

## U.S. IMPORTERS' QUESTIONNAIRE

### LARGE RESIDENTIAL WASHERS FROM KOREA AND MEXICO

This questionnaire must be received by the Commission by **November 8, 2018**

*See last page for filing instructions.*

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its review of the countervailing and antidumping duty orders concerning large residential washers from Korea and Mexico (Inv. Nos. 701-TA-488 and 731-TA-1199-1200 (Review)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your firm's possession (19 U.S.C. § 1333(a)).

**PART I.—GENERAL INFORMATION**

**Background.**--On February 15, 2013, the Department of Commerce ("Commerce") issued a countervailing duty order on imports of large residential washers from Korea and antidumping duty orders on imports of large residential washers from Korea and Mexico. On January 2, 2018, the Commission instituted reviews pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)) (the Act) to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. If both the Commission and Commerce make affirmative determinations, the orders will remain in place. If either the Commission or Commerce makes negative determinations, Commerce will revoke the orders. Questionnaires and other information pertinent to this proceeding are available at [https://www.usitc.gov/investigations/701731/2018/large\\_residential\\_washers\\_korea\\_and\\_mexico/first\\_review\\_full.htm](https://www.usitc.gov/investigations/701731/2018/large_residential_washers_korea_and_mexico/first_review_full.htm).

**Large residential washers** covered by these reviews are all automatic clothes washing machines, regardless of the orientation of the rotational axis, except as noted below, with a cabinet width (measured from its widest point) of at least 24.5 inches (62.23 cm) and no more than 32.0 inches (81.28 cm).

Also covered are certain subassemblies used in large residential washers, namely: (1) all assembled cabinets designed for use in large residential washers which incorporate, at a minimum: (a) at least three of the six cabinet surfaces; and (b) a bracket; (2) all assembled tubs<sup>1</sup> designed for use in large residential washers which incorporate, at a minimum: (a) a tub; and (b) a seal; (3) all assembled baskets<sup>2</sup> designed for use in large residential washers which incorporate, at a minimum: (a) a side wrapper;<sup>3</sup> (b) a base; and (c) a drive hub;<sup>4</sup> and (4) any combination of the foregoing subassemblies.

Excluded from the scope are stacked washer-dryers and commercial washers. The term "stacked washer-dryers" denotes distinct washing and drying machines that are built on a unitary frame and share a common console that controls both the washer and the dryer. The term "commercial washer" denotes an automatic clothes washing machine designed for the "pay per use" market meeting either of the following two definitions:

- (1) (a) it contains payment system electronics;<sup>5</sup> (b) it is configured with an externally mounted steel frame at least six inches high that is designed to house a coin/token operated payment system (whether or not the actual coin/token operated payment system is installed at the time of importation); (c) it contains a push button user interface with a maximum of six manually selectable wash cycle settings, with no ability of the end user to otherwise modify water temperature, water level, or spin speed for a selected wash cycle setting; and (d) the

---

<sup>1</sup> A "tub" is the part of the washer designed to hold water.

<sup>2</sup> A "basket" (sometimes referred to as a "drum") is the part of the washer designed to hold clothing or other fabrics.

<sup>3</sup> A "side wrapper" is the cylindrical part of the basket that actually holds the clothing or other fabrics.

<sup>4</sup> A "drive hub" is the hub at the center of the base that bears the load from the motor.

<sup>5</sup> "Payment system electronics" denotes a circuit board designed to receive signals from a payment acceptance device and to display payment amount, selected settings, and cycle status. Such electronics also capture cycles and payment history and provide for transmission to a reader.

console containing the user interface is made of steel and is assembled with security fasteners;<sup>6</sup> or

- (2) (a) it contains payment system electronics; (b) the payment system electronics are enabled (whether or not the payment acceptance device has been installed at the time of importation) such that, in normal operation,<sup>7</sup> the unit cannot begin a wash cycle without first receiving a signal from a bona fide payment acceptance device such as an electronic credit card reader; (c) it contains a push button user interface with a maximum of six manually selectable wash cycle settings, with no ability of the end user to otherwise modify water temperature, water level, or spin speed for a selected wash cycle setting; and (d) the console containing the user interface is made of steel and is assembled with security fasteners.

Also excluded from the scope are automatic clothes washing machines with a vertical rotational axis and a rated capacity of less than 3.7 cubic feet, as certified to the U.S. Department of Energy pursuant to 10 CFR 429.12 and 10 CFR 429.20, and in accordance with the test procedures established in 10 CFR Part 430.

Large residential washers are currently imported under statistical reporting numbers 8450.20.0040 and 8450.20.0080 of the Harmonized Tariff Schedule of the United States (HTSUS). They may also be imported under HTSUS subheadings 8450.11.0040, 8450.11.0080, 8450.90.2000, and 8450.90.6000. The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.

**Out-of-scope top-load washers.**-- Automatic clothes washing machines with a vertical rotational axis and a rated capacity of less than 3.7 cubic feet, as certified to the U.S. Department of Energy pursuant to 10 CFR 429.12 and 10 CFR 429.20, and in accordance with the test procedures established in 10 CFR Part 430.

**Reporting of information.**-- If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, purchaser and/or foreign producer questionnaire), you need not respond to duplicated questions.

**Confidentiality.**--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

<sup>6</sup> A "security fastener" is a screw with a non-standard head that requires a non-standard driver. Examples include those with a pin in the center of the head as a "center pin reject" feature to prevent standard Allen wrenches or Torx drivers from working.

<sup>7</sup> "Normal operation" refers to the operating mode(s) available to end users (i.e., not a mode designed for testing or repair by a technician).

**Verification.**--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

**Release of information.**--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

**Valid number error messages.**--If you are completing this form in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 rather than \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete this form. Detailed instructions on how to resolve this issue is provided at the end of this questionnaire and is available upon request from Drew Dushkes (202-205-3229, drew.dushkes@usitc.gov).

**D-GRIDS tool.**--The Commission has a tool that firms can use to move data from their own MS Excel compilation files into self-contained data tables within this MS Word questionnaire, thereby reducing the amount of cell-by-cell data entry that would be required to complete this form. This tool is a macro-enabled MS Excel file available for download from the Commission's generic questionnaires webpage ([https://www.usitc.gov/trade\\_remedy/question.htm](https://www.usitc.gov/trade_remedy/question.htm)) called the "D-GRIDs tool." Use of this tool to help your firm complete this questionnaire is *optional*. Firms opting to use the D-GRIDs tool to populate their data into this questionnaire will need the D-GRIDs specification sheet PDF file specific to this proceeding (available on the case page which is linked under the "Background" above) which includes the necessary references relating to this questionnaire, as well as the macro-enable MS Excel D-GRIDs tool itself from the generic questionnaires page. More detailed instructions on how to use the D-GRIDs tool are available within the D-GRIDs tool itself.

I-1. **OMB statistics.**--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 40 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-2. **Establishments covered.**--Provide the name and address of establishment(s) covered by this questionnaire. If your firm is publicly traded, please specify the stock exchange and trading symbol.

**"Establishment"**--Each facility of a firm involved in the importation of large residential washers, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities.

--

I-3. **Ownership.**--Is your firm owned, in whole or in part, by any other firm?

No       Yes--List the following information.

Firm name	Address	Extent of ownership (percent)

I-4. **Related importers/exporters.**--Does your firm have any related firms, either domestic or foreign, that are engaged in importing large residential washers into the United States or that are engaged in exporting large residential washers to the United States?

No       Yes--List the following information.

<b>Firm name</b>	<b>Country</b>	<b>Affiliation</b>

I-5. **Related producers.**--Does your firm have any related firms, either domestic or foreign, that are engaged in the production of large residential washers?

No       Yes--List the following information.

<b>Firm name</b>	<b>Country</b>	<b>Affiliation</b>

I-6. **Importing operations.**--Please indicate the nature of your firm's importing operations on large residential washers. More than one answer may be applicable.

I-7. **Consignees.**--If your firm is an importer of record of large residential washers but is not the consignee, please list the consignees below (firm name, address, telephone number, and individual to contact).

Firm name	Address	Contact person and phone number

I-8. **FTZ, TIB, or bonded warehouses.**--Please indicate whether your firm enters large residential washers into, or withdraws such merchandise from, foreign trade zones or bonded warehouses. Also indicate whether your firm imports large residential washers under the TIB (temporary importation under bond) program.

**“Foreign trade zone”** is a designated location in the United States where firms utilize special procedures that allow delayed or reduced customs duty payments on foreign merchandise, as well as other savings. A foreign trade zone must be designed as such pursuant to the rules and procedures set forth in the Foreign-Trade Zones Act.

**“Bonded warehouse”** is a secured facility supervised by U.S. customs, where dutiable landed imports are stored pending their re-export, or release after payment of import duties, taxes, and other charges. A bonded warehouse must be designed as such pursuant to the rules and procedures set forth in 19 U.S.C. § 1555.

**“Temporary Importation under Bond (“TIB”) program”** is a procedure whereby, imported merchandise may be entered under certain conditions for a limited time into the United States free of duty. Under the program, an importer posts a bond for twice the amount of duty, taxes, etc. that would otherwise be owed on the importation and agrees to export or destroy the merchandise within a specified time or pay liquidated damages. This program is restricted to certain categories of merchandise listed in subheadings 9813.00.05 through 9813.00.75 of the Harmonized Tariff Schedule (HTS).

II-4. **Reasons for importing if producer.**--If your firm also produces large residential washers in the United States, please indicate the reasons for importing this product. If your firm’s reasons differ by source, please elaborate.

**Definitions**

**"Imports"** –Those products identified for Customs purposes as imports for consumption for which your firm was the importer of record (i.e., was responsible for paying any import duty) or consignee (i.e., to which the merchandise was first delivered).

**"Import quantities"** –Quantities reported should be net of returns.

**"Import values"** –Values reported should be landed, duty-paid values at the U.S. port of entry, including ocean freight and insurance costs, brokerage charges, and import duties (i.e., all charges except inland freight in the United States).

**"U.S. commercial shipments"** – Shipments made within the United States as a result of an arm's length commercial transaction in the ordinary course of business. Report net values (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment.

**"Internal consumption"** –Product consumed internally by your firm. Such transactions are valued at fair market value.

**"Transfers to related firms"** –Shipments made to related domestic firms. Such transactions are valued at fair market value.

**"Related firm"** –A firm that your firm solely or jointly owns, manages, or otherwise controls.

**"Export shipments"** – Shipments to destinations outside the United States, including shipments to related firms.

**"Inventories"** --Finished goods inventory, not raw materials or work in progress.

**"Retailers"**--Firms that sells large residential washers to the public for use in personal consumption rather than for resale.

**"Distributors"**--Firms that purchases large residential washers for the purpose of reselling them to other firms.

**"Buying Groups"**--Firms that negotiate prices on behalf of multiple retailers.

**"Homebuilders/contractors"**--Firms whose business is in the construction of residential dwellings.

**"End users/consumers"** –Entities who purchase large residential washers for their own personal consumption.

*Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.*

II-5a. **Imports from Korea.**-- Report your firm's imports and your firm's shipments and inventories of large residential washers imported from Korea during the specified periods.

**For questions II-9 and II-10, if your firm's response differs for particular orders, please indicate and explain the particular effect of imposition and/or revocation of specific orders.**

II-9. **Effect of order(s).**--Describe the significance of the existing countervailing and antidumping duty orders covering imports of large residential washers from Korea and Mexico in terms of its effect on your firm's imports, U.S. shipments of imports, and inventories. You may wish to compare your firm's operations before and after the imposition of the order.

II-10. **Likely impact of revocation.** --Would your firm anticipate any changes in in the character of its operations or organization, including its imports, U.S. shipments of imports, or inventories of large residential washers in the future if the countervailing and antidumping duty orders on large residential washers from Korea and Mexico were to be revoked? Please include how the section 201 safeguard measure would impact the effect of any revocation.

**PRICE DATA**

- III-2. This question requests quarterly quantity and value data for your firm's commercial shipments to unrelated U.S. customers of the following products your firm imported from Korea and Mexico:

**Product 1.**-- Top loading, Energy Star rated washer; impeller; rated DOE capacity greater than or equal to 5.7 cubic feet; water heater included, steam cycle included; lid includes clear or tinted window; electronic controls, non-white finish.

**Product 2.**--Top loading, Energy Star rated washer; impeller; rated DOE capacity greater than or equal to 4.7 cubic feet but less than 5.2 cubic feet; no water heater included; no steam cycle included; lid includes clear or tinted window; white finish.

**Product 3.**--Front loading, Energy Star rated washer; rated DOE capacity greater than or equal to 4.2 cubic feet but less than 4.7 cubic feet; water heater included; steam cycle(s) included; no LCD/LED display; white finish.

**Product 4.**--Front loading, Energy Star rated washer; rated DOE capacity greater than or equal to 3.7 cubic feet but less than 4.2 cubic feet; no water heater included; no steam cycle(s) included; no LCD/LED display; white finish.

**Product 5.**-- Front loading, Energy Star rated washer; rated DOE capacity greater than or equal to 4.8 cubic feet but less than 5.3 cubic feet; water heater included, steam cycle(s) included; no LCD/LED display; non-white finish.

**Product 6.**-- Top loading, Energy Star rated washer; impeller; rated DOE capacity greater than or equal to 3.7 cubic feet but less than 4.2 cubic feet; no water heater included; no steam cycle included; lid includes clear or tinted window; white finish.

**Report data for all SKUs/model numbers/product codes that fall under each above definition.** If the DOE rated capacity for a particular SKU/model number/product code changed during the period, classify the SKU/model number/product code consistent with the capacity being advertised at the time of sale. Classify a washer as Energy Star if it was being advertised as Energy Star at the time of sale.

**Please report values as follows:**

**Total dollar values should be f.o.b. port and should not include U.S.-inland transportation costs. Report the U.S. f.o.b. sales value and quantity on an invoice basis (i.e., the quantity-weighted total of the prices indicated on the invoice for the product in question), and net of direct and indirect discounts (i.e., all discounts, incentives, allowances, rebates, promotional amount, cash incentives for retail sales personnel (SPIFFs) or other sales support, and/or any other form of payment or allowance to a retailer). Exclude any additional equipment provided, (e.g. cold/hot water connection hoses) that may be included in the invoice price.**

**Direct discounts** are tied to sales of the specific large residential washer(s) for which pricing data are requested, whether or not such discounts are given on the sales price to the customer or are in the form of a post-sale discount, rebate or other type of sales support after the customer resells the product to its customer.

**Indirect discounts**, while not specifically tied to the products in question, are properly allocable to sales of such products because sales of such products were part of the basis on which the discount, incentive, allowance, etc. was given. In each case, the basis for the allocation of these allocated discounts, rebates, etc. should be the value of sales of the pricing product at issue as a percentage of the value of all the products sold by your firm to a customer that also qualified for the same discount, rebate, etc. Thus, for example, the value of a discount given to a customer because it reached an annual large residential washer sales target would be allocated over large residential washer sales to that customer.

(a) During January 2012-September 2018, did your firm import from Korea and Mexico and sell to unrelated U.S. customers any of the above listed products (or any products that were competitive with these products)?

III-20. **Price comparisons.**--Please compare market prices of large residential washers in U.S. and non-U.S. markets if known. Provide information as to time periods and regions for any price comparisons.

III-21. **Market studies.**--Please provide as a separate attachment to this request any studies, surveys, etc. that you are aware of that quantify and/or otherwise discuss large residential washers supply (including production capacity and capacity utilization) and demand in (1) the United States, (2) each of the other major producing/consuming countries, including Korea and Mexico, and (3) the world as a whole. Of particular interest is such data from 2012 to the present and forecasts for the future.

III-22. **Product feature innovation.**—Please list the product features that were developed by your firm and were either: (1) first made available on large residential washers sold by your firm in the retail market after January 1, 2012 (“market firsts”); or (2) available on large residential washers sold by your firm in the retail market but not available on any of your competitors’ large residential washers since January 1, 2012 (“market exclusives”).

Name of product feature	Description of product feature	Date that product feature entered retail market (month/year)	Model number of first model to have feature	Do competitors offer this feature (yes/no)

III-23. **Interchangeability.**--Are large residential washers produced in the United States and in other countries interchangeable (i.e., can they physically be used in the same applications)?

Please indicate A, F, S, N, or O in the table below:

A = the products from a specified country-pair are *always* interchangeable

F = the products are *frequently* interchangeable

S = the products are *sometimes* interchangeable

N = the products are *never* interchangeable

O = *no familiarity* with products from a specified country-pair

Country-pair	Korea	Mexico	Other countries
United States			
Korea	X		
Mexico	X	X	
For any country-pair producing large residential washers that is <i>sometimes</i> or <i>never</i> interchangeable, identify the country-pair and explain the factors that limit or preclude interchangeable use:			

III-24. **Factors other than price.**--Are differences other than price (e.g., quality, availability, transportation network, product range, technical support, etc.) between large residential washers produced in the United States and in other countries a significant factor in your firm's sales of the products?

Please indicate A, F, S, N, or O in the table below:

A = such differences are *always* significant

F = such differences are *frequently* significant

S = such differences are *sometimes* significant

N = such differences are *never* significant

O = *no familiarity* with products from a specified country-pair

Country-pair	Korea	Mexico	Other countries
United States			
Korea	X		
Mexico	X	X	
For any country-pair for which factors other than price <i>always</i> or <i>frequently</i> are a significant factor in your firm's sales of large residential washers, identify the country-pair and report the advantages or disadvantages imparted by such factors:			

III-25. **Other explanations.**--If your firm would like to further explain a response to a question in Part III that did not provide a narrative response box, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

**Correcting Valid number error messages.**--If you are completing a Commission questionnaire in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 instead of as \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. This issues stem from your computer number formatting setting (e.g., not the MS Word document itself, but the computer from which you are opening up the document). In the United States commas (,) delineate multiples of 1000 and periods (.) delineate fractions less than one. Many EU countries use the reverse where multiples of 1000 are delineated with periods (.) and fractions less than one are delineated with commas (,). The US International Trade Commission's questionnaires are set-up in the United States with the U.S. number formatting. When this formatting interacts with a computer set to EU number formatting, we believe this may cause this issue.

The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete the questionnaire.

To temporarily change your computer's number settings to U.S. settings, please do the following (for Microsoft Windows Operating system):

- START
- Control Panel
- Region and Language (under Clock, Language, and Region category)
- Format tab
- Change the Format from your existing one (e.g. "Italian (Italy)") to "English (United States)" (see screen shots below)

When you do this the number "twelve million dollars and thirty five cents" would change from \$12.000.000,35 (Italy format) to \$12,000,000.35 (U.S. format), and then there will be no conflict with the questionnaire. When you finish reporting the data then you can close the questionnaire and switch back to Italy settings.

## HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a “fillable” form in MS Word format on the Commission’s website at:

[https://www.usitc.gov/investigations/701731/2018/large\\_residential\\_washers\\_korea\\_and\\_mexico/first\\_review\\_full.htm](https://www.usitc.gov/investigations/701731/2018/large_residential_washers_korea_and_mexico/first_review_full.htm).

***Please do not attempt to modify the format or permissions of the questionnaire document.*** Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

- **Upload via Secure Drop Box.**—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission’s secure upload facility:

**Web address:** <https://dropbox.usitc.gov/oinv/>      **Pin:** **WASH**

- **E-mail.**—E-mail the MS Word questionnaire to [drew.dushkes@usitc.gov](mailto:drew.dushkes@usitc.gov); include a scanned copy of the signed certification page (page 1). *Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm’s nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.*

**If your firm does not import this product**, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

***Parties to this proceeding.***—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission’s Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
