For words he/she understands and also says on his/her own, select the third option (understands and says). If this child uses a different pronunciation of a word or another word with the same meaning (for example, “raffe” for “giraffe” or “nana” for “grandma”), select the word anyway. For each item, select only one response.

Remember, this is a “catalogue” of words that are used by many different children. Don’t worry if this child knows only a few right now.
