

Abstract Template

Please enter abstract information directly into template.

*Abstracts **MUST NOT EXCEED 300 words** (authors and affiliations are not included in the count).*

Abstracts must be single-spaced in Arial 12 font with 1-inch margins on all sides.

Please delete instructions in the gray areas below to allow space for your own text.

Title: Abstract title must be bold and indicate the content of the abstract.

Authors: Provide the primary author's name and/or co-authors (last name, first initial, middle initial) and their institutional affiliations. Primary presenter's name should be underlined. Do not include academic degrees and/or titles for each individual listed.

Introduction/Background: Provide a brief description of the background, the hypothesis and objectives of the study/project.

Methods: Provide a summary of the experimental methods and/or procedures.

Results: Provide a summary of the data and results obtained.

Conclusion: Provide the conclusions and implications of the work, including significance of the finding(s).

Funding: Provide the funding support information that supported the work described above.

Abstracts should be uploaded and submitted in PDF and Microsoft Word formats.
