Designee Acknowledgement Statement

If designated under Title 49, United States Code, 544702(d) and/or 14 CFR Part 183, I understand that:

I represent the FAA Administrator and must maintain the highest standards, knowledge and skill levels. Designation is a privilege. Designees serve the needs of the FAA in fulfilling its safety mission, allowing the FAA to leverage its resources. This privilege conveys responsibilities, but does not imply employment or other rights unrelated to FAA needs. The FAA has oversight responsibilities over my designation, and can observe my activity as a designee at any time. I must successfully complete required training within the timeframes established, to include passing the examinations provided during training. I will perform my tasks with integrity and cooperation, exercising sound judgement and a professional attitude in all my dealings with the public and the FAA as related to my designation. My designation is predicated on an FAA need for a designee to perform certifications and the ability of the FAA to manage my designation.
