

National Credit Union Administration

§ 723.1

(e) Be performed by State licensed or certified appraisers in accordance with requirements set forth in this subpart.

[60 FR 51894, Oct. 4, 1995]

§ 722.5 Appraiser independence.

(a) *Staff appraiser.* If an appraisal is prepared by a staff appraiser, that appraiser must be independent of the lending, investment, and collection functions and not involved, except as an appraiser, in the federally related transaction, and have no direct or indirect interest, financial or otherwise, in the property. If the only qualified persons available to perform an appraisal are involved in the lending, investment, or collection functions of the credit union, the credit union shall take appropriate steps to ensure that the appraisers exercise independent judgment. Such steps include, but are not limited to, prohibiting an individual from performing an appraisal in connection with federally related transactions in which the appraiser is otherwise involved.

(b) *Fee appraisers.* (1) If an appraisal is prepared by a fee appraiser, the appraiser shall be engaged directly by the credit union or its agent and have no direct or indirect interest, financial or otherwise, in the property or the transaction.

(2) A credit union also may accept an appraisal that was prepared by an appraiser engaged directly by another financial services institution; if:

(i) The appraiser has no direct or indirect interest, financial or otherwise, in the property or transaction; and

(ii) The credit union determines that the appraisal conforms to the requirement of this regulation and is otherwise acceptable.

[55 FR 30207, July 25, 1990, as amended at 60 FR 51895, Oct. 4, 1995]

§ 722.6 Professional association membership; competency.

(a) *Membership in appraisal organization.* A state-certified appraiser or a state-licensed appraiser may not be excluded from consideration for an assignment for a federally related transaction solely by virtue of membership or lack of membership in any particular appraisal organization.

(b) *Competency.* All staff and fee appraisers performing appraisals in connection with federally related transactions must be state-certified or -licensed as appropriate. However, a state-certified or -licensed appraiser may not be considered competent solely by virtue of being certified or licensed. Any determination of competency shall be based upon the individual's experience and educational background as they relate to the particular appraisal assignment for which he or she is being considered.

§ 722.7 Enforcement.

Credit unions and institution-affiliated parties, including staff appraisers and fee appraisers, may be subject to removal and/or prohibition orders, cease-and-desist orders, and the imposition of civil money penalties pursuant to section 1786 of the Federal Credit Union Act, or any other applicable law.

PART 723—MEMBER BUSINESS LOANS; COMMERCIAL LENDING

Sec.

723.1 Purpose and scope.

723.2 Definitions.

723.3 Board of directors and management responsibilities.

723.4 Commercial loan policy.

723.5 Collateral and security.

723.6 Construction and development loans.

723.7 Prohibited activities.

723.8 Aggregate member business loan limit; exclusions and exceptions.

723.9 Transitional provisions.

723.10 State regulation of business lending.

AUTHORITY: 12 U.S.C. 1756, 1757, 1757A, 1766, 1785, 1789.

SOURCE: 81 FR 13554, Mar. 14, 2016, unless otherwise noted.

EDITORIAL NOTE: Nomenclature changes to part 723 appear at 84 FR 1608, Feb. 5, 2019.

§ 723.1 Purpose and scope.

(a) *Purpose.* This part is intended to accomplish two broad objectives. First, it sets out policy and program responsibilities that a federally insured credit union must adopt and implement as part of a safe and sound commercial lending program. Second, it incorporates the statutory limit on the aggregate amount of member business

loans that a federally insured credit union may make pursuant to Section 107A of the Federal Credit Union Act. The rule distinguishes between these two distinct objectives.

(b) *Credit unions and loans covered by this part.* (1) This part applies to federally insured natural person credit unions. However, a federally insured natural person credit union is not subject to §§ 723.3 and 723.4 of this part if it meets all of the following conditions:

(i) The credit union's total assets are less than \$250 million.

(ii) The credit union's aggregate amount of outstanding commercial loan balances and unfunded commitments, plus any outstanding commercial loan balances and unfunded commitments of participations sold, plus any outstanding commercial loan balances and unfunded commitments sold and serviced by the credit union total less than 15 percent of the credit union's net worth.

(iii) In a given calendar year the amount of originated and sold commercial loans the credit union does not continue to service total less than 15 percent of the credit union's net worth.

(2) This part does not apply to loans:

(i) Made by a corporate credit union, as defined in part 704 of this chapter;

(ii) Made by a federally insured credit union to another federally insured credit union;

(iii) Made by a federally insured credit union to a credit union service organization, as defined in part 712 and § 741.222 of this chapter; or

(iv) Fully secured by a lien on a 1- to 4-family residential property that is a member's primary residence.

(c) *Other regulations that apply.* (1) For federal credit unions, the requirements of § 701.21(a) through (g) of this chapter apply to commercial loans granted by a federal credit union to the extent they are consistent with this part. As required by § 741.203 of this chapter, a federally insured state-chartered credit union must comply with § 701.21(c)(8) of this chapter concerning prohibited fees, and § 701.21(d)(5) of this chapter concerning non-preferential loans.

(2) If a Federal credit union makes a commercial loan through a program in which a federal or state agency (or its

political subdivision) insures repayment, guarantees repayment, or provides an advance commitment to purchase the loan in full, and that program has requirements that are less restrictive than those required by this rule, then the Federal credit union may follow the loan requirements of the relevant guaranteed loan program. A federally insured state-chartered credit union that is subject to this part and that makes a commercial loan as part of a loan program in which a federal or state agency (or its political subdivision) insures repayment, guarantees repayment, or provides an advance commitment to purchase the loan in full, and that program has requirements that are less restrictive than those required by this rule, then the federally insured state-chartered credit union may follow the loan requirements of the relevant guaranteed loan program, provided that its state supervisory authority has determined that it has authority to do so under state law.

(3) The requirements of § 701.23 of this chapter apply to a Federal credit union's purchase, sale, or pledge of a commercial loan as an eligible obligation.

(4) The requirements of § 701.22 of this chapter apply to a federally insured credit union's purchase of a participation interest in a commercial loan.

EFFECTIVE DATE NOTE: At 80 FR 66723, Oct. 29, 2015, § 723.1 was amended in paragraph (d) by removing the words "and the risk weighting standards of part 702 of this chapter"; and in paragraph (e), by removing the words "and the risk weighting standards under part 702 of this chapter", effective Jan. 1, 2019. At 83 FR 55467, Nov. 6, 2018, the effective date was delayed until Jan. 1, 2020. At 84 FR 68781, Dec. 17, 2019, the effective date was further delayed until Jan. 1, 2022.

§ 723.2 Definitions.

For purposes of this part, the following definitions apply:

Associated borrower means any other person or entity with a shared ownership, investment, or other pecuniary interest in a business or commercial endeavor with the borrower. This means any person or entity named as a borrower or debtor in a loan or extension of credit, or any other person or entity, such as a drawer, endorser, or

guarantor, engaged in a common enterprise with the borrower, or deriving a direct benefit from the loan to the borrower. Exceptions to this definition for partnerships, joint ventures and associations are as follows:

(1) If the borrower is a partnership, joint venture or association, and the other person with a shared ownership, investment, or other pecuniary interest in a business or commercial endeavor with the borrower is a member or partner of the borrower, and neither a direct benefit nor a common enterprise exists, such other person is not an associated borrower.

(2) If the borrower is a member or partner of a partnership, joint venture, or association, and the other entity with a shared ownership, investment, or other pecuniary interest in a business or commercial endeavor with the borrower is the partnership, joint venture, or association and the borrower is a limited partner of that other entity, and by the terms of a partnership or membership agreement valid under applicable law, the borrower is not held generally liable for the debts or actions of that other entity, such other entity is not an associated borrower.

(3) If the borrower is a member or partner of a partnership, joint venture, or association, and the other person with a shared ownership, investment, or other pecuniary interest in a business or commercial endeavor with the borrower is another member or partner of the partnership, joint venture, or association, and neither a direct benefit nor a common enterprise exists, such other person is not an associated borrower.

Commercial loan means any loan, line of credit, or letter of credit (including any unfunded commitments), and any interest a credit union obtains in such loans made by another lender, to individuals, sole proprietorships, partnerships, corporations, or other business enterprises for commercial, industrial, agricultural, or professional purposes, but not for personal expenditure purposes. Excluded from this definition are loans made by a corporate credit union; loans made by a federally insured credit union to another federally insured credit union; loans made by a federally insured credit union to a

credit union service organization; loans secured by a 1- to 4-family residential property (whether or not it is the borrower's primary residence); loans fully secured by shares in the credit union making the extension of credit or deposits in other financial institutions; loans secured by a vehicle manufactured for household use; and loans that would otherwise meet the definition of commercial loan and which, when the aggregate outstanding balances plus unfunded commitments less any portion secured by shares in the credit union to a borrower or an associated borrower, are equal to less than \$50,000.

Common enterprise means:

(1) The expected source of repayment for each loan or extension of credit is the same for each borrower and no individual borrower has another source of income from which the loan (together with the borrower's other obligations) may be fully repaid. An employer will not be treated as a source of repayment because of wages and salaries paid to an employee, unless the standards described in paragraph (2) of this definition are met;

(2) Loans or extensions of credit are made:

(i) To borrowers who are related directly or indirectly through common control, including where one borrower is directly or indirectly controlled by another borrower; and

(ii) Substantial financial interdependence exists between or among the borrowers. Substantial financial interdependence means 50 percent or more of one borrower's gross receipts or gross expenditures (on an annual basis) are derived from transactions with another borrower. Gross receipts and expenditures include gross revenues or expenses, intercompany loans, dividends, capital contributions, and similar receipts or payments; or

(3) Separate borrowers obtain loans or extensions of credit to acquire a business enterprise of which those borrowers will own more than 50 percent of the voting securities or voting interests.

Control means a person or entity directly or indirectly, or acting through or together with one or more persons or entities:

§ 723.2

(1) Owns, controls, or has the power to vote 25 percent or more of any class of voting securities of another person or entity;

(2) Controls, in any manner, the election of a majority of the directors, trustees, or other persons exercising similar functions of another person or entity; or

(3) Has the power to exercise a controlling influence over the management or policies of another person or entity.

Credit risk rating system means a formal process that identifies and assigns a relative credit risk score to each commercial loan in a federally insured credit union's portfolio, using ordinal ratings to represent the degree of risk. The credit risk score is determined through an evaluation of quantitative factors based on financial performance and qualitative factors based on management, operational, market, and business environmental factors.

Direct benefit means the proceeds of a loan or extension of credit to a borrower, or assets purchased with those proceeds, that are transferred to another person or entity, other than in a bona fide arm's-length transaction where the proceeds are used to acquire property, goods, or services.

Immediate family member means a spouse or other family member living in the same household.

Loan secured by a 1- to 4-family residential property means a loan that, at origination, is secured wholly or substantially by a lien on a 1- to 4-family residential property for which the lien is central to the extension of the credit; that is, the borrower would not have been extended credit in the same amount or on terms as favorable without the lien. A loan is wholly or substantially secured by a lien on a 1- to 4-family residential property if the estimated value of the real estate collateral at origination (after deducting any senior liens held by others) is greater than 50 percent of the principal amount of the loan.

Loan secured by a vehicle manufactured for household use means a loan that, at origination, is secured wholly or substantially by a lien on a new and used passenger car and other vehicle such as a minivan, sport-utility vehi-

12 CFR Ch. VII (1-1-20 Edition)

cle, pickup truck, and similar light truck or heavy-duty truck generally manufactured for personal, family, or household use and not used as a fleet vehicle or to carry fare-paying passengers, for which the lien is central to the extension of credit. A lien is central to the extension of credit if the borrower would not have been extended credit in the same amount or on terms as favorable without the lien. A loan is wholly or substantially secured by a lien on a vehicle manufactured for household use if the estimated value of the collateral at origination (after deducting any senior liens held by others) is greater than 50 percent of the principal amount of the loan.

Loan-to-value ratio means, with respect to any item of collateral, the aggregate amount of all sums borrowed and secured by that collateral, including outstanding balances plus any unfunded commitment or line of credit from another lender that is senior to the federally insured credit union's lien position, divided by the current collateral value. The current collateral value must be established by prudent and accepted commercial lending practices and comply with all regulatory requirements. For a construction and development loan, the collateral value is the lesser of cost to complete or prospective market value, as determined in accordance with § 723.6 of this part.

Net worth means a federally insured credit union's net worth, as defined in part 702 of this chapter.

Readily marketable collateral means a financial instrument or bullion that is salable under ordinary market conditions with reasonable promptness at a fair market value determined by quotations based upon actual transactions on an auction or similarly available daily bid and ask price market.

Residential property means a house, condominium unit, cooperative unit, manufactured home (whether completed or under construction), or unimproved land zoned for 1- to 4-family residential use. A boat or motor home, even if used as a primary residence, or timeshare property is not residential property.

National Credit Union Administration

§ 723.4

§ 723.3 Board of directors and management responsibilities.

Prior to engaging in commercial lending, a federally insured credit union must address the following board responsibilities and operational requirements:

(a) *Board of directors.* A federally insured credit union's board of directors, at a minimum, must:

(1) Approve a commercial loan policy that complies with § 723.4 of this part. The board must review its policy on an annual basis, prior to any material change in the federally insured credit union's commercial lending program or related organizational structure, and in response to any material change in portfolio performance or economic conditions, and update it when warranted.

(2) Ensure the federally insured credit union appropriately staffs its commercial lending program in compliance with paragraph (b) of this section.

(3) Understand and remain informed, through periodic briefings from responsible staff and other methods, about the nature and level of risk in the federally insured credit union's commercial loan portfolio, including its potential impact on the federally insured credit union's earnings and net worth.

(b) *Required expertise and experience.* A federally insured credit union making, purchasing, or holding any commercial loan must internally possess the following experience and competencies:

(1) *Senior executive officers.* A federally insured credit union's senior executive officers overseeing the commercial lending function must understand the federally insured credit union's commercial lending activities. At a minimum, senior executive officers must have a comprehensive understanding of the role of commercial lending in the federally insured credit union's overall business model and establish risk management processes and controls necessary to safely conduct commercial lending.

(2) *Qualified lending personnel.* A federally insured credit union must employ qualified staff with experience in the following areas:

(i) Underwriting and processing for the type(s) of commercial lending in which the federally insured credit union is engaged;

(ii) Overseeing and evaluating the performance of a commercial loan portfolio, including rating and quantifying risk through a credit risk rating system; and

(iii) Conducting collection and loss mitigation activities for the type(s) of commercial lending in which the federally insured credit union is engaged.

(3) *Options to meet the required experience.* A federally insured credit union may meet the experience requirements in paragraphs (b)(1) and (2) of this section by conducting internal training and development, hiring qualified individuals, or using a third-party, such as an independent contractor or a credit union service organization. However, with respect to the qualified lending personnel requirements in paragraph (b)(2) of this section, use of a third-party is permissible only if the following conditions are met:

(i) The third-party has no affiliation or contractual relationship with the borrower or any associated borrowers;

(ii) The actual decision to grant a loan must reside with the federally insured credit union;

(iii) Qualified federally insured credit union staff exercises ongoing oversight over the third party by regularly evaluating the quality of any work the third party performs for the federally insured credit union; and

(iv) The third-party arrangement must otherwise comply with § 723.7 of this part.

§ 723.4 Commercial loan policy.

Prior to engaging in commercial lending, a federally insured credit union must adopt and implement a comprehensive written commercial loan policy and establish procedures for commercial lending. The board-approved policy must ensure the federally insured credit union's commercial lending activities are performed in a safe and sound manner by providing for ongoing control, measurement, and management of the federally insured credit union's commercial lending activities. At a minimum, a federally insured credit union's commercial loan policy must address each of the following:

(a) Type(s) of commercial loans permitted.

§ 723.4

(b) Trade area.

(c) Maximum amount of assets, in relation to net worth, allowed in secured, unsecured, and unguaranteed commercial loans and in any given category or type of commercial loan and to any one borrower or group of associated borrowers. The policy must specify that the aggregate dollar amount of commercial loans to any one borrower or group of associated borrowers may not exceed the greater of 15 percent of the federally insured credit union's net worth or \$100,000, plus an additional 10 percent of the credit union's net worth if the amount that exceeds the credit union's 15 percent general limit is fully secured at all times with a perfected security interest by readily marketable collateral as defined in § 723.2 of this part. Any insured or guaranteed portion of a commercial loan made through a program in which a federal or state agency (or its political subdivision) insures repayment, guarantees repayment, or provides an advance commitment to purchase the loan in full, is excluded from this limit.

(d) Qualifications and experience requirements for personnel involved in underwriting, processing, approving, administering, and collecting commercial loans.

(e) Loan approval processes, including establishing levels of loan approval authority commensurate with the individual's or committee's proficiency in evaluating and understanding commercial loan risk, when considered in terms of the level of risk the borrowing relationship poses to the federally insured credit union.

(f) Underwriting standards commensurate with the size, scope and complexity of the commercial lending activities and borrowing relationships contemplated. The standards must, at a minimum, address the following:

(1) The level and depth of financial analysis necessary to evaluate the financial trends and condition of the borrower and the ability of the borrower to meet debt service requirements;

(2) Thorough due diligence of the principal(s) to determine whether any related interests of the principal(s) might have a negative impact or place an undue burden on the borrower and

12 CFR Ch. VII (1-1-20 Edition)

related interests with regard to meeting the debt obligations with the credit union;

(3) Requirements of a borrower-prepared projection when historic performance does not support projected debt payments. The projection must be supported by reasonable rationale and, at a minimum, must include a projected balance sheet and income and expense statement;

(4) The financial statement quality and the degree of verification sufficient to support an accurate financial analysis and risk assessment;

(5) The methods to be used in collateral evaluation, for all types of collateral authorized, including loan-to-value ratio limits. Such methods must be appropriate for the particular type of collateral. The means to secure various types of collateral, and the measures taken for environmental due diligence must also be appropriate for all authorized collateral; and

(6) Other appropriate risk assessment including analysis of the impact of current market conditions on the borrower and associated borrowers.

(g) Risk management processes commensurate with the size, scope and complexity of the federally insured credit union's commercial lending activities and borrowing relationships. These processes must, at a minimum, address the following:

(1) Use of loan covenants, if appropriate, including frequency of borrower and guarantor financial reporting;

(2) Periodic loan review, consistent with loan covenants and sufficient to conduct portfolio risk management. This review must include a periodic re-evaluation of the value and marketability of any collateral;

(3) A credit risk rating system. Credit risk ratings must be assigned to commercial loans at inception and reviewed as frequently as necessary to satisfy the federally insured credit union's risk monitoring and reporting policies, and to ensure adequate reserves as required by generally accepted accounting principles (GAAP); and

(4) A process to identify, report, and monitor loans approved as exceptions to the credit union's loan policy.

§ 723.5 Collateral and security.

(a) A federally insured credit union must require collateral commensurate with the level of risk associated with the size and type of any commercial loan. Collateral must be sufficient to ensure adequate loan balance protection along with appropriate risk sharing with the borrower and principal(s). A federally insured credit union making an unsecured loan must determine and document in the loan file that mitigating factors sufficiently offset the relevant risk.

(b) A federally insured credit union that does not require the full and unconditional personal guarantee from the principal(s) of the borrower who has a controlling interest in the borrower must determine and document in the loan file that mitigating factors sufficiently offset the relevant risk.

(1) *Transitional provision.* A federally insured credit union that, between May 13, 2016 and January 1, 2017, makes a member business loan and does not require the full and unconditional personal guarantee from the principal(s) of the borrower who has a controlling interest in the borrower is not required to seek a waiver from the requirement for personal guarantee, but it must determine and document in the loan file that mitigating factors sufficiently offset the relevant risk.

(2) [Reserved]

§ 723.6 Construction and development loans.

In addition to the foregoing, the following requirements apply to a construction and development loan made by any federally insured credit union.

(a) For the purposes of this section, a construction or development loan means any financing arrangement to enable the borrower to acquire property or rights to property, including land or structures, with the intent to construct or renovate an income producing property, such as residential housing for rental or sale, or a commercial building, such as may be used for commercial, agricultural, industrial, or other similar purposes. It also means a financing arrangement for the construction, major expansion or renovation of the property types referenced in this section. The collateral

valuation for securing a construction or development loan depends on the satisfactory completion of the proposed construction or renovation where the loan proceeds are disbursed in increments as the work is completed. A loan to finance maintenance, repairs, or improvements to an existing income producing property that does not change its use or materially impact the property is not a construction or development loan.

(b) A federally insured credit union that elects to make a construction or development loan must ensure that its commercial loan policy includes adequate provisions by which the collateral value associated with the project is properly determined and established. For a construction or development loan, collateral value is the lesser of the project's cost to complete or its prospective market value.

(1) For the purposes of this section, cost to complete means the sum of all qualifying costs necessary to complete a construction project and documented in an approved construction budget. Qualifying costs generally include on- or off-site improvements, building construction, other reasonable and customary costs paid to construct or improve a project, including general contractor's fees, and other expenses normally included in a construction contract such as bonding and contractor insurance. Qualifying costs include the value of the land, determined as the lesser of appraised market value or purchase price plus the cost of any improvements. Qualifying costs also include interest, a contingency account to fund unanticipated overruns, and other development costs such as fees and related pre-development expenses. Interest expense is a qualifying cost only to the extent it is included in the construction budget and is calculated based on the projected changes in the loan balance up to the expected "as-complete" date for owner-occupied non-income producing commercial real estate or the "as-stabilized" date for income producing real estate. Project costs for related parties, such as developer fees, leasing expenses, brokerage commissions, and management fees, are included in qualifying costs only if reasonable in comparison to the cost of

§ 723.7

similar services from a third party. Qualifying costs exclude interest or preferred returns payable to equity partners or subordinated debt holders, the developer's general corporate overhead, and selling costs to be funded out of sales proceeds such as brokerage commissions and other closing costs.

(2) For the purposes of this section, prospective market value means the market value opinion determined by an independent appraiser in compliance with the relevant standards set forth in the Uniform Standards of Professional Appraisal Practice. Prospective value opinions are intended to reflect the current expectations and perceptions of market participants, based on available data. Two prospective value opinions may be required to reflect the time frame during which development, construction, and occupancy occur. The prospective market value "as-completed" reflects the property's market value as of the time that development is to be completed. The prospective market value "as-stabilized" reflects the property's market value as of the time the property is projected to achieve stabilized occupancy. For an income producing property, stabilized occupancy is the occupancy level that a property is expected to achieve after the property is exposed to the market for lease over a reasonable period of time and at comparable terms and conditions to other similar properties.

(c) A federally insured credit union that elects to make a construction and development loan must also assure its commercial loan policy meets the following conditions:

(1) Qualified personnel representing the interests of the federally insured credit union must conduct a review and approval of any line item construction budget prior to closing the loan;

(2) A credit union approved requisition and loan disbursement process is established;

(3) Release or disbursement of loan funds occurs only after on-site inspections, documented in a written report by qualified personnel representing the interests of the federally insured credit union, certifying that the work requisitioned for payment has been satisfactorily completed, and the remaining funds available to be disbursed from

12 CFR Ch. VII (1-1-20 Edition)

the construction and development loan is sufficient to complete the project; and

(4) Each loan disbursement is subject to confirmation that no intervening liens have been filed.

§ 723.7 Prohibited activities.

(a) *Ineligible borrowers.* A federally insured credit union may not grant a commercial loan to the following:

(1) Any senior management employee directly or indirectly involved in the credit union's commercial loan underwriting, servicing, and collection process, and any of their immediate family members;

(2) Any person meeting the definition of an associated borrower with respect to persons identified in paragraph (a)(1) of this section; or

(3) Any compensated director, unless the federally insured credit union's board of directors approves granting the loan and the compensated director was recused from the board's decision making process.

(b) *Equity agreements/joint ventures.* A federally insured credit union may not grant a commercial loan if any additional income received by the federally insured credit union or its senior management employees is tied to the profit or sale of any business or commercial endeavor that benefits from the proceeds of the loan.

(c) *Conflicts of interest.* Any third party used by a federally insured credit union to meet the requirements of this part must be independent from the commercial loan transaction and may not have a participation interest in a loan or an interest in any collateral securing a loan that the third party is responsible for reviewing, or an expectation of receiving compensation of any sort that is contingent on the closing of the loan, with the following exceptions:

(1) A third party may provide a service to the federally insured credit union that is related to the transaction, such as loan servicing.

(2) The third party may provide the requisite experience to a federally insured credit union and purchase a loan or a participation interest in a loan originated by the federally insured

credit union that the third party reviewed.

(3) A federally insured credit union may use the services of a credit union service organization that otherwise meets the requirements of § 723.3(b)(3) of this part even if the credit union service organization is not independent from the transaction, provided the federally insured credit union has a controlling financial interest in the credit union service organization as determined under GAAP.

EFFECTIVE DATE NOTE: At 80 FR 66723, Oct. 29, 2015, § 723.7 was amended in paragraph (c)(1) by removing the words “as defined by § 702.102(a)(1)” and adding in their place the words “under part 702”, effective Jan. 1, 2019. At 83 FR 55467, Nov. 6, 2018, the effective date was delayed until Jan. 1, 2020. At 84 FR 68781, Dec. 17, 2019, the effective date was further delayed until Jan. 1, 2022.

§ 723.8 Aggregate member business loan limit; exclusions and exceptions.

This section incorporates the statutory limits on the aggregate amount of member business loans that may be held by a federally insured credit union and establishes the method for calculating a federally insured credit union’s net member business loan balance for purposes of the statutory limits and NCUA form 5300 reporting.

(a) *Statutory limits.* The aggregate limit on a federally insured credit union’s net member business loan balances is the lesser of 1.75 times the actual net worth of the credit union, or 1.75 times the minimum net worth required under section 1790d(c)(1)(A) of the Federal Credit Union Act.

(b) *Definition.* For the purposes of this section, member business loan means any commercial loan as defined in 723.2 of this part, except that the following commercial loans are not member business loans and are not counted toward the aggregate limit on a federally insured credit union’s member business loans:

(1) Any loan in which a federal or state agency (or its political subdivision) fully insures repayment, fully guarantees repayment, or provides an advance commitment to purchase the loan in full; and

(2) Any non-member commercial loan or non-member participation interest

in a commercial loan made by another lender, provided the federally insured credit union acquired the non-member loans and participation interests in compliance with all relevant laws and regulations and it is not, in conjunction with one or more other credit unions, trading member business loans to circumvent the aggregate limit.

(3) Any loan that is fully secured by a lien on a 1- to 4- family dwelling.

(c) *Exception.* Any loan secured by a vehicle manufactured for household use that will be used for a commercial, corporate, or other business investment property or venture, or agricultural purpose, is not a commercial loan but it is a member business loan (if the outstanding aggregate net member business loan balance is \$50,000 or greater) and must be counted toward the aggregate limit on a federally insured credit union’s member business loans.

(d) *Statutory exemptions.* A federally insured credit union that has a low-income designation, or participates in the Community Development Financial Institutions program, or was chartered for the purpose of making member business loans, or which as of the date of enactment of the Credit Union Membership Access Act of 1998 had a history of primarily making commercial loans, is exempt from compliance with the aggregate member business loan limits in this section.

(e) *Method of calculation for net member business loan balance.* For the purposes of NCUA form 5300 reporting, a federally insured credit union’s net member business loan balance is determined by calculating the outstanding loan balance plus any unfunded commitments, reduced by any portion of the loan that is secured by shares in the credit union, or by shares or deposits in other financial institutions, or by a lien on a member’s primary residence, or insured or guaranteed by any agency of the federal government, a state or any political subdivision of such state, or subject to an advance commitment to purchase by any agency of the Federal Government, a state or any political subdivision of such state, or sold as a participation interest without recourse and qualifying for

§ 723.9

true sales accounting under generally accepted accounting principles.

[81 FR 13554, Mar. 14, 2016, as amended at 83 FR 25882, June 5, 2018]

§ 723.9 Transitional provisions.

This section governs circumstances in which, as of January 1, 2017, a federally insured credit union is operating in accordance with an approved waiver from NCUA or is subject to any enforcement constraint relative to its commercial lending activities.

(a) *Waivers.* As of January 1, 2017, any waiver approved by NCUA concerning a federally insured credit union's commercial lending activity is rendered moot except for waivers granted for borrowing relationship limits. Borrowing relationships granted a waiver will be grandfathered however the debt associated with those relationships may not be increased.

(b) *Enforcement constraints.* Limitations or other conditions imposed on a federally insured credit union in any written directive from NCUA, including but not limited to items specified in any Document of Resolution, any published or unpublished Letter of Understanding and Agreement, Regional Director Letter, Preliminary Warning Letter, or formal enforcement action, are unaffected by the adoption of this part. Included within this paragraph are any constraints or conditions embedded within any waiver issued by NCUA. As of January 1, 2017, all such limitations or other conditions remain in place until such time as they are modified by NCUA.

§ 723.10 State regulation of business lending.

(a) *State rules.* Federally insured state chartered credit unions in a given state are exempted from compliance with this part if the state supervisory authority administers a state commercial and member business loan rule for use by federally insured credit unions chartered in that state, provided the state rule at least covers all the provisions in this part and is no less restrictive, upon determination by NCUA.

(b) *Grandfathering of NCUA-approved state rules.* A state supervisory authority that administers a state commercial and member business loan rule

12 CFR Ch. VII (1–1–20 Edition)

previously approved by NCUA may continue to administer that rule in its current NCUA-approved format. Any modification of that rule must be consistent with this rule, but modification of one part of an existing NCUA-approved state rule will not cause other parts of that rule to lose their grandfathered status.

PART 724—TRUSTEES AND CUSTODIANS OF CERTAIN TAX-ADVANTAGED SAVINGS PLANS

Sec.

724.1 Federal credit unions acting as trustees and custodians of certain tax-advantaged savings plans.

724.2 Self-directed plans.

724.3 Appointment of successor trustee or custodian.

AUTHORITY: 12 U.S.C. 1757, 1765, 1766 and 1787.

SOURCE: 55 FR 30211, July 25, 1990, unless otherwise noted.

§ 724.1 Federal credit unions acting as trustees and custodians of certain tax-advantaged savings plans.

A federal credit union is authorized to act as trustee or custodian, and may receive reasonable compensation for so acting, under any written trust instrument or custodial agreement created or organized in the United States and forming part of a tax-advantaged savings plan which qualifies or qualified for specific tax treatment under sections 223, 401(d), 408, 408A and 530 of the Internal Revenue Code (26 U.S.C. 223, 401(d), 408, 408A and 530), for its members or groups of its members, provided the funds of such plans are invested in share accounts or share certificate accounts of the Federal credit union. Federal credit unions located in a territory, including the trust territories, or a possession of the United States, or the Commonwealth of Puerto Rico, are also authorized to act as trustee or custodian for such plans, if authorized under sections 223, 401(d), 408, 408A and 530 of the Internal Revenue Code as applied to the territory or possession under similar provisions of territorial law. All funds held in a trustee or custodial capacity must be maintained in accordance with applicable laws and
