#### BUREAU OF CONSUMER FINANCIAL PROTECTION

# REQUEST FOR APPROVAL UNDER THE "GENERIC INFORMATION COLLECTION PLAN FOR QUALITATIVE CONSUMER EDUCATION, ENGAGEMENT, AND EXPERIENCE INFORMATION COLLECTIONS"

(OMB Control Number: 3170-0036)

#### 1. TITLE OF INFORMATION COLLECTION:

Consumer Testing of Spanish Disclosure Documents

#### 2. PURPOSE:

This data collection effort will consist of recruitment of up to 20 consumers for one-on-one interviews. A CFPB contractor will hold interviews of Spanish language speakers including two groups of consumers. The overall outcome for the CFPB is to arrive at Spanish-language disclosures that are the equivalent of the English-language versions, in that they are accurate and free of terminology that hinders understanding. The outcome of the testing might be specific language items that should be adhered to in Spanish versions, as well as an overall sense from the participants about whether the Spanish disclosures accurately describe their experiences with the two products.

Specifically, the testing will:

- Check the accuracy of the language and check for possible instances where specific wording could be improved within the legal structure of the disclosure or whether certain words are better than others (e.g., having FDIC vs. la Corporacion Federal de Seguros de Depositos or having ATM vs. cajero automatic).
- Provide direction for further financial education on unfamiliar concepts and terminology and areas of confusion.

The data collection is not intended to inform policy development of new required disclosures. The Spanish language disclosures are intended to educational purposes.

#### 3. **DESCRIPTION OF RESPONDENTS**:

Consumers who speak primarily Spanish who have experiences or familiarity with the disclosure topics.
