Paper Reduction Act Statement

Paperwork Reduction Act Statement The information is necessary to determine your eligibility to become an FAA designee. It is estimated that it will take approximately one minute per response. The information will become part of the Privacy Act system of records, DOT /FAA 830, Representative of the Administrator, and it will be used to evaluate your qualifications for appointment as a designee. It should be noted that a person is not required to collect information unless it displays a currently valid OMB control number. The OMB control number associated with this collection of information is 2120-0033. Comments concerning the accuracy of this burden and suggestions for reducing the burden should be directed to the FAA at: 800 Independence Ave SW, Washington, DC 20591, Attn: Information Collection Clearance Officer, ABA-20.

FAA Designee Program

The Designee Management System (DMS) is a web-based tool designed to standardize the management of designees. The Designee Management Policy establishes the process and procedures for managing all aspects of administration including registration, application, selection, appointment, orientation, training, oversight, suspension and termination. The DMS program represents a consolidation of existing policy and procedures across the Office of Aviation Safety (AVS) lines of business: Aircraft Certification Service (AIR), Flight Standards Service (AFS) and the Office of Aerospace Medicine (AAM). All Applicants for designation, current designees, and FAA personnel responsible for managing designees/delegations must follow the Designee Management Policy and use the DMS tool as directed except for the holders of Organization Designation Authorization (ODA).
