

Unaccompanied Alien Children - Coronavirus (COVID-19) Risk Questionnaire

Instructions: This questionnaire presents a screening framework to evaluate Unaccompanied Alien Children (UAC) program staff and visitors for COVID-19 risk factors prior to entering ORR programs. If an individual selects 'Yes' for one or more of the questions below, please restrict access to the program; refer to the "Actions" section for further guidance.

Questions:

1. Are you currently experiencing any signs and symptoms of an acute respiratory illness (fever, cough, or shortness of breath)?
YES NO
2. Have you had contact with someone known to have COVID-19 or who is under investigation for COVID-19?
YES NO
3. Within the last 14 days, have you traveled to an international area with sustained transmission (China, Iran, South Korea, most of Europe)?
YES NO

**A current list of international areas with sustained transmission can be found at: <https://www.cdc.gov/coronavirus/2019-nCoV/hcp/clinical-criteria.html>*

Actions:

Staff

- If the response to Question 1 is 'Yes', access to the facility should be restricted. The staff member must be medically evaluated and cleared by their healthcare provider prior to returning.
- If the response to Question 2 or 3 is 'Yes', access to the facility should be restricted. The staff member must contact the local public health department for further guidance prior to returning.

Visitor

- If the response to Question 1 is 'Yes', access to the facility should be restricted. Facility staff should recommend that the visitor contact their healthcare provider.
- If the response to Question 2 or 3 is 'Yes', access to the facility should be restricted. Facility staff should recommend that the visitor contact the local public health authority. If the visitor returns within 14 days, facility staff should contact the local public health authority to seek additional guidance.
