INFORMATION SCREEN

Head Start Family and Child Experiences Survey 2019 (FACES 2019)

Mathematica is conducting the Head Start Family and Child Experiences Survey 2019 (FACES 2019) under contract with the Administration for Children and Families (ACF) of the U. S. Department of Health and Human Services (DHHS).

To enhance the information we obtain by assessing the children and surveying their parents, we need for you to complete this brief form, The Teacher Child Report, about each of the children in the study who are from your class. The Teacher Child Report (TCR) asks you to report on the social skills, problem behaviors, and approaches to learning that you have observed in these children from your class.

Please be assured that all information you provide will be kept private to the extent permitted by law. Your participation in the study is voluntary and you may refuse to answer any questions you are not comfortable answering. Your answers will be completely private and will not be shared with parents or other staff in your center, or anybody else not working on this study. The form will take about 10 minutes for each child.

Using the login ID and password ensures that the information you provide to the study will be protected and will only be seen by selected members of the study team. The next page provides you with general instructions on how to complete the form(s).

Please click the “Next” button below to continue, or close this webpage to exit.

Paperwork Reduction Act Statement: This collection of information is voluntary. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The valid OMB control number for this information collection is 0970-0151 which expires 04/30/2022. The time required to complete this collection of information is estimated to average 10 minutes, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the collection of information. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: Mathematica, 1100 1st Street, NE, 12th Floor, Washington, DC 20002, Attention: Lizabeth Malone.
