Re: JBS IRB #SH10-001
Approved by Exemption
Approval Period from October 14, 2019 through October 13, 2020

Dear Dr. Hayashi:

Your protocol HRSA Evaluation of the Maternal and Child Health Bureau Pediatric Mental Health Care Access and Screening and Treatment for Maternal Depression and Related Behavioral Disorders Programs Project (JBS IRB # SH19-001) has been reviewed and declared exempt under 45 CFR 46.101(b)(5).

The initial period of approval is 10/14/2019 through 10/13/2020. Approval of this protocol will terminate on the above date unless a progress report and renewal request is submitted, in writing, to the IRB. Your continuation request should be submitted to the IRB by 09/14/2020.

The IRB Chair will send you an email reminder prior to the end of the protocol; however, it is your responsibility to assure that project activities are not conducted past the approval termination date. If you are not planning to collect data from human participants and have completed basic data analyses (and risk to subjects does not change) a renewal request is not necessary. A closure report is required.

The investigator(s) identified above are required to retain an IRB protocol file, including a record of IRB-related activity, data summaries and consent forms. This file is to be made available for review for internal procedural (audit) monitoring.

If you have any questions, please contact me at 650-373-4984 or dpratt@jbsinternational.com.

Value of thought. Value of solution.
