders china tai wan and thailand/preliminary.htm

Please do not attempt to modify the format or permissions of the questionnaire document. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

• <u>Upload via Secure Drop Box</u>.—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission's secure upload facility:

Web address: https://dropbox.usitc.gov/oinv/ Pin: PROP

• E-mail.—E-mail the MS Word questionnaire to Lawrence.jones@usitc.gov; include a scanned copy of the signed certification page (page 1). Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm's nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.

If your firm <u>does not</u> **produce this product**, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

<u>Parties to this proceeding</u>.—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission's Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
