**SECTION E. EAGLE TAKE – ASSOCIATED WITH BUT NOT THE PURPOSE OF AN ACTIVITY
(EAGLE NON-PURPOSEFUL TAKE)
(Bald and Golden Eagle Protection Act, 50 CFR 22.26)**

***Note:** A Federal eagle non-purposeful take permit authorizes the disturbance or other take of eagles where the take results from but is not the purpose of an otherwise lawful activity. Permits are available to individuals, agencies, businesses, and other organizations. This permit does not authorize possession of any eagle, eagle parts, or eagle nests. Please read “What You Should Know About a Federal Permit for Non-Purposeful Eagle Take” and the pertinent regulations at 50 CFR 22.26 before you sign and submit your application.*

Please provide the information requested below on a separate sheet of paper. You should be as thorough and specific as possible in your responses. Incomplete applications will be returned, delayed or abandoned. Processing time depends on the complexity of the request and completeness of the application.

Although you may submit supplemental documents that contain the required information, you must respond to each application requirement below specifically in a single attachment that includes all and only the information required by the application. Enumerate each response in accordance with the question numbers below. Please do not send pages that are over 8.5” x 11” or DVDs.

1. The name and contact information for any U.S. Fish and Wildlife Service employee(s) who has provided technical assistance or worked with you on this project.
2. The species and number of eagles that are likely to be taken and the likely form of that take (e.g., disturbance, other take).
3. The dates the activity will start and is projected to end. If the project has begun, describe the stage of progress.
4. A detailed description of the activity that will likely cause the disturbance or other take of eagles.
5. An explanation of why the take of eagles is necessary, including what interests will be protected by the project or activity.
6. Maps, digital photographs, county/city information, and latitude/longitude geographic coordinates of the proposed activity.
7. Maps, digital photographs, county/city information, and latitude/longitude geographic coordinates of eagle-use areas in the vicinity of the activity, including nest site(s), roost areas, foraging areas, and known migration paths. Provide the specific distance and locations of nests and other eagle-use areas from the project footprint.
8. If the projected take of eagles is in the form of disturbance, answer the following two questions:
 - a. Will the activity be visible to eagles in the eagle-use areas, or are there visual buffers such as screening vegetation or topography that blocks the view?
 - b. What is the extent of existing activities in the vicinity that are similar in nature, size, and use to your activity, and if so, what is the distance between those activities and the important eagle use areas
9. A detailed description of all avoidance and minimization measures that you have incorporated into your planning for the activity that you will implement to reduce the likelihood of take of eagles.
10. You must retain records relating to the activities conducted under your permit for at least 5 years from the date of expiration of the permit. Please provide the address where these records will be kept.
11. **You are responsible for ensuring that the permitted activity is in compliance with all Federal, tribal, State, and local laws and regulations applicable to eagles.** Have you obtained all required State or Tribal permits or approvals to conduct this activity? Indicate “Yes,” “Have applied,” or “None Required.” If “Yes,” attach a copy of the approval(s). If “Have applied,” submit a copy when issued.
12. If you have received technical assistance for your project from your State wildlife agency, please provide the name and contact information for the individual(s).
13. **Disqualification factor.** A conviction, or entry of a plea of guilty or nolo contendere, for a felony violation of the Lacey Act, the Migratory Bird Treaty Act, or the Bald and Golden Eagle Protection Act disqualifies any such person from receiving or exercising the privileges of a permit, unless such disqualification has been expressly waived by the Service Director in response to a written petition. (50 CFR 13.21(c)) Have you or any of the owners of the business, if applying as a business, been convicted, or entered a plea of guilty or nolo contendere, forfeited collateral, or are currently under charges for any violations of the laws mentioned above?
