Frame Up Session - 5 mins

Thank you so much for coming in today. I wanted to give you a little information about what you will be looking at and give you time to ask any questions you might have before we get started. The purpose of today's session is to talk to you about a secure messaging portal for Power of Attorneys. We are independent researchers and did not create this product, so please be as candid as possible when providing feedback. But before we start, let's go over some ground rules.

- Privacy Everything that you say here will be kept strictly private. We will use first names only and names will not be used in any report so please feel free to tell me what you think.
- Voluntary Participation Your participation today is entirely voluntary. You do not have to answer any questions that you do not wish to answer but please keep in mind, there are no wrong answers.
- Time I will be watching our time and directing our conversation. We will be here for about 30 minutes. A formal break has not been scheduled but if you need to stretch, go to the restroom, or walk around a little, feel free to do so but please come back quickly. Your comments and participation are very important to us.
- Recording I'll be taking notes throughout our session, but I'll also be recording to ensure we capture all of your feedback. The recording will include audio only.
- Thanks Thank you again for participating in today's session. We appreciate your time and your feedback today.

Now I'd like to walk you through a product where you will be acting as an Authorized Representative of your client, requesting guided help. (**To researcher:** Allow the participant to click through the slides.) Please follow along and share any opinions you have out loud as you walk through the experience. (**To researcher:** as the user walks through the click-through, encourage them by gently asking “does this make sense to you?” or “do you have any questions?” if they are not talking through their decisions to click forward aloud. Sometimes users are uncomfortable with this practice and need a bit of encouragement.)
