Public Burden Statement:

The purpose of this information collection is to obtain information through the National Health Service Corps (NHSC) Loan Repayment Program (LRP), NHSC Substance Use Disorder (SUD) Workforce LRP, and the NHSC Rural Community LRP applications, which are used to assess an LRP applicant's eligibility and qualifications for the LRP and to obtain information for NHSC site applicants. Clinicians interested in participating in a NHSC LRP must submit an application to the NHSC to participate in one of the NHSC programs, and health care facilities must submit an NHSC Site Application and Site Recertification Application to determine the eligibility of sites to participate in the NHSC as an approved service site. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this information collection is 0915-0127 and it is valid until XX/XX/202X. This information collection is required to obtain or retain a benefit (Section 333 [254f] (a)(1) of the Public Health Service Act). Public reporting burden for this collection of information is estimated to average 0.5 hours per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 14N136B, Rockville, Maryland, 20857 or paperwork@hrsa.gov.

NHSC Applications

[Apply for a new NHSC Site](#)

Please submit an NHSC Site Application if your practice site has **never been approved** by the NHSC. If your site was approved in the past, please submit an NHSC Site Recertification during the open recertification cycle by clicking on the site name and choosing the "Recertify" option. Visit the [NHSC website](#) for more information about becoming an NHSC approved site. You may call the number below under Contact Us if you are unsure of a previous approval or if you represent an auto-approved site.

The NHSC Site Recertification cycle is now closed. The next cycle for recertifying a site will begin in the fall of 2018. Please visit the [NHSC website](#) for information about being an NHSC approved site.

NURSE Corps Applications

Eligible [NURSE Corps](#) Sites do not need to submit a site application. If you believe your facility may qualify as a Critical Shortage Facility or an eligible school of nursing, please contact us at the number listed below.

INSTRUCTIONS

Welcome to the NHSC Online Application. Before you begin, carefully review the [NHSC website](#), the [NHSC Site Reference Guide](#) , and the NHSC Site Agreement (located in the appendix of the NHSC Reference Guide) to ensure your site meets all eligibility and program requirements. Sites must meet all requirements listed in the NHSC Site Agreement at time of application. If you have questions about the general application process or program requirements, contact your [State Primary Care Office](#). For technical issues in completing the application contact the NHSC Call Center at 1-800-221-9393 or [Contact Us](#).

If you are applying on behalf of multiple clinical site locations, please complete the main/administrative site application first. Each site location must submit a separate application and meet the same eligibility criteria in order to be approved by the NHSC. In order for NHSC obligated clinicians to receive service credit for time spent at any clinical service site location, each clinical service site must obtain written approval from the NHSC. Please note that approval of the main/administrative site does not indicate approval for affiliated satellite sites.

Clinical Recruitment and retention plan Tool Tip-

All NHSC sites must use a discounted/sliding fee schedule to ensure that no one who is unable to pay will be denied access to services. This system must provide a FULL discount to individuals and families with annual incomes at or below 100% of the federal poverty guidelines (only nominal fees may be charged). Therefore those with incomes between 100% and 200% of the federal poverty guidelines must be charged in accordance with a sliding discount policy based on family size and income. For more information on federal poverty guidelines, please reference <http://aspe.hhs.gov/poverty/index>.

NHSC sites must maintain a clinical recruitment and retention plan, keep a current copy of the plan onsite for review, and adopt recruitment policies to maintain clinical staffing levels needed to appropriately serve the community. The NHSC's mission is to build healthy communities by supporting qualified health care providers dedicated to working in underserved areas. Below are several immediate steps sites must take to ensure they are meeting the mission and intent of the NHSC. Additional information is provided in the NHSC Welcome Kit, available on our website.

Ensure all site points of contact have created and activated their [Portal Account](#). The portal is critical for conducting business with the NHSC, posting and updating job openings, viewing program information, updating site information, communicating with the NHSC, and more.

Complete your NHSC site profile -- As an NHSC site, your site profile is visible to the public through the [Health Workforce Connector](#). Robust profiles are critical for successful recruitment of NHSC providers

Post job openings on the Health Workforce Connector -- After sites create profiles, they are able to use their portal account to post openings on the Health Workforce Connector, which is regularly reviewed by NHSC providers and applicants.

Display required NHSC signage -- NHSC approved sites are required to display signage as directed in the NHSC Site Agreement. For examples of approved signs, see the [Site Policy Posters](#) in the NHSC Welcome Kit.

Ensure that your site remains compliant with NHSC program requirements -- NHSC approved sites must continue to comply with the NHSC Site Agreement, which was signed by your site at the time of approval. The Site Agreement --and additional helpful information about site roles and responsibilities, monitoring and technical assistance, and provider recruitment-- is available in the [NHSC Site Reference Guide](#). Please save a copy of this document for your records.

Thank you for your commitment to improving the health of the Nation's underserved. We wish your site success in meeting the health care needs of your community and look forward to working with you.

Based on the review of your application, the applying site does not currently meet all terms of the NHSC Site Agreement. NHSC-approved sites must meet several requirements, including:

Be located in an appropriate federally-designated Health Professional Shortage Area (HPSA) and treat patients that come from or reside in the HPSA.

Not discriminate in the provision of services to an individual because the individual is unable to pay; because the payment for those services would be made under Medicare, Medicaid, or the Children's Health Insurance Program; or based upon the individual's race, color, sex, national origin, disability religion, or sexual orientation.

Utilize an appropriate sliding fee schedule to ensure that no one who is unable to pay will be denied access to services.

Accept assignment for Medicare beneficiaries and have entered into an appropriate agreement with the applicable State agency for Medicaid and the Children's Health Insurance Program.

Prominently display signage/posted notices in common areas and on the site's website (if one exists) stating that no one will be denied access to serviced based on inability to pay and that discounts are available based on family size and income.

Provide culturally competent, comprehensive primary care (medical, dental, and/or behavioral), as appropriate to the approved HPSA for the site.

Function as a part of a system of care, having referral arrangements for ancillary, specialty and inpatient care.

Not reduce the salary of NHSC clinicians because they receive NHSC benefits.

Utilize a clinician credentialing process that includes reference review, licensure verification and a query of the National Practitioner Data Bank.

Permit NHSC clinicians to maintain a primary care clinical practice as indicated in their NHSC contract, including the ability to meet the specified work hours.
