## **I. INTRODUCTION**

This form is to be used to appoint individuals as trainees to institutional Ruth L. It can also be used to document the appointment of scholars to institutional career development awards (e.g., K12) and individual participants to research education awards (e.g., R25).

Please read carefully the following instructions, including the Privacy Act Statement at the end of this document. All items on the form must be completed unless otherwise indicated in these instructions.

## **II. GENERAL INSTRUCTIONS**

### **A. Definitions:**

#### **Types of Awards**

**Kirschstein-NRSA.** Awards that provide undergraduate, predoctoral, and postdoctoral research training support under the authority of Section 487 of the PHS Act (42 USC 288). All Kirschstein-NRSA trainees must meet specific citizenship requirements – for details, see Item 8.

**Non-NRSA Research Training.** Awards that provide predoctoral and postdoctoral research training support through non-NRSA funding authorities. These training programs may or may not have the same provisions and requirements as Kirschstein-NRSA awards (e.g., specific citizenship requirements).

**Career Development.** Awards that provide doctoral-level investigators an opportunity to enhance their research careers. Individuals appointed to institutional career development awards must meet specific citizenship requirements—for details, see Item 8.

**Research Education.** Awards that provide support for programs intended to attract investigators to a specific field of study. Individuals appointed to research education award

programs may or may not be subject to specific citizenship requirements—for details, see Item 8.

### **Types of Appointments**

**Trainee.** A person appointed to and supported by an institutional Kirschstein-NRSA or non-NRSA research training award.

**Scholar.** A person appointed to and supported by an institutional career development award.

**Participant.** A person appointed to and supported by a research education award.

### **B. Application**

A “Statement of Appointment” form covers the support of an individual for a particular budget period and is required for each new appointment, reappointment, or amended appointment of an individual receiving stipend, tuition costs, or travel expenses as a trainee under a Kirschstein-NRSA or other applicable PHS institutional training grant. This form may also be used to document the salary and other support provided to an individual as a scholar or participant under a career development or research education program award in which the institution selects and appoints the individual. The form (which is signed by both the individual and the Program Director) must be completed and submitted to PHS at the time the individual starts the appointment or reappointment, or, in the case of an amendment, as soon as the change occurs. If there are multiple Program Directors on the award, the contact PD should sign.

For **new** postdoctoral trainees appointed to Kirschstein-NRSA institutional grants, a signed and dated [payback agreement](#) must be submitted with this appointment form before a stipend or other allowance may be paid.

### **C. Submission**

The original should be sent to the awarding component. A copy should also be given to the trainee, scholar, or participant, the Program Director, and Business Official.
