 - [INSERT – AIRLINE NAME has agreed to notify the crew serving these passengers on this flight] **(you must ask the airline about this)-delete if not applicable**
- OR**
- [INSERT- The cabin crew serving these passengers on this flight] **–delete if not applicable**

This record should contain the information listed below, as available:

- Full name (first, middle initial, last)
- Seat number
- Date of birth
- Sex
- Primary phone number
- Secondary phone number
- Address
- Email address
- Passport number and issuing country

CDC also requests seat configuration for the requested contact area (example: AB/aisle/CDE/aisle/FG, bulkhead in front of row 9).

If this information is not available, it should be noted as part of the response to CDC. Information provided to CDC will be used in the public health investigation and to notify potentially exposed passengers and crew, so that they may receive timely medical intervention.

CDC is issuing this order to prevent the importation and spread of a communicable disease of public health importance. Failure to comply with this order may result in the imposition of fines or other penalties as provided in 42 USC § 271, or as otherwise provided by law. CDC maintains information retrieved by personal identifier in accordance with federal law, including the Privacy Act of 1974 (5 USC 552a). Identifiable information may be shared with authorized personnel of the U.S. Department of Health and Human Services, state and/or local public health departments, and other cooperating authorities.

In testimony whereof, the Chief, Quarantine and Border Health Services Branch, Division of Global Migration and Quarantine, National Center for Emerging and Zoonotic Infectious Diseases, Centers for Disease Control and Prevention, has hereunto set his hand at Atlanta, Georgia, this [\[HQ INSERT Today's Date \(e.g., 1st day of January, 2014\)\]](#).
