Abstract of Proposed Collection

Annual reports from designated program sponsors assist the Department in oversight and administration of the J-NONIMMIGRANT visa program. The reports provide qualitative data on the number of exchange participants an organization sponsored annually per category of exchange. The reports also provide a summary of the activities in which exchange visitors were engaged and indicate information about program effectiveness. Program sponsors include government agencies, academic institutions, and private sector not-for-profit and for-profit entities.

Methodology

Annual reports are completed through the Student and Exchange Visitor Information System (SEVIS) and then printed and signed by a sponsor official,

and sent to the Department by email, mail, or fax.

Zachary Parker,

Director.

Needs and Uses: As mandated by Congress, persons seeking to construct, acquire or operate a line of railroad and railroads seeking to abandon or to discontinue operations over a line of railroad or, in the case of two or more railroads, to consolidate their interests through merger or a common-control arrangement are required to file an application for prior approval and authority with the Board. See 49 U.S.C. 10901–03, 11323–26. Under 49 U.S.C. 10502, persons may seek an exemption from many of the application requirements of sections 10901–03 and 11323–26 by filing with the Board a petition for exemption or notice of exemption in lieu of an application. The collection by the Board of these applications, petitions, and notices (including collection of disclosures of rail interchange commitments under 49 CFR 1121.3(d), 1150.33(h), 1150.43(h), and 1180.4(g)(4)) enables the Board to meet its statutory duty to regulate the referenced rail transactions. In some cases, the actions for which authority is sought may create agreements with interchange commitments. If the interchange commitments limit the future interchange of traffic with third parties, then certain information must be disclosed to the Board about those commitments. 49 CFR 1121.3(d), 1150.33(h), 1150.43(h), 1180.4(g)(4). The collection of this information facilitates the case-specific review of interchange commitments and enables the Board’s monitoring of their usage generally.

Under the PRA, a federal agency that conducts or sponsors a collection of information must display a currently valid OMB control number. A collection of information, which is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c), includes agency requirements that persons submit reports, keep records, or provide information to the agency, third parties, or the public. Under 44 U.S.C. 3506(c)(2)(A), federal agencies are required to provide, prior to an agency’s submitting a collection to OMB for

approval, a 60-day notice and comment period through publication in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information.

Dated: April 14, 2020.

Jeffrey Herzig,
Clearance Clerk.
