# Prime Rate Supplement to Survey of Terms of Lending—FR 2028S

For the week beginning Monday, \_\_\_\_\_  
 (Month / Day / Year) (XMTA 9999)

This report is authorized by law (12 U.S.C. § 248(a)(2)). Your voluntary cooperation in submitting this report is needed to make the results comprehensive, accurate, and timely. The Federal Reserve may not conduct or sponsor, and an organization is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

For purposes of this survey, the prime rate (sometimes referred to as the “base” or “reference” rate) is defined to be the administered rate used for pricing business and other credit, which your institution adjusts from time to time in response to changes in market conditions. Your institution may set this rate internally or may adopt as its own a published rate (for example, the prevailing prime rate as reported in the financial press).

Please enter the prime rate at your institution for each day during the survey week for which your institution reports data on the FR 2028A or FR 2028B.

The rate should be entered to three decimal places. For example, a rate of 8-1/2 percent should be reported as 8.500.
