**GENERAL INFORMATION**

**Background.**--This proceeding was instituted in response to a petition filed on March 27, 2020, by Worthington Industries, Columbus, Ohio. Countervailing and antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determination of subsidization and dumping. U.S. producers of non-refillable steel cylinders have provided the USITC with allegations about sales or revenue that they have lost due to competition from imports of non-refillable steel cylinders from China. One or more domestic producer(s) have named your firm in such an allegation.

**Non-refillable steel cylinders** covered by these investigations are certain non-refillable steel cylinders meeting the requirements of, or produced to meet the requirements of, U.S. Department of Transportation ("USDOT") Specifications 39, TransportCanada Specification 39M, or United Nations pressure receptacle standard ISO 11118 and otherwise meeting the description provided below ("nonrefillable steel cylinders"). The subject non-refillable steel cylinders are portable and range from 300-cubic inch (4.9 liter) water capacity to 1,526-cubic inch (25 liter) water capacity. Subject non refillable steel cylinders may be imported with or without a valve and/or pressure release device and may be filled or unfilled at the time of importation.

Specifically excluded are seamless non-refillable steel cylinders.

Also excluded from the scope of these petitions are non-refillable steel cylinders filled at the time of importation whose content is subject to another antidumping and/or countervailing duty order. At the time of filing this petition, there are existing antidumping duty orders on Hydrofluorocarbon Blends from the People's Republic of China and 1,1,1,2-Tetrafluoroethane (R-134A) from the People's Republic of China. See Hydrofluorocarbon Blends From the People's Republic of China: Antidumping Duty Order, 81 Fed. Reg. 55,436 (Dep't Commerce Aug. 19, 2016); 1,1,1,2 Tetrafluoroethane (R-134a) from the People's Republic of China: Antidumping Duty Order, 82 Fed. Reg. 18,422 (Dep't Commerce Apr. 19, 2017). In the case of non-refillable steel cylinders entering the United States filled with merchandise covered by the scope of these orders or future antidumping and/or countervailing duty orders covering the gas or material content of the nonrefillable steel cylinders, such other orders control. In the case of non-refillable steel cylinders entering the United States filled with merchandise not covered by the scope of any other antidumping and/or countervailing duty order, the scope of this petition controls.

Non-refillable steel cylinders are currently imported under statistical reporting numbers 7311.00.0060 and 7311.00.0090 of the Harmonized Tariff Schedule of the United States (HTSUS). They may also be imported under HTSUS statistical reporting number 7310.29.0025. The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.

**Reporting of information.**-- If information is not readily available from your records, provide carefully prepared estimates.

**Confidentiality.**--The data furnished in response to this survey that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary

information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

**Release of information.**--The information provided by your firm in response to this survey, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals. Please also retain a copy of the final document that you submit.

**Contact information.**--Please identify the responsible individual and the manner by which Commission staff may contact that individual regarding the confidential information submitted in this survey. This may or may not be the person whose signature is at the bottom of page 1.

The questions in this survey have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this survey is estimated to average 4 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the survey.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this survey. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

## HOW TO FILE YOUR SURVEY RESPONSE

***Please do not attempt to modify the format or permissions of the survey document.***

Please submit the completed survey using one of the methods noted below. If your firm is unable to complete the MS Word survey or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

- **Upload via Secure Drop Box.**—Upload the MS Word survey along with a scanned copy of the signed certification page (page 1) through the Commission’s secure upload facility:

**Web address:** <https://dropbox.usitc.gov/oinv/>

**Pin:** **NRSC**

- **E-mail.**—E-mail the MS Word survey to [lauren.gamache@usitc.gov](mailto:lauren.gamache@usitc.gov); include a scanned copy of the signed certification page (page 1). *Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm’s nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.*
