University of California, Los Angeles YOUR FIRST COLLEGE YEAR (YFCY) SURVEY INFORMATION SHEET

Purpose of the Study

You are asked to complete this survey as part of a national study conducted by the Higher Education Research Institute (HERI) at the University of California, Los Angeles. This study is designed to explore students' academic involvement, social activities, health and wellness, and interaction with faculty and peers during the first college year. Your college or university may then use this information to improve their services for first-year students and better design first-year programs and classes. The ultimate goal is to enhance student life in the first college year.

Procedures

To participate in this study, please complete and submit the following survey. Most respondents complete this questionnaire in about 45 minutes, although individual progress will vary by how quickly you move through the questions.

You may decide not to complete the survey for any reason at any time without consequence of any kind. The Higher Education Research Institute does not offer payment for participation. Your participation and responses to the questionnaire indicate your consent to participate in the study. We ask for your name and address so that the researchers at UCLA can contact you at some later date for follow-up study.

Potential Benefits to Subjects and/or Society

You may have the opportunity to reflect on your experiences in college as you complete the survey, which may enhance self-understanding. Your responses to the survey also may help to improve the first year of college at campuses across the country.

Potential Risks and Discomforts

There could be survey items that you are uncomfortable answering or to which you would simply prefer not to respond. Your participation in this study is strictly voluntary, and you will be under no obligation whatsoever to answer any questions that you are not inclined to answer. You may choose

not to answer any specific questions you do not want to answer and still remain in the study.

Information Protection

Please note that your responses will be used for research purposes only and will be protected. Any information that is obtained in connection with this study and that can be identified with you will be protected and secured to the extent permitted by law. Your identified responses will be returned to your institution for institutional assessment purposes. Before receiving any responses your school is required to certify in advance that the data will only be used for research purposes and will not be used to investigate specific individuals. Names and addresses will not be returned to your institution, however Student ID numbers will be included in the final data file to allow your institution to merge responses with other campus data.
