U.S. PRODUCERS' QUESTIONNAIRE

Sodium Sulfate Anhydrous from Canada

This questionnaire must be received by the Commission by <u>January 8, 2020</u>

See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its antidumping duty investigation concerning sodium sulfate anhydrous from Canada (Inv. No. 731-TA-1446 (Final)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your firm's possession (19 U.S.C. § 1333(a)).

PART I.—GENERAL INFORMATION

Background.--This proceeding was instituted in response to a petition filed on March 28, 2019, by Cooper Natural Resources, Inc., Fort Worth, Texas; Elementis Global LLC, East Windsor, New Jersey; and Searles Valley Minerals, Inc., Overland Park, Kansas. Antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determination of dumping. Questionnaires and other information pertinent to this proceeding are available at

https://www.usitc.gov/investigations/701731/2019/sodium_sulfate_anhydrous_canada/final.htm

<u>Sodium sulfate anhydrous</u> covered by this investigation includes sodium sulfate (Na2 SO4) (Chemical Abstracts Service (CAS) Number 7757-82-6) that is anhydrous (i.e., containing no water), regardless of purity, grade, color, production method, and form of packaging, in which the percentage of particles between 20 mesh and 100 mesh, based on U.S. mesh series screens, ranges from 10-95% and the percentage of particles finer than 100 mesh, based on U.S. mesh series screens, ranges from 5-90%.

Excluded from the scope of this investigation are specialty sodium sulfate anhydrous products, which are products whose particle distributions fall outside the described ranges. Glauber's salt (Na2 SO4·10H2 O), also known as sodium sulfate decahydrate, an intermediate product Start Printed Page 60377in the production of sodium sulfate anhydrous that has no known commercial uses, is not included within the scope of the investigation, although some end-users may mistakenly refer to sodium sulfate anhydrous as Glauber's salt. Other forms of sodium sulfate that are hydrous (i.e., containing water) are also excluded from the scope of the investigation.

Sodium sulfate anhydrous is currently imported under statistical reporting number 2833.11.5010 of the Harmonized Tariff Schedule of the United States (HTSUS). It may also be imported under HTSUS statistical reporting numbers 2833.11.1000, 2833.11.5050, and 2833.19.0000. The HTSUS provisions and CAS registry number are for convenience and customs purposes; the written description of the scope is dispositive.

<u>Reporting of information</u>.-- If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions.

<u>Confidentiality</u>.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

<u>Verification</u>.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

<u>Release of information</u>.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative

protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

<u>D-GRIDS tool.</u>--The Commission has a tool that firms can use to move data from their own MS Excel compilation files into self-contained data tables within this MS Word questionnaire, thereby reducing the amount of cell-by-cell data entry that would be required to complete this form. This tool is a macroenabled MS Excel file available for download from the Commission's generic questionnaires webpage (https://www.usitc.gov/trade_remedy/question.htm) called the "D-GRIDs tool." Use of this tool to help your firm complete this questionnaire is *optional*. Firms opting to use the D-GRIDs tool to populate their data into this questionnaire will need the D-GRIDs specification sheet PDF file specific to this proceeding (available on the case page which is linked under the "Background" above) which includes the necessary references relating to this questionnaire, as well as the macro-enable MS Excel D-GRIDs tool itself from the generic questionnaires page. More detailed instructions on how to use the D-GRIDs tool are available within the D-GRIDs tool itself.

I-1a. <u>OMB statistics</u>.--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 50 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-1b.	TAA information release In the event that the U.S. International Trade Commission (USITC)
	makes an affirmative final determination in this proceeding, do you consent to the USITC's
	release of your contact information (company name, address, contact person, telephone
	number, email address) appearing on the front page of this questionnaire to the Departments of
	Commerce, Labor, and Agriculture, as applicable, so that your firm and its workers can be made eligible for benefits under the Trade Adjustment Assistance program?

U.S.	Producers	Questionnaire	— 30aiuiii	Sunate	Allivarous	(Filla)

	II-5.	Foreign	trade	zones
--	-------	----------------	-------	-------

(a) <u>Firm's FTZ operations</u>.--Does your firm produce sodium sulfate anhydrous in and/or admit sodium sulfate anhydrous into a foreign trade zone (FTZ)?

"Foreign trade zone" is a designated location in the United States where firms utilize special procedures that allow delayed or reduced customs duty payments on foreign merchandise. A foreign trade zone must be designated as such pursuant to the rules and procedures set forth in the Foreign-Trade Zones Act.

No	If yes Describe the nature of your firms operations in FTZs and identify the specific FTZ site(s).

(b) Other firms' FTZ operations.--To your knowledge, do any firms in the United States import sodium sulfate anhydrous into a foreign trade zone (FTZ) for use in distribution of sodium sulfate anhydrous and/or the production of downstream articles?

No	Yes	If yesIdentify the firms and the FTZs.

II-6. <u>Importer</u>.--Since January 1, 2016, has your firm imported sodium sulfate anhydrous?

"Importer" – The person or firm primarily liable for the payment of any duties on the merchandise, or an authorized agent acting on his behalf. The importer may be the consignee, or the importer of record.

No	Yes	
		If yes <u>COMPLETE AND RETURN A U.S. IMPORTERS' QUESTIONNAIRE</u>

- II-7 & II-8. <u>Production, shipment, and inventory data</u>.--Report your firm's production capacity, production, shipments, and inventories related to the production of sodium sulfate anhydrous in its U.S. establishment(s) during the specified periods.
 - "Average production capacity" or "capacity" The level of production that your establishment(s) could reasonably have expected to attain during the specified periods. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup; and a typical or representative product mix).
 - "**Production**" All production in your U.S. establishment(s), including production consumed internally within your firm and production for another firm under a toll agreement.
 - "Commercial U.S. shipments" Shipments made within the United States as a result of an arm's length commercial transaction in the ordinary course of business. Report <u>net values</u> (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment.
 - "Internal consumption" Product consumed internally by your firm. Such transactions are valued at fair market value.
 - "Transfers to related firms" Shipments made to related firms. Such transactions are valued at fair market value.
 - "Related firm" —A firm that your firm solely or jointly owned, managed, or otherwise controlled; a firm that solely or jointly owned, managed, or otherwise controlled your firm; and/or a firm that was solely or jointly owned, managed, or otherwise controlled by a firm that also solely or jointly owned, managed, or otherwise controlled your firm.
 - "Export shipments" Shipments to destinations outside the United States, including shipments to related firms.
 - "Inventories" Finished goods inventory, not raw materials or work-in-progress.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.

II-7c. <u>Employment data</u>.--Report your firm's employment-related data related to the production of naturally-produced sodium sulfate anhydrous and provide an explanation for any trends in these data.

"Production and Related Workers" (PRWs) includes working supervisors and all nonsupervisory workers (including group leaders and trainees) engaged in fabricating, processing, assembling, inspecting, receiving, storage, handling, packing, warehousing, shipping, trucking, hauling, maintenance, repair, janitorial and guard services, product development, auxiliary production for plant's own use (e.g., power plant), recordkeeping, and other services closely associated with the above production operations.

Average number employed may be computed by adding the number of employees, both full time and part time, for the 12 pay periods ending closest to the 15th of the month and divide that total by 12. For the January to September periods, calculate similarly and divide by 9.

If your firm had the same number of PRWs in all calendar years and had not experienced any changes in PRWs in the most recent interim period, you would have the same number of PRWs for the interim periods, regardless of whether the interim periods are Jan-Mar (Q1), Jan-June (Q1+Q2), or Jan-Sept (Q1+Q2+Q3)."

"Hours worked" includes time paid for sick leave, holidays, and vacation time. Include overtime hours actually worked; do not convert overtime pay to its equivalent in straight time hours.

"Wages paid" – Total wages paid before deductions of any kind (e.g., withholding taxes, old-age and unemployment insurance, group insurance, union dues, bonds, etc.). Include wages paid directly by your firm for overtime, holidays, vacations, and sick leave.

PART III.--FINANCIAL INFORMATION

Address questions on this part of the questionnaire to David Boyland (202-708-4725, david.boyland@usitc.gov).

II-1.		nation Please identify the responsible individual and the manner by which aff may contact that individual regarding the confidential information submitted
	Name	
	Title	
	Email	
	Telephone	
II-2.	Accounting sys	stemBriefly describe your firm's financial accounting system.
	A.	When does your firm's fiscal year end (month and day)?
	B.1.	Describe the lowest level of operations (e.g., plant, division, company-wide) for which financial statements are prepared that include sodium sulfate anhydrous
	2.	Does your firm prepare profit/loss statements for sodium sulfate anhydrous: Yes No
	3.	How often did your firm (or parent company) prepare financial statements (including annual reports, 10Ks)? Please check relevant items below. Audited, unaudited, annual reports, 10Ks, 10 Qs, Monthly, quarterly, semi-annually, annually
	4.	Accounting basis: GAAP, cash, tax, or other comprehensive basis of accounting (specify)

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the financial data, as Commission staff may contact your firm regarding questions on the financial data. The Commission may also request that your company submit copies of the supporting documents/records (financial statements, including internal profit-and-loss statements for the division or product group that includes sodium sulfate anhydrous, as well as specific statements and worksheets) used to compile these data.

III-3.	Please records	indicate below how your company accounts for sodium sulfate anhydrous in its financial s:					
		Product/co-product (Naturally-produced sodium sulfate anhydrous) If your company accounts for sodium sulfate anhydrous as a product/co- product, please complete, as applicable, questions III-4 through III-10, III-12, III- 13 and III-15 through III-22.					
		Product/co-product (Synthetically-produced sodium sulfate anhydrous) If your company accounts for sodium sulfate anhydrous as a product/co- product, please complete, as applicable, questions III-4 through III-9, III-11 through III-13, and III-15 through III-22.					
		Byproduct (Synthetically-produced sodium sulfate anhydrous) If your company accounts for sodium sulfate anhydrous as a byproduct, please complete, as applicable, questions III-4 through III-9, and III-14 through III-22.					
III-4.	A.	<u>Cost accounting system.</u> <u>For product/co-product producers and byproduct producers</u> , please briefly describe your firm's cost accounting system (e.g., standard cost, job order cost, <i>etc.</i>).					
	В.	For <u>co-product producers</u> only, please generally describe the joint and separable costs and their assignment to sodium sulfate anhydrous (as reported in question III-10 or III-11, as applicable).					
		Please identify relevant co-products.					
	C.	For <u>byproduct producers</u> only, please describe the general terms of sale associated with sodium sulfate anhydrous. In your description, please also describe the extent to which amounts paid by the purchaser of sodium sulfate anhydrous are fixed for a specific period and/or also incorporate a variable component; e.g., which adjusts the amount received for the ultimate sales price paid by the end user/final customer.					

	Please describe any relevant revenue adjustments or "true-ups" associated with byproduct sales activity and confirm, as appropriate, that all relevant adjustments are included in the total byproduct sales revenue reported in table III-14.
	Please describe how byproduct sodium sulfate anhydrous is normally accounted for in the company's financial results (e.g., deduction to primary product costs or as part of "other income").
	Please generally describe the separable byproduct-related manufacturing/processing costs/expenses and/or SG&A expenses incurred (as reported in question III-14).
	Please also identify the relevant primary product or products that yield byproduct sodium sulfate anhydrous.
III-5a.	Allocation basisFor product/co-product producers, please briefly describe your firm's allocation basis, if any, for COGS, SG&A, and interest expense and other income and expenses (as reported in question III-10 or question III-11, as applicable).
	For <u>byproduct producers</u> , please describe your firm's allocation basis, if any, for separable byproduct-related manufacturing/processing costs/expenses and/or SG&A expenses (as reported in question III-14).

III-5b.	Production decisionsIf your firm is a co-product or byproduct producer, please indicate
	which product primarily drives your firm's production decisions for sodium sulfate
	anhydrous (check only one option) and describe the primary factors involved in the
	production decision(s).

Solely sodium sulfate anhydrous	Primarily sodium sulfate anhydrous	Equally sodium sulfate anhydrous and relevant co-/ primary product(s)	Primarily relevant co-/ primary product(s)	Solely relevant co-/ primary product(s)			
Please describe the factors driving the production decision(s).							

III-6. **Product listing**.--Please list the products your firm produced in the facilities in which your firm produced sodium sulfate anhydrous, and provide the share of net sales accounted for by these products in your firm's most recent fiscal year.

Products	Share of sales
Sodium sulfate anhydrous	%
	%
	%
	%
	%

115	Droducars'	Questionnaire	- Sodium	Sulfata	Anhydrous	(Einal)
U.S.	Producers	Questionnaire	– Soaium	Sullate	Annvarous	trinai

III-7.	Inputs from related suppliersDoes your firm purchase inputs (raw materials, labor, energy, or
	any services) used in the production of sodium sulfate anhydrous from any related suppliers
	(e.g., inclusive of transactions between related firms, divisions and/or other components within
	the same company)? Note: For byproduct producers, relevant inputs in the context of this
	question relate to the further manufacturing/processing and sale of byproduct sodium sulfate
	anhydrous, not the primary product.

YesContinue to question III-8	NoProduct/co-product producers (Naturally-produced SSA) continue to question III-10. NoProduct/co-product producers (Synthetically-produced SSA) continue to question III-11. NoByproduct producers continue to question III-14.

III-8. Inputs from related suppliers detailed.--For product/co-product producers, please identify the inputs used in the production of sodium sulfate anhydrous that your firm purchases from related suppliers and that are reflected, as applicable, in question III-10 or III-11. For byproduct producers, please identify the inputs used in the further manufacturing/processing and sale of byproduct sodium sulfate anhydrous that your firm purchases from related suppliers and that are reflected in question III-14. For "Share of total COGS" and "Share of total separable byproduct costs/expenses," as applicable depending on production method, please report this information by relevant input on the basis of your most recently completed fiscal year. For "Input valuation" please describe the basis, as recorded in your company's own accounting system, of the purchase cost from the related supplier; e.g., the related supplier's actual cost, cost plus, negotiated transfer price to approximate fair market value.

Input	Related supplier	Share of total product/co- product COGS or Share of total separable byproduct costs/expenses
Input valuation as recorde	ed in the firm's accounting books an	d records

III-9. <u>Inputs purchased from related suppliers.--</u>Please confirm that the inputs purchased from related suppliers, as identified in III-8, were reported, as applicable, in questions III-10, III-11, or III-14 in a manner consistent with your firm's accounting books and records.

Yes	If noIn the space below and as applicable, please report the valuation basis of inputs purchased from related suppliers as reported in questions III-10, III-11, or III-14.

III-10. Product/co-product operations on naturally-produced sodium sulfate anhydrous.--Report the revenue and related cost information requested below on the primary/co-product operations of your firm's U.S. establishment(s). Do not report resales of products. Note that internal consumption and transfers to related firms must be valued at fair market value. Input purchases from related suppliers should be consistent with and based on information in the firm's accounting books and records. Provide data for your firm's three most recently completed fiscal years, and for the specified interim periods.

	Fiscal years ended January-September						
Item			2018	2018	2019

⁴ To the extent the company incurred depreciation/amortization, which is included in reported COGS, SG&A expenses, and/or all other expenses, please separately report these amounts for each year in this line item.

III-12. Nonrecurring items (charges and gains) included in product/co-product sodium sulfate anhydrous financial results (natural and synthetic production).--For each annual period for which financial results are reported in question III-10 or III-11, please specify all material (significant) nonrecurring items (charges and gains) in the schedule below, the specific question III-10 or III-11 line item where the nonrecurring items are included, a brief description of the relevant nonrecurring items, and the associated values (in dollars), as reflected in question III-10 or III-11; i.e., if an aggregate nonrecurring item has been allocated to question III-10 or III-11, only the allocated value amount included in question III-10 or III-11 should be reported in the schedule below. Note: The Commission's objective here is to gather information only on material (significant) nonrecurring items which impacted the financial results reported in question III-10 or III-11.

	Fiscal years ended			January-	September
	2016	2017	2018	2018	2019
Item			Value (in dollars)		•
Nonrecurring item 1					
Nonrecurring item 2					
Nonrecurring item 3					
Nonrecurring item 4					
Nonrecurring item 5					
Nonrecurring item 6					
Nonrecurring item 7					

Nonrecurring item: In this table please provide a brief description of each nonrecurring item reported above and indicate the specific line item in table III-10 or III-11, as applicable, where the nonrecurring item is classified.

Item	Description of the nonrecurring item	Income statement classification of the nonrecurring item
Nonrecurring item 1		
Nonrecurring item 2		
Nonrecurring item 3		
Nonrecurring item 4		
Nonrecurring item 5		
Nonrecurring item 6		
Nonrecurring item 7		

III-13.	Classification of identified nonrecurring items (charges and gains) in the accounting books and records of the company.—If non-recurring items were reported in question III-12 above, please identify where your company recorded these items in your accounting books and records in the normal course of business; i.e., just as responses to question III-12 identify where these items are reported, as applicable, in question III-10 or III-11.

III-14. Byproduct operations on sodium sulfate anhydrous.--Report the revenue and incremental cost/expense information requested below on the byproduct sodium sulfate anhydrous operations of your firm's U.S. establishment(s).¹Total byproduct revenue should, as applicable, include all relevant true-ups and/or adjustments associated with variable components of revenue (see question III-4.C. above). Do not report resales of products. Note that internal consumption and transfers to related firms must be valued at fair market value. Input purchases from related suppliers should be consistent with and based on information in the firm's accounting books and records. Provide data for your firm's three most recently completed fiscal years, and for the specified interim periods.

Quantity (in short tons) and value (in dollars)						
	Fiscal years ended			January-S	January-September	
Item	2016	2017	2018	2018	2019	
Net sales quantities: ² Commercial sales ("CS")						
Internal consumption ("IC")						
Transfers to related firms ("Transfers")						
Total net sales quantities	0	0	0	0	0	
Net sales values: ² Commercial sales						
Internal consumption						
Transfers to related firms						
Total net sales values	0	0	0	0	0	
Separable byproduct costs/expenses Manufacturing/processing costs: ³						
Selling, general, and administrative (SG&A) expenses ⁴						
Net byproduct revenue	0	0	0	0	0	

¹ Include only sales (whether <u>domestic or export</u>) and costs related to your <u>U.S. manufacturing operations</u>.

² Total byproduct revenue should, as applicable, include all relevant true-ups and/or adjustments associated with variable components of revenue (see question III-4.C.) or equivalent. Less discounts, returns, allowances, and prepaid freight. The quantities and values should approximate the corresponding shipment quantities and values reported in Part II (<u>synthetically-produced</u> sodium sulfate anhydrous) of this questionnaire.

³ Manufacturing/processing costs specific to or assignable to byproduct sodium sulfate anhydrous.

⁴ SG&A expenses specific to or assignable to byproduct sodium sulfate anhydrous, incurred to sell byproduct. As applicable, commissions paid to sales agent should be reported as a component of separable SG&A expense, as opposed to a deduction to revenue.

Note: The remaining questions in this part of the U.S. producer questionnaire (Part III) should be completed, as applicable, by both product/co-product producers and byproduct producers.

III-15. **Financial data reconciliation**.--As applicable, the calculable line items from questions III-10, III-11, and III-14 have been calculated from the data submitted in the other line items. Do the calculated fields return the correct data according to your firm's financial records ignoring non-material differences that may arise due to rounding?

Yes	No	If noIf the calculated fields do not show the correct data, please double check the feeder data for data entry errors and revise. Also, check signs accorded to the post operating income line items; the two expense line items should report positive numbers (i.e., expenses are positive and incomes or reversals are negativeinstances of the latter should be rare in those lines) while the income line item also in most instances should have its value be a positive number (i.e., income is positive, expenses or reversals are negative). If after reviewing and potentially revising the feeder data your firm has provided, the differences between your records and the calculated fields persist please identify and discuss the differences in the space below.

III-16. Asset values.—In the line item specific to the sodium sulfate anhydrous activity specific to your firm's operations, report the total assets (i.e., both current and long-term assets) associated with the production, warehousing, and sale of sodium sulfate anhydrous. (Note: Byproduct producers should report total net assets that are specific or assignable to byproduct activity only; i.e., please do not include assets that are specific or assignable to primary operations.) If your firm does not maintain some or all of the specific asset information necessary to calculate total assets for sodium sulfate anhydrous in the normal course of business, please estimate this information based upon a method (such as production, sales, or costs) that is consistent with relevant cost allocations in questions III-10, III-11, and III-14, as applicable. Provide data as of the end of your firm's three most recently completed fiscal years, and for the specified interim periods.

(Note: Total assets should reflect <u>net assets</u> after any accumulated depreciation and allowances deducted. Total assets should be <u>allocated to sodium sulfate anhydrous</u> if these assets are also related to other products.)

III-18. **Data consistency and reconciliation.**--As applicable, please indicate whether your firm's financial data for questions are based on a calendar year or on your firm's fiscal year:

Data Grids	Calendar year	Fiscal year	Specify fiscal year
For product/coproduct producers (naturally-produced SSA): III-10, III-16, and III-17			
For product/coproduct producers (synthetically - produced SSA): III-11, III-16, and III-17			
Byproduct producers: III-14, III-16, and III-17			

Please note that, depending on the type of production engaged in, the quantities and values reported in question III-10 (product/co-product producers (naturally-produced sodium sulfate anhydrous)), question III-11 (product/co-product producers (synthetically-produced sodium sulfate anhydrous)), or question III-14 (byproduct producers) should reconcile with the data reported in question II-7a (naturally-produced sodium sulfate anhydrous) (including export shipments) or question II-8a (synthetically-produced sodium sulfate anhydrous) (including export shipments), respectively, as long as they are reported on the same calendar year basis.

<u>RECONCILIATION OF TRADE VS FINANCIAL DATA</u>.--Please ensure that the relevant quantities and values reported for total shipments in part II equal the quantities and values reported for total net sales in part III of this questionnaire in each time period unless the financial data from part III are reported on a fiscal year basis, in which case only the interim periods must reconcile. If the calculated fields below return values other than zero (i.e., "0") and both are being reported on a calendar basis, please explain the discrepancy below.

Reconciliation specific to sodium sulfate anhydrous <u>product/co-product operations</u> (natural production):

	Fiscal years ended			January-S	eptember
Reconciliation	2016	2017	2018	2018	2019
Quantity: Trade data from question II-7a (lines D, F, H, and J) less financial total net sales quantity data from question III-10, = zero ("0").	0	0	0	0	0
Value: Trade data from question II-7a (lines E, G, I, and K) less financial total net sales value data from question III-10, = zero ("0").	0	0	0	0	0

If applicable, do these data in question III-10 reconcile with data in question II-7a?

Yes	No	If no, please explain.

Reconciliation specific to sodium sulfate anhydrous <u>product/co-product operations</u> (synthetic <u>production</u>):

	Fiscal years ended			January-S	eptember
Reconciliation	2016	2017	2018	2018	2019
Quantity: Trade data from question II-8a (lines D, F, H, and J) less financial total net sales quantity data from question III-11, = zero ("0").	0	0	0	0	0
Value: Trade data from question II-8a (lines E, G, I, and K) less financial total net sales value data from question III-11, = zero ("0").	0	0	0	0	0

If applicable, do these data in question III-11 reconcile with data in question II-8a?

Yes	No	If no, please explain.

Reconciliation specific to sodium sulfate anhydrous <u>byproduct operations</u> (synthetic production):

	Fiscal years ended			January- September	
Reconciliation	2016	2017	2018	2018	2019
Quantity: Trade data from question II-8a (lines D, F, H, and J) less financial total net sales quantity data from question III-14, = zero ("0").	0	0	0	0	0
Value: Trade data from question II-8a (lines E, G, I, and K) less financial total net sales value data from question III-14, = zero ("0").	0	0	0	0	0

Do these data in question III-14 reconcile with data in question II-8a?

Yes	No	If no, please explain.

No	Yes

PRICE DATA

IV-2. This question requests quarterly quantity and value data for your firm's commercial shipments to unrelated U.S. customers since January 1, 2016 of the following products produced by your firm.

Product 1.—Sodium sulfate anhydrous in bulk, hopper cars (approximately 100 short tons)

Product 2.—Sodium sulfate anhydrous in bulk, trucks (approximately 25 short tons)

Product 3.—Sodium sulfate anhydrous in 2,000 pound supersacs

Product 4.—Sodium sulfate anhydrous in 50 pound bags

Please report the values as <u>f.o.b.</u>, <u>U.S. factory/warehouse</u> (the price net of any logistical and <u>transportation costs</u>), and <u>delivered price</u> (which includes all logistical and transportation costs) in the appropriate columns. Values should reflect the *final net* amount paid to your firm (i.e., should be net of all deductions for discounts or rebates).

IV-2a. During January 2016-September 2019, did your firm produce and sell to unrelated U.S. customers any of the above listed products (or any products that were competitive with these products)?

YesPlease complete the following pricing data tables as appropriate.
NoSkip to question IV-3.

IV-2b. <u>Price data</u>.--Report below the quarterly price data¹ for pricing products² produced and sold by your firm to distributors.

Sales to Distributors

IV-3.	Price setting How does your firm determine the prices that it charges for sales of sodium					
	sulfate anhydrous (check all that apply)? If your firm issues price lists, please submit sample					
	pages of a recent list.					

Transaction by transaction	Contracts	Set price lists	Other	If other, describe

IV-4. <u>Discount policy</u>.--Please indicate and describe your firm's discount policies (*check all that apply*).

Quantity discounts	Annual total volume discounts	No discount policy	Other	Describe

IV-5. <u>Pricing terms.--</u> On what basis are your firm's prices of domestic sodium sulfate anhydrous usually quoted *(check one)*?

Delivered	F.o.b.	If f.o.b., specify point

IV-6. Contract versus spot.--Approximately what share of your firm's sales of its U.S.-produced sodium sulfate anhydrous in 2018 was on a (1) short-term contract basis, (2) annual contract basis, (3) long-term contract basis, and (4) spot sales basis?

	Type of sale					
ltem	Short-term contracts (multiple deliveries for less than 12 months)	Annual contracts (multiple deliveries for 12 months)	Long-term contracts (multiple deliveries for more than 12 months)	Spot sales (for a single delivery)	Total (shoul sum t 100.0%	d o
Share of 2018 sales	%	%	%	%	0.0	%

IV-7. <u>Contract provisions.</u>--Please fill out the table regarding your firm's typical sales contracts for U.S.-produced sodium sulfate anhydrous (or check "not applicable" if your firm does not sell on a short-term, annual and/or long-term contract basis).

Typical sales contract provisions	Item	Short-term contracts (multiple deliveries for less than 12 months)	Annual contracts (multiple deliveries for 12 months)	Long-term contracts (multiple deliveries for more than 12 months)				
Average contract duration	No. of days		365					
Price renegotiation	Yes							
(during contract period)	No							
	Quantity							
Fixed quantity and/or price	Price							
,. ,	Both							
Indexed to raw	Yes							
material costs ¹	No							
Not applicable								
¹ Please identify the in	¹ Please identify the indexes used:							

IV-8. <u>Lead times.</u>—What is your firm's share of sales from inventory and produced to order and what is the typical lead time between a customer's order and the date of delivery for your firm's sales of its U.S.-produced sodium sulfate anhydrous?

Source	Share of 2018 sales	Lead time (Average number of days)
From inventory	%	
Produced to order	%	
Total (should sum to 100.0%)	0.0 %	

IV-9.	Shipping	information

(a)	What is the approximate percentage of the cost of U.Sproduced sodium sulfate anhydrous that is accounted for by U.S. inland transportation and logistical costs? percent
(b)	Who generally arranges the transportation to your firm's customers' locations? Your firm Purchaser (check one)

(c) Indicate the approximate percentage of your firm's sales of sodium sulfate anhydrous that are delivered the following distances from its production facility.

Distance from production facility	Share
Within 100 miles	%
101 to 1,000 miles	%
Over 1,000 miles	%
Total (should sum to 100.0%)	0.0 %

IV-10. <u>Geographical shipments.--</u> In which U.S. geographic market area(s) has your firm sold its U.S.-produced sodium sulfate anhydrous since January 1, 2016 (check all that apply)?

Geographic area	Share of volume
Northeast.–CT, ME, MA, NH, NJ, NY, PA, RI, and VT.	%
MidwestIL, IN, IA, KS, MI, MN, MO, NE, ND, OH, SD, and WI.	%
Southeast.–AL, DE, DC, FL, GA, KY, MD, MS, NC, SC, TN, VA, and WV.	%
Central Southwest.—AR, LA, OK, and TX.	%
Mountains.—AZ, CO, ID, MT, NV, NM, UT, and WY.	%
Pacific Coast.–CA, OR, and WA.	%
Other.—All other markets in the United States not previously listed, including AK, HI, PR, and VI.	%

IV-11. End uses.--List the end uses of the sodium sulfate anhydrous that your firm manufactures. For each end-use product, what percentage of the total cost is accounted for by sodium sulfate anhydrous and other inputs?

	Share of total cost		
End-use product			Total (should sum to 100.0% across)
	%	%	0.0 %
	%	%	0.0 %
	%	%	0.0 %

		End-use product		uct	Sodium sulfate anhydrous			Othe	er inputs	(should sum to 100.0% across)

(a)	Is the sodium sulfate anhydrous market subject to business cycles (other than general
	economy-wide conditions) and/or other conditions of competition distinctive to sodium
	sulfate anhydrous? If yes, describe.

Check all that apply.		Please describe.
	No	Skip to question IV-16.
	Yes-Business cycles (e.g. seasonal business)	
	Yes-Other distinctive conditions of competition	

(b) If yes, have there been any changes in the business cycles or conditions of competition for sodium sulfate anhydrous since January 1, 2016?

No	Yes	If yes, describe.

IV-16. <u>Supply constraints.</u>--Has your firm refused, declined, or been unable to supply sodium sulfate anhydrous since January 1, 2016 (examples include placing customers on allocation or "controlled order entry," declining to accept new customers or renew existing customers, delivering less than the quantity promised, being unable to meet timely shipment commitments, etc.)?

No	Yes	If yes, please describe.

IV-17. Raw materials.--How have sodium sulfate anhydrous raw material prices changed since January 1, 2016?

Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explain, noting how raw material price changes have affected your firm's selling prices for sodium sulfate anhydrous.

Pro	ducers' Question	nnaire – Sodium Sulfate Anhy o	drous (Fina	ıl)	Pa	age

Item	No	Yes
Reduce prices		
Roll back announced price increases		

(b) <u>Lost sales</u>.--Since January 1, 2016: Did your firm lose sales of sodium sulfate anhydrous to imports of this product from Canada?

No	Yes	

IV-24.	Other explanationsIf your firm would like to further explain a response to a question in Part
	IV for which a narrative response box was not provided, please note the question number and
	the explanation in the space provided below. Please also use this space to highlight any issues
	your firm had in providing the data in this section, including but not limited to technical issues
	with the MS Word questionnaire.

HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a "fillable" form in MS Word format on the Commission's website at:

https://www.usitc.gov/investigations/701731/2019/sodium_sulfate_anhydrous_canada/final.htm

Please do not attempt to modify the format or permissions of the questionnaire document. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

• <u>Upload via Secure Drop Box.</u>—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission's secure upload facility:

Web address: https://dropbox.usitc.gov/oinv/ Pin: SSAF

• E-mail.—E-mail the MS Word questionnaire to Keysha.martinez@usitc.gov; include a scanned copy of the signed certification page (page 1). Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm's nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.

If your firm <u>does not </u>**produce this product**, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

Parties to this proceeding.—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission's Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
