PART I.—GENERAL INFORMATION

Background.--This proceeding was instituted in response to a petition filed on April 10, 2019, by the Coalition for Fair Trade in Ceramic Tile. Countervailing and/or antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determination of subsidization and/or dumping. Questionnaires and other information pertinent to this proceeding are available at https://www.usitc.gov/investigations/701731/2019/ceramic_tile_products_china/preliminary.htm

Ceramic tile products ("ceramic tile") covered by these investigations are articles containing a mixture of minerals including clay (generally hydrous silicates of alumina or magnesium) that are treated to develop a fired bond. The subject merchandise includes ceramic flooring tile, wall tile, paving tile, hearth tile, porcelain tile, mosaic tile, finishing tile, and the like. All ceramic tile is subject to the scope regardless of whether the tile is glazed or unglazed, regardless of size, regardless of the water absorption coefficient by weight, regardless of the extent of vitrification, and regardless of whether or not the tile is on a backing. Ceramic tile are covered by the scope regardless of end use, size, thickness, and weight. Ceramic tile includes tile pressed as very large single pieces, up to and exceeding 5' x 15'.

Subject merchandise includes ceramic tile produced in China that undergoes minor processing in a third country prior to importation into the United States. Similarly, subject merchandise includes ceramic tile produced in China that undergoes minor processing after importation into the United States. Such minor processing includes, but is not limited to, one or more of the following: beveling, cutting, trimming, staining, painting, polishing, finishing, or any other processing that would otherwise not remove the merchandise from the scope of the investigation if performed in the country of manufacture of the in-scope product.

The scope excludes ceramic bricks currently imported under HTS US 6904.10.00.10 through 6904.90.00.00.

Ceramic tile may be provided for in any HTS subheading (8-digit rate line) of heading 6907 and imported/reported under any subordinate statistical reporting number of that heading.¹ They may also be imported under statistical reporting numbers 6914.10.80.00, 6914.90.80.00, 6905.10.00.00, and 6905.90.00.50. The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.

Reporting of information.-- If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions.

Confidentiality.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

¹ Prior to 2017, ceramic tile were imported under headings 6907 and 6908.

Verification.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

Release of information.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals. In addition, if your firm is a U.S. producer, the information you provide on your production and imports of ceramic tile and your responses to the questions in Part I of the producer questionnaire will be provided to the U.S. Department of Commerce, upon its request, for use in connection with (and only in connection with) its requirement pursuant to section 702(c)(4)/732(c)(4) of the Act (19 U.S.C. § 1671a(c)(4)/1673a(c)(4)) to make a determination concerning the extent of industry support for the petition requesting this proceeding. Any information provided to Commerce will be transmitted under the confidentiality and release guidelines set forth above. Your response to these questions constitutes your consent that such information be provided to Commerce under the conditions described above.

D-GRIDS tool.--The Commission has a tool that firms can use to move data from their own MS Excel compilation files into self-contained data tables within this MS Word questionnaire, thereby reducing the amount of cell-by-cell data entry that would be required to complete this form. This tool is a macro-enabled MS Excel file available for download from the Commission's generic questionnaires webpage (https://www.usitc.gov/trade_remedy/question.htm) called the "D-GRIDs tool." Use of this tool to help your firm complete this questionnaire is *optional*. Firms opting to use the D-GRIDs tool to populate their data into this questionnaire will need the D-GRIDs specification sheet PDF file specific to this proceeding (available on the case page which is linked under the "Background" above) which includes the necessary references relating to this questionnaire, as well as the macro-enable MS Excel D-GRIDs tool itself from the generic questionnaires page. More detailed instructions on how to use the D-GRIDs tool are available within the D-GRIDs tool itself.

III-9b. **Financial data reconciliation.**--The calculable line items from question III-9a (i.e., total net sales quantities (row D) and values (row H), total COGS (row L), gross profit (or loss) (row M), total SG&A (P), operating income (or loss) (row Q), and net income (or loss) (row U)) have been calculated from the data submitted in the other line items. Do the calculated fields return the correct data according to your firm's financial records ignoring non-material differences that may arise due to rounding?

		<p>If no-- If the calculated fields do not show the correct data, please double check the feeder data for data entry errors and revise. For items reported after operating income (loss) in row Q, check the signs reported (rows R, S, and T). The two expense items in rows R and S should report positive numbers (i.e., expenses are positive and incomes or reversals are negative--instances of the latter should be rare in rows R and S) while the other income reported in row T should have positives values in most instances (i.e., income is positive, expenses or reversals are negative). If after reviewing and potentially revising the feeder data your firm has provided, the differences between your records and the calculated fields persist please identify and discuss the differences in the space below.</p>

- **E-mail.**—E-mail the MS Word questionnaire to nathanael.comly@usitc.gov; include a scanned copy of the signed certification page (page 1). *Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm’s nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.*

If your firm does not produce this product, please fill out page 1, print, sign, and submit a scanned copy to the Commission.
