

2019–20 NATIONAL POSTSECONDARY STUDENT AID STUDY (NPSAS:20)

Appendix E Student Contacting Materials

OMB # 1850-0666 v. 28

**Submitted by
National Center for Education Statistics
U.S. Department of Education**

**August 2019
revised October 2019
second revision February 2020**

This appendix includes the contacting materials that will be sent to sample members to request their participation in the National Postsecondary Student Aid Study (NPSAS:20). The NPSAS:20 contact materials include a brochure, website text, letters, e-mails, postcards, text messages, interesting facts and trend data, video scripts, merge fields, and “as needed” contacts that may be used during data collection. Within each grouping by contact type, the materials are listed in the tentative order they will be sent to sample members, from the initial data collection announcement to a final thank you. We will send these materials to students at varying times throughout data collection. Beyond the initial data collection announcement contact, the order of the contacts in this document is not necessarily the set order in which they will be sent. We have included ‘As Needed Contacts’ that may be sent in addition to scheduled contacts, in place of scheduled contacts, or may not be sent at all. We will review the response rates to contact materials that have been sent and determine which contact we think will be the most effective at a given point in data collection. We also may reuse some contacts during different phases of data collection. Once a sample member’s case has been finalized (either as a final refusal, other final status, or completed survey), we will stop sending reminders via mail, email, text, and phone.

The tentative schedule for sample member contacts varies based on data collection wave. Therefore, each wave will receive certain contacting materials at different times. Additionally, where applicable and available, select Spanish materials will be substituted for English materials for sample members who have requested Spanish contact materials and will be reused at various points in the schedule as needed.

We have inserted fills and merge fields into each contact to indicate where language may differ if used in a different phase. Merge fields within the contact materials include the incentive payment options, possible lengths of the survey, and other details specific to the case. The merge fields also account for Office of Foreign Assets Controls cases that must either be paid via check or not be paid at all. ControllID, addressID, and emailID are fills that we will use to track undeliverable contacts. For example, a unique e-mail id is assigned to each e-mail address that we have for a particular case. The e-mail id is included at the bottom of each e-mail as a way of tracking any undeliverable or bounced e-mails, ControllID is used for QC purposes, and AddressIDs are used to track undeliverable physical mail.

We will send infographics or other materials, as needed, that reference the ‘Interesting Facts’ section. Not all the data will be used at one time, but rather selected facts will be pulled from this section to create graphics and statements to be included in contact materials.

The ‘Video Scripts’ section includes scripts for video clips from NPSAS experts. Expert videos may be included on the website or embedded in e-mail contacts. The website and specific e-mail contacts that may incorporate the video include references to the video script section.

Once language is approved by OMB, we will adjust the formatting and graphics of the postcards containing QR codes and the infographics mailings. We will assign each sample member a unique QR code to be included in the letters and postcards for direct access to the survey.

2019-20 NATIONAL POSTSECONDARY STUDENT AID STUDY (NPSAS:20)

PANEL 1, FLAP

Who is conducting NPSAS?

The 2019-20 National Postsecondary Student Aid Study (NPSAS:20) is conducted by the National Center for Education Statistics (NCES), in the U.S. Department of Education's Institute of Education Sciences, with data collection being carried out under contract by RTI International, a U.S.-based nonprofit research organization.

NCES is authorized to conduct NPSAS by the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543) and to collect students' education records from educational agencies or institutions for the purposes of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3)(iii) and 99.35).

How will my information be protected?

NCES is required to follow strict procedures to protect personal information in the collection, reporting, and publication of data. All of the information provided by individuals or institutions may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C §151).

Data security procedures for NPSAS are reviewed and approved by NCES data security staff. Your answers are secured behind firewalls and are encrypted during internet transmission using Secure Sockets Layer (SSL) protocol. All data entry modules are password protected and require the user to log in before accessing the data. NCES employees and contractors are subject to large fines or imprisonment if individual responses are disclosed.

INSIDE PANELS

What is NPSAS?

The 2019-20 National Postsecondary Student Aid Study (NPSAS:20) is a national study of approximately 150,000 students enrolled in postsecondary education. NPSAS is conducted by the National Center for Education Statistics (NCES), in the U.S. Department of Education's Institute for Education Sciences. The study collects information on how students and their families pay for postsecondary education and includes students from all types of postsecondary institutions, regardless of whether they receive any type of financial assistance (e.g., grants, scholarships, loans, or stipends). In addition to students completing a survey, information is collected from sources such as enrollment and federal student loan databases. **No other national study informs U.S. educational policymakers about financial support for postsecondary education like NPSAS.**

Why am I being asked to participate?

As a student enrolled in postsecondary education during the 2019-20 academic year, your participation is crucial for helping educators, researchers, and policymakers better understand the student financial aid landscape.

- It is important that students like you are included, representing a wide variety of backgrounds and academic institutions. Without strong student participation it is

impossible to have a complete picture of the costs and benefits of postsecondary education.

- For students who have Pell grants or Direct/Stafford loans, NPSAS is the primary source of information used by the federal government to analyze federal student aid and to inform public policy on the effectiveness of these aid programs.
- Your survey responses will represent other students enrolled at your institution who were not selected to participate in NPSAS. If you choose not to participate, **no one can be substituted for you!**

**Make your experience count by participating in the U.S. Department of Education's 2019-20 National Postsecondary Student Aid Study (NPSAS:20)!
What happens to the results?**

As with results from previous rounds of NPSAS, results from the current study will be posted on the NCES website (<https://nces.ed.gov/surveys/npsas>) as soon as they are available. Your responses will be combined with those of other students and will be presented in summary form only. No individually identifying information will be published.

Researchers will use NPSAS data to explore a wide variety of topics, including student loan debt and persistence in postsecondary education.

How do I participate?

Participation is easy! You can complete the NPSAS survey (available in English or Spanish) online or over the phone.

Online

Log onto the study website at <https://surveys.nces.ed.gov/npsas> using the Study ID and password provided to you in your study materials.

The survey is mobile-optimized, so it can be easily completed on a mobile device.

Phone

Call our Help Desk at 877-677-2766 to speak to one of our professional interviewers who are happy to assist you.

Additionally, during data collection you may receive reminder communications in any of the following ways:

- Mail from the National Center for Education Statistics
- E-mails from NPSAS@ed.gov or NPSAS@rti.org
- SMS text messages from xxx-xxx-xxxx
- Phone calls from xxx-xxx-xxxx

What to Expect English | Español

How can I complete the NPSAS survey?

You may complete the NPSAS survey (available in English or Spanish) on the Web – simply [log in <hyperlink to home page>](#) by entering your Study ID number and password, which are provided in the NPSAS letter or e-mail you received. You can even complete it on your mobile device. A Spanish version of the survey is also available. If you need assistance accessing the survey on the website, or if you want to complete the survey by telephone, contact the NPSAS Help Desk by calling 877-677-2766 or sending an e-mail to npsas@ed.gov.

Will I receive reminders to take the survey?

During data collection, you could receive reminder communications in any of the following ways:

- Mailings from the National Center for Education Statistics
- E-mails from NPSAS@ed.gov or NPSAS@rti.org
- Text messages from xxx-xxx-xxxx
- Phone calls from xxx-xxx-xxx or the U.S. Department of Education

How long will the survey take?

For most people, we expect the survey will take about 30 minutes, depending on your answers. You do not have to complete the survey in one session. You can get started and, if you choose, you can easily log out and resume at a later time.

Do I have to participate?

Participation in this study is voluntary; however, your involvement is very important to the success of this study. By participating, you have the opportunity to help policymakers, researchers, and others better understand how students and their families pay for postsecondary education.

Can I refuse to answer a question?

You may refuse to answer any question at any time. If you choose not to answer or are unable to answer a particular question, you may still continue with the rest of the survey. Just leave the question blank and click the ‘next’ button to move on to the next question.

How do I know your website is secure?

The NPSAS website is protected by Secure Sockets Layer (SSL; 128-bit encryption) technology. Your survey responses are collected over a secure server and connection also protected by SSL. SSL encrypts the communication between your browser and the NPSAS web server so your data will be kept secure.

Should I use a particular web browser to take the web survey?

The survey needs to use a browser that supports HTML5 and JavaScript. The latest versions of Firefox, Chrome, and Safari will work, as will Internet Explorer 9 and later. If you are having any trouble completing the survey, please call our Help Desk at 877-677-2766 and we will be happy to assist you.

Previous Results English | Español

Why is your participation so important?

- NPSAS is the **primary source of information** used by the federal government (and others, such as researchers and higher education associations) since 1987 to analyze student financial aid and to inform public policy on student loan programs such as Pell grants and Direct/Stafford loans.
- You are part of an **exclusive group of students** selected to represent other students enrolled at your institution.
- Your personal circumstances are unique and you cannot be replaced in this study.
- **Your participation is critical to understanding and helping to meet the financial needs of postsecondary students in the United States now and in the future.**

As with all prior NPSAS surveys, results will be presented in summary form only; no individual results will be published.

Here's what we've learned from previous NPSAS surveys...

NPSAS was last conducted during the 2015-2016 academic year and included about 89,000 undergraduate and 24,000 graduate students enrolled in approximately 1,800 postsecondary institutions. Students with a variety of financial situations were surveyed, including those who received financial assistance (grants, scholarships, loans, awards, and stipends) as well as those who did not receive financial assistance. Selected findings from previous NPSAS surveys are presented below.

The National Center for Education Statistics (NCES) is required to follow strict procedures to protect personal information in the collection, reporting, and publication of data. All of the information provided by individuals or institutions may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C §151).

Data security procedures for NPSAS are reviewed and approved by NCES data security staff. Your answers are secured behind firewalls and are encrypted during internet transmission using Secure Sockets Layer (SSL) protocol. All data entry modules are password protected and require the user to log in before accessing confidential data. Project staff are subject to large fines and/or imprisonment if they knowingly publish or communicate any individually identifiable information.

Congress has authorized the National Center for Education Statistics (NCES) of the U.S. Department of Education's Institute of Education Sciences to collect data about the

costs of postsecondary education because policymakers at all levels need reliable and current national data in order to make decisions about postsecondary education.

NCES is authorized to conduct the 2019-20 National Postsecondary Student Aid Study by the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543) and to collect students' education records from educational agencies or institutions for the purposes of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3)(iii) and 99.35).

The study has been approved by the U.S. Office of Management and Budget (OMB). The valid OMB control number for this information collection is 1850-0666. The expiration date is xx/xx/xxxx.

Important note regarding text message communications for federal studies and the TCPA

The Telephone Consumer Protection Act (TCPA), under 47 U.S. Code §227, is a federal statute enacted in 1991 to safeguard consumer privacy. This legislation restricts **telemarketing** communications via voice calls, SMS texts, and fax without explicit prior consent. Per a July 2016 Declaratory Meeting before the Federal Communications Commission, it was confirmed that TCPA **does not** restrict research survey communications, provided those communications are lawfully made by the federal government or by agents acting under authority validly conferred on them by the federal government. Because it is authorized by the U.S. Department of Education to collect data on postsecondary education, NPSAS:20 falls under this provision.

During the course of data collection, you may receive text message reminders regarding survey participation. You have the option to opt out of text message reminders at any time.

You can learn more about TCPA by clicking here <https://www.fcc.gov/general/telemarketing-and-robocalls>. If you have any questions regarding our use of text message reminders, you can reach us by e-mail at npsas@ed.gov or by phone at **877-677-2766**.

About NPSAS English | Español

The **2019-20 National Postsecondary Student Aid Study (NPSAS:20)** collects data from a nationally representative sample of about 150,000 students enrolled in postsecondary education. Students from all types of Title IV postsecondary institutions—less-than-2-year institutions, community colleges, and 4-year colleges—are selected to participate, whether or not they receive any type of financial assistance (grants, scholarships, loans, awards, and stipends). NPSAS results will help policymakers and researchers better understand how students and their families pay for higher education.

Congress has authorized the National Center for Education Statistics (NCES) of the U.S. Department of Education's Institute of Education Sciences to collect data about the costs of postsecondary education because policymakers at all levels need reliable and current national data in order to make decisions about postsecondary education. In addition to a student survey, NPSAS collects financial aid, student record, and related information from sources such as student loan databases and admissions testing agencies. Previous rounds of NPSAS were conducted in 1987, 1990, 1993, 1996, 2000, 2004, 2008, 2012, and 2016.

NPSAS is being administered for NCES by RTI International, a U.S.-based nonprofit research firm (www.rti.org).

To learn more about the data from previous NPSAS cycles, visit **NCES's NPSAS website** <https://nces.ed.gov/surveys/npsas/>.

INFCON (the first survey form seen by respondents):

Recently, we sent you material about the U.S. Department of Education's National Postsecondary Student Aid Study (NPSAS). The NPSAS survey is being conducted to determine how students and their families pay for education beyond high school. Some students, such as those who enrolled in a college for the first time between July 1, 2019 and June 30, 2020, and other special groups, may be selected for a follow-up study.

[[{if OFAC list = 0 and data collection group in (1 2) and data collection phase = 1} You should have already received \$[prepaid incentive amount] cash in the mail. {else if OFAC list = 0 and data collection group = 1 and data collection phase = 2} You should have already received \$[prepaid incentive amount].] If you have not received the \$[prepaid incentive amount], please contact our Help Desk toll-free at 1-877-677-2766 for assistance.] The survey takes about [{if survey type = 0} 30 {else if survey type = 1} 15 {else} 5] minutes [{if [OFAC list] = 0} and as a token of our appreciation, you will receive [{if (data collection phase = 1 and data collection group in (1 2)) or (data collection phase = 2 and data collection group = 1)} an additional] \$ [incentive amount] for participating.]

In addition to your survey responses, we collect other enrollment-related data from your institution and sources such as student loan databases and admissions testing agencies. Your responses, combined with any student record information, may be used only for statistical purposes and may not be disclosed, or used, in personally identifiable forms for any other purpose, except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151).

Sometimes there are opportunities for researchers to use data from previous studies or to share data with each other if they are conducting similar research. For these reasons, we may use or share your deidentified data with other researchers. If we do so, we will not contact you to ask for your additional informed consent.

Your participation is voluntary and will not affect any aid or other benefits that you may receive. You may decline to answer any question or stop the survey at any time. The risks of participating in this study are small and relate to data security. We have the following precautions in place - your responses are stored within an enhanced security network, only authorized project staff have access to data, and all staff have participated in privacy training, signed confidentiality agreements, and undergone rigorous background checks. All personally identifiable information will be kept in secure and protected data files, and will be separate from the responses you've already provided in this survey.

NATIONAL CENTER FOR EDUCATION STATISTICS

Congratulations, «fname»! You have been selected to participate in the 2019-20 National Postsecondary Student Aid Study (NPSAS), an important study that will help determine how students «**studying [major]//[fieldofstudy]** »and their families are meeting the costs of education beyond high school. **[We have worked closely with [«PC_name»/professional staff] at your institution to facilitate «the »««NPSASschool»'s» participation in this important research.]//[We have worked closely with your institution to facilitate «the »««NPSASschool»'s» participation in this important research.]** You were selected to represent many other students at «**the »«NPSASschool»//«your institution»** who were not selected to participate. Therefore, your participation is critical to the success of the study.

Here are some key pieces of information to help get you started:

SUBJECT: Represent «the »«NPSASschool»»//«Your Institution» by Participating in NPSAS

Hi, «fname»,

We noticed that you haven't yet participated in the 2019-20 National Postsecondary Student Aid Study (NPSAS). Your experiences «studying [major]//[fieldofstudy] »at «the »«NPSASschool»»//«your institution» are unique, and no one can replace you.

We understand that you may have questions or concerns about NPSAS—and we're here to help! Here are the answers to some of the most frequently asked questions about NPSAS.

How can I participate in NPSAS?

It's easy! The survey can even be completed **on any electronic device, including a mobile device or tablet.**

Or go to <https://surveys.nces.ed.gov/npsas/> and log in:

Study ID: «caseid»

Password: «password»

You can also complete your survey over the phone at 877-677-2766.

How long does the NPSAS survey take?

NPSAS is «now» a «time»-minute survey[IF INCENTIVE ELIGIBLE: «, and «now »you will «still »receive \$«inc_amount» via «PayPal or »check as a thank you for your participation« in addition to the \$«prepaid1»//«prepaid2» we sent in advance« via PayPal»//« via mail»»].

[IF STUDENT TYPE GRADUATE OR PROFESSIONAL]: «I'm enrolled in« graduate school.»/« professional school.» Can I participate in NPSAS?

Yes. NPSAS includes students enrolled in all levels of postsecondary education, including graduate and professional schools. Your participation is important to making sure that the NPSAS results represent all types of students.

What if I don't have time to complete the entire survey right now?

No problem! You can start your survey now and finish it later—you'll pick up right where you left off.

If you have other questions, please contact the NPSAS Help Desk at 877-677-2766 or e-mail us at npsas@ed.gov. Thank you in advance for making NPSAS a success.

SUBJECT: The NPSAS Survey: Your Questions Answered

«Fname», we still need you to participate in the National Postsecondary Student Aid Study (NPSAS) for the U.S. Department of Education. [IF INCENTIVE ELIGIBLE: «**Now we're** »/«**We're** »«**still** »**offering \$**«**inc_amount**» **for your participation**« **in addition to the \$**«**prepaid1**»«**prepaid2**» **we sent in advance**« via PayPal»//« via mail»».»]

If you have questions about the study, we're here to help.

How do I participate?

Or, log onto our site at <https://surveys.nces.ed.gov/npsas/>

Study ID: «caseid»

Password: «password»

Why do you want to survey me? Should I participate in NPSAS?

Yes! You are being asked to participate in NPSAS because you were enrolled in postsecondary education at «**the** »«**NPSASschool**»»//«your institution» during the 2019-20 academic year. Your participation «as a student studying **[major]**»//**[fieldofstudy]** »is important to make sure that the NPSAS results represent other students who were not selected to participate. No one can replace you in this study. Your survey responses help educators, researchers, and policymakers at the local, state, and national levels better understand trends in enrollment patterns, education goals, and the backgrounds of students who pursue education after high school.

How long will the survey take?

[INSERT MERGE FIELD FROM TABLE - INTERVIEW LENGTH, PAGE E-145]

How will my information be protected?

Keeping your personal information private is very important to us, and we are fully committed to keeping it safe. Federal law requires that we respect your privacy. NCES is required to follow strict procedures to protect the identity of persons in the collection, reporting, and publication of data. Read more about our confidentiality procedures at: <https://surveys.nces.ed.gov/npsas/confidentiality.aspx>.

If you need help accessing the survey or you want to complete it over the phone, please call our **Help Desk** at **877-677-2766**. Your participation in NPSAS is very important, and we hope you choose to complete the survey.

Thank you!

Hard Refusal E-mail

SUBJECT: Please Reconsider Participating in NPSAS

Dear «fname»,

Recently, you declined to participate in the National Postsecondary Student Aid Study (NPSAS) «because [refusalreason]». NPSAS is a survey designed to help inform educators, researchers, and policymakers about how students and their families meet the cost of education beyond high school. We understand your hesitation, but we are hoping you will reconsider participating in this very important research conducted by the U.S. Department of Education.

We know your time is valuable—please consider some of the following reasons for participating:

- You have the **unique opportunity** to provide reliable data that otherwise would not be available for policymakers.
- Your information is **vital** in helping policymakers and researchers better understand national trends in enrollment patterns, education goals, financial aid, employment, and backgrounds of students who pursue education after high school.
- You were selected to represent other students from ««the »»NPSASschool»»//«your institution». **No one can replace you.**

You can complete the «**time**»-**minute** survey at your leisure! If you start your survey and need to stop for any reason, you can come back at another time to finish. [IF INCENTIVE ELIGIBLE: «You will receive \$«**inc_amount**» by «PayPal or »check when finished.»]

BPS:20/22 FT Panel Maintenance E-mail*

SUBJECT: Update Your Contact Information for BPS

Dear «fname» «lname»:

I am pleased to inform you that you have been selected to participate in the 2020/22 Beginning Postsecondary Students Longitudinal Study (BPS), an important study that follows up with students who first enrolled in postsecondary education during the 2018-19 academic year. The National Center for Education Statistics (NCES) in the U.S. Department of Education's Institute of Education Science has contracted with RTI International to collect data for BPS on its behalf. BPS will provide policymakers, educators, and researchers with a better understanding of factors affecting enrollment and degree attainment in postsecondary education, including how students pay for college, and employment during and after college.

Please take about 3 minutes to update your contact information «and select your preferred modes of contact »so we can contact you when data collection begins.

You can update your information on our secure website: «Website URL» - with your unique Study ID.

Study ID: «caseid»

If you have any questions, encounter any difficulty on the website, or would prefer to update this information over the telephone, please call us at **877-225-8470**.

Thank you in advance for helping making BPS a success!

Video Scripts – Meet the NPSAS Expert

Script 1

[INSERT MERGE FIELD FROM TABLE – VIDEO SCRIPTS MERGE FIELDS (ROLE), PAGE E-148] According to the College Board Annual Survey of Colleges, the cost of college has increased at a faster rate than inflation throughout my lifetime and has become a huge factor in students’ decision making about how students will pay for postsecondary education. NPSAS allows us to better understand the different ways that students and their families manage these costs. For example, NPSAS has shown us that there has been an increase in the percentage of students who receive financial aid over the last 20 years. Your participation in NPSAS is critical in illuminating trends just like this and adding to higher education research. You are an important part of our study! Because we cannot survey everyone, you represent thousands of other students from across the United States and we are counting on you. [INSERT MERGE FIELD FROM TABLE – VIDEO SCRIPTS MERGE FIELDS (ROLE), PAGE E-148] Student participation in NPSAS is important because the data are used to inform conversations around financial aid decisions, especially surrounding student loan debt, and have real implications for students and families. In 2016, NPSAS showed us that about 42 million undergraduates took out loans to pay for school. We need your participation in order to get an accurate look at debt in 2020. Your participation in NPSAS is important because it helps policymakers better understand how students and their families pay for postsecondary education. Script 3

[INSERT MERGE FIELD FROM TABLE – VIDEO SCRIPTS MERGE FIELDS (ROLE), PAGE E-148] It’s important for students and their families to be equipped with the best possible information as they make decisions about how to pay for college. NPSAS is one of the only sources of comprehensive data about financial aid available. A good example of NPSAS data having been used in practice is that analysis of these data informed decisions about the recent change to the FAFSA process which enables applicants to file for aid earlier and learn about their eligibility earlier. Changes like this allow students to make more informed decisions about their education choices. Your responses to this year’s NPSAS survey, combined with those of other students across the country, will inform education policy to improve education experiences for all students! 2019-20 ESTUDIO NACIONAL DE AYUDA ECONÓMICA A ESTUDIANTES DE POSTSECUNDARIA (NPSAS:20)

PANEL 1, FLAP

¿Quién lleva a cabo NPSAS?

El Estudio Nacional de Ayuda Económica a Estudiantes de Postsecundaria de 2019-20 (NPSAS:20) está patrocinado por el Centro Nacional para Estadísticas de Educación (NCES por sus siglas en inglés) del Instituto de Ciencias de la Educación del Departamento de Educación de los Estados Unidos. RTI International, una organización sin fines de lucro con sede en los Estados Unidos, lleva a cabo bajo contrato la recolección de datos para el estudio.

NCES está autorizado para hacer el estudio NPSAS por el Acta de Reforma de las Ciencias de la Educación de 2002 (ESRA 2002, 20 U.S.C., § 9543) y a obtener récords educativos de los estudiantes de agencias o instituciones educativas para propósitos de evaluación de programas de educación con fondos federales, bajo la Ley de Derechos Educativos y Privacidad Familiar de 1974 (FERPA, 34 CFR §§ 99.31(a)(3)(iii) and 99.35).

¿Cómo se protegerá mi información?

NCES está obligado a seguir procedimientos estrictos para proteger la información personal al recolectar, reportar y publicar los datos. Toda información identificable al nivel individual, proporcionada por individuos o instituciones, podrá usarse solamente para propósitos estadísticos y no podrá divulgarse ni usarse de manera que permita identificar a los participantes para ningún otro propósito, salvo que lo requiera la ley (20 U.S.C. § 9573 y 6 U.S.C § 151).

Los procedimientos de protección de datos de NPSAS son examinados y aprobados por el personal de protección de datos de NCES. Tus respuestas se resguardarán con servidores de seguridad y estarán encriptadas durante la transmisión por Internet, en la que se usa el protocolo de Capa de Protección Segura (SSL, por sus siglas en inglés). Todos los módulos de ingreso de datos están protegidos con una contraseña y obligan a que el usuario inicie sesión antes de acceder a los datos. El personal y los contratistas de NCES están sujetos a fuertes multas o prisión si las respuestas individuales se divulgan.

INSIDE PANELS

¿Qué es NPSAS?

El Estudio Nacional de Ayuda Económica a Estudiantes de Postsecundaria de 2019-20 (NPSAS:20), que lleva a cabo el Centro Nacional para Estadísticas de Educación (NCES por sus siglas en inglés) del Instituto de Ciencias de la Educación del Departamento de Educación de los Estados Unidos, es un estudio nacional de aproximadamente 150,000 estudiantes matriculados en educación postsecundaria. El estudio reúne

información sobre cómo los estudiantes y sus familias pagan por los costos de la educación postsecundaria e incluye estudiantes de todo tipo de instituciones postsecundarias, sin importar si reciben o no algún tipo de asistencia económica (por ejemplo, becas, préstamos o contribuciones económicas). Además de la encuesta que completan los estudiantes, se obtiene información de fuentes tales como bases de datos de matriculación y de préstamos estudiantiles federales. **No hay otro estudio como NPSAS que informe a legisladores de políticas educativas en los Estados Unidos sobre el apoyo económico para la educación postsecundaria.**

¿Por qué me piden a mí que participe?

Como estudiante matriculado(a) en educación postsecundaria durante el año académico 2019-2020, tu participación es esencial para ayudar a los educadores, investigadores y legisladores a entender mejor el panorama de la ayuda económica para estudiantes.

- Es importante incluir a estudiantes como tú que representan una amplia variedad de orígenes e instituciones académicas. Sin una fuerte participación de los estudiantes, es imposible tener una visión completa de los costos y beneficios de la educación postsecundaria.
- Para los estudiantes que tienen becas Pell o Préstamos Directos o Stafford, NPSAS es la fuente principal de datos que usa el gobierno federal para analizar la ayuda estudiantil federal y para informar políticas públicas sobre la efectividad de estos programas de ayuda.
- Tus respuestas a la encuesta representarán a otros estudiantes matriculados en tu institución que no hayan sido seleccionados para participar en NPSAS. Si decides no participar, **¡no podemos reemplazarte con nadie!**

¡Participa en el Estudio Nacional de Ayuda Económica a Estudiantes de Postsecundaria de 2019-20 (NPSAS:20) y harás que tu experiencia cuente para el Departamento de Educación de los Estados Unidos!

¿Qué pasa con los resultados?

Como en las rondas previas de NPSAS, los resultados del estudio de este año se publicarán en la página de NCES en Internet (<https://nces.ed.gov/surveys/npsas>) tan pronto estén disponibles. Tus respuestas se combinarán con las respuestas de otros estudiantes y se presentarán solamente en forma de resumen. No se publicará ninguna información de manera individual.

Investigadores diversos usarán los datos de NPSAS para explorar una amplia variedad de temas incluyendo la deuda de préstamos estudiantiles y persistencia en la educación postsecundaria.

¿Cómo puedo participar?

¡Participar es muy fácil! Puedes completar la encuesta de NPSAS (disponible en inglés y español) por Internet o por teléfono.

Por Internet

Ingresa a la página del estudio en Internet, <https://surveys.nces.ed.gov/npsas>, usando tu ID del estudio y contraseña que te proporcionaron en los materiales del estudio.

La encuesta se optimizó para funcionar en teléfonos celulares y tabletas de manera que puede completarse fácilmente desde un dispositivo móvil.

Teléfono

Llama a nuestra Línea de Ayuda para participantes gratuita al 877-677-2766 para hablar con uno de nuestros entrevistadores profesionales quienes te atenderán con todo gusto.

Adicionalmente, durante el periodo de recolección de datos quizá recibas recordatorios de alguna de las siguientes maneras:

- Carta por correo del Centro Nacional para Estadísticas de Educación
- Correo electrónico de NPSAS@ed.gov o NPSAS@rti.org
- Mensajes de texto de xxx-xxx-xxxx
- Llamadas telefónicas de xxx-xxx-xxxx

Qué esperar [English](#) | [Español](#)

¿Cómo puedo completar la encuesta de NPSAS ?

Puedes completar la encuesta de NPSAS (disponible en inglés o español) por Internet - simplemente [inicia sesión <hyperlink to home page>](#) poniendo tu número de ID del estudio y contraseña, que se incluyen en la carta de NPSAS o correo electrónico que recibiste. Puedes completarlo en tu dispositivo móvil. También está disponible la versión en español. Si necesitas ayuda para acceder a la encuesta en la página de Internet, o si prefieres completar la encuesta por teléfono, contacta a NPSAS Línea de Ayuda llamando al 877-677-2766 o enviando un correo electrónico a npsas@ed.gov.

¿Recibiré recordatorios para tomar la encuesta?

Durante el periodo de recolección de datos, podrás recibir recordatorios en cualquiera de las siguientes formas:

- Correo postal de parte del Centro Nacional para Estadísticas de Educación
- Correo electrónico de parte de NPSAS@ed.gov o NPSAS@rti.org
- Mensajes de texto de xxx-xxx-xxxx
- Llamadas telefónicas de xxx-xxx-xxx o del Departamento de Educación de los Estados Unidos

¿Cuánto tiempo toma completar la encuesta?

Para la mayoría de los participantes, esperamos que la encuesta tome aproximadamente 30 minutos, pero eso depende de tus respuestas. No es necesario que completes la encuesta en una sola sesión. Puedes empezar y, si lo prefieres, puedes cerrar la sesión y continuar en otro momento.

¿Tengo que participar?

La participación en el estudio es voluntaria, sin embargo, tu participación es muy importante para el éxito de este estudio. Al participar tú tienes la oportunidad de ayudar a legisladores, investigadores y a otros a entender mejor cómo los estudiantes y sus familias pagan por la **educación postsecundaria**.

¿Puedo decidir no contestar una pregunta?

Puedes decidir no contestar cualquier pregunta en cualquier momento. Si no quieres o no puedes contestar una pregunta en particular, puedes seguir con el resto de la encuesta. Solamente tienes que dejar esa pregunta en blanco y presionar el botón de "Siguiente" para pasar a la siguiente pregunta.

¿Cómo puedo saber si la página de Internet es segura?

La página de Internet de NPSAS está protegida con una tecnología de encriptación en la que se usa el protocolo de Capa de Protección Segura (SSL, por sus siglas en inglés). Tus respuestas a la encuesta se recolectan en un servidor seguro y la conexión está también protegida con la tecnología SSL. SSL encripta la comunicación entre tu navegador y el servidor de Internet de NPSAS para que tus datos se mantienen seguros.

¿Debería usar un navegador en particular para completar la encuesta por Internet?

La encuesta necesita usar un navegador que soporte HTML5 y JavaScript. Las últimas versiones de Firefox, Chrome y Safari funcionan, también Internet Explorer 9 y las versiones posteriores. Si tienes problemas para completar la encuesta, por favor llama a nuestra Línea de Ayuda al 877-677-2766 y tendremos mucho gusto en ayudarte.

Resultados anteriores English | Español

¿Por qué es tan importante tu participación?

- NPSAS es la fuente principal de datos que usa el gobierno federal (y otras entidades como las asociaciones de educación postsecundaria o investigadores) desde 1987 para analizar la ayuda económica para estudiantes e informar a quienes diseñan políticas públicas sobre la situación de los programas de préstamos estudiantiles tales como las becas Pell y los préstamos Direct/Stafford.
- Tú eres parte de un **grupo exclusivo de estudiantes** seleccionados para representar a otros estudiantes matriculados en tu institución.
- Tu situación personal es única y no puedes ser sustituido(a) por nadie en este estudio.
- **Tu participación es muy importante para entender y ayudar a cubrir las necesidades económicas de los estudiantes de postsecundaria en los Estados Unidos ahora y en el futuro.**

Como en todas las encuestas anteriores de NPSAS, los resultados se presentarán únicamente en forma de resumen y no se publicarán resultados individuales.

Esto es lo que hemos aprendido de las encuestas anteriores de NPSAS...

NPSAS se llevó a cabo por última vez en el año académico 2015-2016 e incluyó alrededor de 89,000 estudiantes subgraduados y 24,000 estudiantes graduados matriculados en aproximadamente 1,800 instituciones de educación postsecundaria. La encuesta se completó con estudiantes con diversas situaciones económicas, incluyendo aquellos que reciben algún tipo de asistencia económica (fondos, becas, préstamos, premios y estipendios), así como estudiantes que no reciben asistencia económica. A continuación, se presentan algunos de los resultados más importantes de encuestas anteriores de NPSAS:

Confidencialidad English | Español

El Centro Nacional para Estadísticas de Educación (NCES) está obligado a seguir procedimientos estrictos para proteger la información personal al recolectar, reportar y publicar los datos. Toda información identificable al nivel individual, proporcionada por individuos o instituciones, podrá usarse solamente para propósitos estadísticos y no podrá divulgarse ni usarse de manera que permita identificar a los participantes para ningún otro propósito, salvo que lo requiera la ley (20 U.S.C. § 9573 y 6 U.S.C § 151).

Los procedimientos de protección de datos de NPSAS son examinados y aprobados por el personal de protección de datos de NCES. Tus respuestas se resguardarán con servidores de seguridad y estarán encriptadas durante la transmisión por Internet, en la que se usa el protocolo de Capa de Protección Segura (SSL, por sus siglas en inglés). Todos los módulos de ingreso de datos están protegidos con una contraseña y obligan a que el usuario inicie sesión antes de acceder a datos confidenciales. El personal del proyecto está sujeto a fuertes multas y/o prisión si conscientemente publica o comunica cualquier información individual que pueda identificar a los participantes.

El Congreso ha autorizado al Centro Nacional para Estadísticas de Educación (NCES) del Instituto de Ciencias de la Educación del Departamento de Educación de los Estados Unidos a recolectar datos acerca del costo de la educación postsecundaria

porque los legisladores a todos los niveles necesitan datos nacionales actuales y confiables, a fin de tomar decisiones acerca de la educación postsecundaria.

NCES está autorizado por la Ley de Reforma de las Ciencias de la Educación (ESRA, por sus siglas en inglés) de 2002 (ESRA 2002, 20 U.S.C. §9543) para llevar a cabo el Estudio Nacional de Ayuda Económica a Estudiantes de Postsecundaria de 2019-20 y recolectar información de los récords de los estudiantes en agencias o instituciones educativas con el propósito de evaluar programas educativos con financiamiento federal bajo la Ley de Derechos Educativos y Privacidad Familiar (FERPA, 34 CFR §§ 99.31(a)(3)(iii) y 99.35).

Este estudio ha sido aprobado por la Oficina de Gestión y Presupuesto de los Estados Unidos (OMB por sus siglas en inglés). El número válido de OMB para esta recolección de información es 1850-0666. La fecha de expiración es xx/xx/xxxx.

Nota importante sobre comunicación a través de mensajes de texto para estudios federales y la Ley de Protección Telefónica al Consumidor (TCPA por sus siglas en inglés)

La Ley de Protección Telefónica al Consumidor (TCPA por sus siglas en inglés) bajo el código U.S. 47 § 227 es un estatuto federal promulgado en 1991 para salvaguardar la privacidad del consumidor. Esta legislación restringe las comunicaciones de **telemercadeo** vía llamadas telefónicas, mensajes de texto y fax sin consentimiento explícito previo. Por una declaración hecha en julio de 2016 ante la Comisión Federal de Comunicaciones, se confirmó que TCPA **no** restringe las comunicaciones para encuestas, siempre que estas comunicaciones sean hechas de acuerdo con la ley por el gobierno federal o por agentes bajo la autoridad válidamente conferida a ellos por el gobierno federal. Debido a que el Departamento de Educación de los Estados Unidos autoriza la recolección de datos de educación postsecundaria para este proyecto, NPSAS:20 cae dentro de esta provisión.

Durante el periodo de recolección de datos es posible que recibas mensajes de texto recordándote que participes. Tienes la opción de dejar de recibir estos mensajes de texto en cualquier momento.

Puedes obtener más información acerca de TCPA oprimiendo aquí <https://www.fcc.gov/general/telemarketing-and-robocalls>. Si tienes preguntas acerca del uso de mensajes de texto como recordatorios, puedes contactarnos vía correo electrónico a npsas@ed.gov o por teléfono al **877-677-2766**.

Acerca de NPSAS [English](#) | [Español](#)

El **Estudio Nacional de Ayuda Económica a Estudiantes de Postsecundaria de 2019-20 (NPSAS:20)** recolecta datos de una muestra representativa de aproximadamente 150,000 estudiantes matriculados en educación postsecundaria. Estudiantes de todo tipo de instituciones de educación postsecundaria del Título IV— instituciones con una duración de menos de 2 años, universidades o *colleges* comunitarios, universidades o *colleges* de 4 años de duración — fueron seleccionados para participar sin importar si reciben o no asistencia económica (por ejemplo, fondos, becas, préstamos, premios y estipendios). Los resultados de NPSAS ayudarán a los legisladores y a los investigadores a entender mejor **cómo los estudiantes y sus familias pagan por la** educación postsecundaria.

El Congreso ha autorizado al Centro Nacional para Estadísticas de Educación (NCES) del Instituto de Ciencias de la Educación del Departamento de Educación de los

Estados Unidos a recolectar datos acerca del costo de la educación postsecundaria porque los legisladores a todos los niveles necesitan datos nacionales actuales y confiables, a fin de tomar decisiones acerca de la educación postsecundaria. Además de la encuesta que completan los estudiantes, NPSAS recolecta información sobre asistencia económica, récords de estudiantes e información relacionada, de fuentes tales como bases de datos de agencias de exámenes de admisión y de préstamos estudiantiles. Encuestas anteriores de NPSAS se llevaron a cabo en 1987, 1990, 1993, 1996, 2000, 2004, 2008, 2012 y 2016.

RTI International (www.rti.org), una empresa sin fines de lucro localizada en los Estados Unidos, lleva a cabo NPSAS a nombre de NCES.

Para más información acerca de los datos de las encuestas previas de NPSAS, visita **la página de Internet NPSAS de NCES** <https://nces.ed.gov/surveys/npsas/>.

BPS:20/22 FT Panel Maintenance E-mail

SUBJECT: Actualiza tu información de contacto para BPS

Estimado(a) «fname» «lname»:

Me complace informarte que has sido seleccionado(a) para participar en el Estudio Longitudinal de Estudiantes que Comienzan Programas Postsecundarios de 2020/22 (BPS, por sus siglas en inglés), un estudio importante que le da seguimiento a estudiantes que se matricularon por primera vez en educación postsecundaria durante el año académico 2018-19. El Centro Nacional para Estadísticas de Educación (NCES, por sus siglas en inglés) del Instituto de Ciencias de Educación del Departamento de Educación de los Estados Unidos ha contratado a RTI International para recolectar información para BPS en su nombre. BPS proporcionará a legisladores, educadores e investigadores una mejor comprensión de los factores que afectan la matriculación y el logro académico en educación postsecundaria, incluyendo la manera en que los estudiantes pagan la universidad o *college*, y el empleo durante y después de esos estudios.

Por favor dedica 3 minutos para actualizar tu información de contacto «y selecciona las formas de contacto que prefieres» para que podamos comunicarnos contigo cuando comience la recolección de datos.

Puedes actualizar tu información en nuestro sitio de Internet seguro: <<Website URL>> - con tu ID del estudio exclusivo.

ID del estudio: «caseid»

Si tienes alguna pregunta o tienes dificultades en la página de Internet, o si prefieres actualizar esta información por teléfono, por favor llámanos al **877-225-8470**.

¡Gracias de antemano por ayudar a que BPS sea un éxito!
