

Future of Cancer Health Economics Research Virtual Conference Feedback Survey

Thank you for registering for the Future of Cancer Health Economics Research virtual conference, hosted by the National Cancer Institute (NCI) on Dec. 2 and 3, 2020. This anonymous survey requests feedback on the virtual conference.

NOTE: At the end of this survey, respondents have the opportunity to “opt in” and provide their name and email address. NCI plans to use this to solicit future input regarding cancer health economics research. Providing your name and email address is optional and this survey can be submitted without providing this information. Please note that if you choose to provide your name and email address, NCI will not associate your personal information with your survey responses.

We appreciate your feedback on the Future of Cancer Health Economics Research virtual conference.

OMB No. 0925-0642
Expiration Date: 03/31/2023

Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0642). Do not return the completed form to this address.

OK

1. Which sessions of the Future of Cancer Health Economics Research virtual conference did you attend?
(check all that apply)

- Day 1 presentations on NCI portfolio review, cancer economic systematic reviews, and/or cancer economics research at NCI
- Day 1 presentations and discussions on cancer health economics research focused on prevention, screening, treatment, and/or survivorship
- Day 1 focused session on communicating cancer health economics research to non-researcher audiences
- Day 2 conference synthesis and conclusion

2. Which networking discussion session(s) did you participate in?

- Day 2 focused session on data linkages, resources, and infrastructure
- Day 2 focused session on cancer health economics research and health equity
- I did not participate in a networking discussion

3. Which breakout session did you participate in?

4. How satisfied were you with the virtual conference overall? (1 = not at all satisfied; 5 = very satisfied)

1	2	3	4	5
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

5. What part of the conference was most satisfying?

6. What part of the conference was most in need of improvement?

The goals of the virtual conference were: 1) Identifying challenges, gaps, and unmet needs for conducting cancer health economics research; and 2) Developing suggestions/ideas to address the identified challenges and to support the development of the field of cancer health economics research

How well do you think the conference met goal (i): (1 = not at all met; 5 = fully met)

1	2	3	4	5
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

How well do you think the conference met goal (ii): (1 = not at all met; 5 = fully met)

1	2	3	4	5
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Please briefly explain your ratings:

7. If this conference were held again in 2022 (or later), would you attend?

- Yes
- No
- Unsure

Why or why not?

8. If this conference were held again, what are up to three aspects you would like to see changed?

9. Please provide any other feedback or comments on the conference.

10. Would you be willing to provide your name and email address for NCI to contact you in the future?

NOTE: NCI plans to use this to solicit future input regarding cancer health economics research. Providing your name and email address is optional and this survey can be submitted without providing this information. Please note that NCI will not associate your personal information with your survey responses.

Name:

Email address:

Alternatively, if you do not want to provide your personal information on this survey, you may email the conference website (NCIcancerecon@mail.nih.gov) with you name and email address and indicate you are

willing to be contacted by NCI for future opportunities to solicit input regarding cancer health economics research.

We appreciate your feedback on the Future of Cancer Health Economics Research virtual conference.
