BILLING CODE 4140–01–P

DEPARTMENT OF HOMELAND SECURITY

CISA Reporting Forms

AGENCY: Cybersecurity Division (CSD), Cybersecurity and Infrastructure Security Agency (CISA), Department of Homeland Security (DHS).

ACTION: 30-Day notice and request for comments; revision, 1670–0037.

SUMMARY: DHS CISA CSD will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. CISA previously published this ICR for a 60-day public comment period. No comments were received by CISA. Following the 60-day notice, CISA refined the reporter information section of the CISA Incident Reporting Form to improve the clarity, accuracy, and effectiveness of the data being collected. The purpose of this notice is to allow an additional 30 days for public comments.

DATES: Comments are encouraged and will be accepted until February 5, 2020.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to the OMB Desk Officer, Department of Homeland Security and sent via electronic mail to dhsdeskofficer@omb.eop.gov. All submissions must include the words “Department of Homeland Security” and the OMB Control Number 1670–0037.

Comments submitted in response to this notice may be made available to the public through relevant websites. For this reason, please do not include in your comments information of a confidential nature, such as sensitive personal information or proprietary information. If you send an email comment, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. Please note that responses to

this public comment request containing any routine notice about the confidentiality of the communication will be treated as public comments that may be made available to the public notwithstanding the inclusion of the routine notice.

Kenneth Lee at 703.705.6634 or at *fed_ir_update@hq.dhs.gov*.

SUPPLEMENTARY INFORMATION: Section 2209 of the Homeland Security Act, as amended, established a national cybersecurity and communications integration center to function as “a Federal civilian interface for the multi-directional and cross-sector sharing of information related to cyber threat indicators, defensive measures, cybersecurity risks, incidents, analysis, and warnings for Federal and non-Federal entities.” 6 U.S.C. 659(c)(1). The Federal Information Security Modernization Act of 2014 (FISMA) established a federal information security incident center and required the Department to operate it. 44 U.S.C. 3556(a).

The Cybersecurity and Infrastructure Security Agency (CISA) operates the federal information security incident center. Through this center, FISMA required the Department to provide technical assistance and guidance on detecting and handling security incidents, compile and analyze incident information that threatens information security, inform agencies of current and potential threats and vulnerabilities, and provide intelligence or other information about cyber threats, vulnerabilities, and incidents to agencies. 44 U.S.C. 3556(a). FISMA also required agencies to report information security incidents, major incidents, and data breaches to the federal information security incident center. 44 U.S.C. 3556(b) (information security incidents), 44 U.S.C. 3554(b)(7)(C)(iii)(III) (major incidents); Public Law 113–283, 2(d) (2014) (codified at 44 U.S.C. 3553, note (Breaches)). The Cybersecurity Information Sharing Act of 2015 (CISA 2015) requires DHS, in consultation with interagency partners, to establish the Federal Government’s capability and process for receiving cyber threat indicators and defensive measures, and directs DHS to further share cyber threat indicators and defensive measures it receives with certain federal entities in an automated and real-time manner. 6 U.S.C. 1504(c).

CISA is responsible for performing, coordinating, and supporting response to information security incidents, which may originate outside the Federal community and affect users within it, or

originate within the Federal community and affect users outside of it. Often, therefore, the effective handling of security incidents relies on information sharing among individual users, industry, and the Federal Government, which may be facilitated by and through CISA.

Per the Federal Information Security Modernization Act of 2014, CISA operates the Federal information security incident center for the United States federal government. Each federal agency is required to notify and consult with CISA regarding information security incidents involving federal information systems. Additional entities report incident information to CISA voluntarily.

CISA’s website (at *US-CERT.gov*) is a primary tool used by constituents to report incident information, access information sharing products and services, and interact with CISA. Constituents, which may include anyone or any entity in the public, use forms located on the website to complete these activities.

By accepting incident reports and feedback, and interacting among federal agencies, industry, the research community, state and local governments, and others to disseminate reasoned and actionable cyber security information to the public, CISA has provided a way for citizens, businesses, and other institutions to communicate and coordinate directly with the Federal Government about cybersecurity. The information is collected via the following forms:

1. The Incident Reporting Form, DHS Cyber Threat Indicator and Defensive Measure Submission System and Malware Analysis Submission Form enable end users to report incidents and indicators as well as submit malware artifacts associated with incidents to CISA. This information is used by DHS to conduct analyses and provide warnings of system threats and vulnerabilities, and to develop mitigation strategies as appropriate. The primary purpose for the collection of this information is to allow DHS to contact requestors regarding their request.

2. The Mail Lists Form enables end users to subscribe to the National Cyber Awareness System’s mailing lists, which deliver the content of and links to CISA’s information sharing products. The user must provide an email address in order to subscribe or unsubscribe, though both of these actions are optional. The primary purpose for the collection of this information is to allow DHS to contact requestors regarding their request.

3. The Cyber Security Evaluation Tool (CSET) Download Form, which requests the name, email address, organization, infrastructure sector, country, and intended use of those seeking to download the CSET. All requested fields are optional. The primary purpose for the collection of this information is to allow DHS to contact requestors regarding their request.

In order to be responsive to an ever-changing cybersecurity environment, the forms may change to collect data related to current capabilities or vulnerabilities. Standards, guidelines, and requirements of CISA are perpetually adapting to the volatile cybersecurity environment. CISA must retain the ability to update these forms as required, or CISA will be unable to collect critical incident data in support of our mission. Without the necessary tools and methods to collect this information, CISA will be unable to effectively satisfy mission requirements and support our stakeholders through information collection, analysis, and exchange. The general scope and purpose of the forms will remain the same.

Incident reports are primarily submitted using CISA’s incident auto-submission interface. Alternately, information may be collected through web-based electronic forms, email, or telephone. Web form submission is also used as the collection method for the other forms listed. These methods enable individuals, private sector entities, personnel working at other federal or state agencies, and international entities, including individuals, companies and other nations’ governments to submit information.

This is a revision to an existing form. The changes to the collection since the previous OMB approval include: updating the name of the Agency from NPPD to CISA, updating the Incident Reporting Form, removing the ICSJWG FORM, and updating the burden and cost estimates.

The Incident Reporting Form was updated to add reporting options; and updated to improve user-friendliness by having the form be directional. The changes include: Adding structured, distinct options for reporting incidents, major incidents, breaches, and events under investigation; and adding fields to collect expanded information on topics including attack vectors, indicators of compromise, communications from compromised systems, critical infrastructure sectors, memory captures, system and network logs, and unattributed cyber intrusions.

This is a revised information collection.
OMB is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Title of Collection: CISA Reporting Forms.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-7012-N-10]

60-Day Notice of Proposed Information Collection: Section 8 Moderate Rehabilitation Single Room Occupancy (SRO) Program

AGENCY: Office of Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: *Comments Due Date:* March 6, 2020.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW, Room 4176, Washington, DC 20410-5000; telephone 202-402-3400 (this is not a toll-free number) or email at Colette.Pollard@hud.gov for a copy of the proposed forms or other available information. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at 800-877-8339.

FOR FURTHER INFORMATION CONTACT: Michell M. McBee, Special Needs Assistance Specialist, Office of Special Needs Assistance Programs, Community Planning and Development, U.S. Dept of Housing and Urban Development (HUD), 451 7th Street SW, Washington,

DC 20410; email Michell.M.McBee@hud.gov or telephone 202-402-2799. This is not a toll-free number. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at 800-877-8339. Copies of available documents submitted to OMB may be obtained from Ms. McBee.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Section 8 Moderate Rehabilitation Single Room Occupancy (SRO) Program Renewal.

OMB Approval Number: 2506-New.
Type of Request: New.

Description of the need for the information and proposed use: The Rent Calculation Worksheet is used at the beginning of the renewal contract term to determine the rent cost and can be in effect until contract rents for units in the project are adjusted. The amounts of the monthly contract rents are in accordance with HUD requirements by using the Operating Cost Allocation Factor (OCAF). The Renewal Contract is a Housing Assistance Payments contract (HAP) between the Public Housing Authority and the owner of the project.

Respondents (i.e., affected public): Homeless individuals, Public Housing Authorities, Property/Project Owners.

Estimated Number of Respondents: 378.

Estimated Number of Responses: 378.

Frequency of Response: Annually.

Average Hours per Response: 2.

Total Estimated Burdens: 756 hrs annually.

| Information collection | Number of respondents | Frequency of response | Responses per annum | Burden hour per response | Annual burden hours | Hourly cost per response | Annual cost |
|---|-----------------------|-----------------------|---------------------|--------------------------|---------------------|--------------------------|-------------|
| HAP Contract with Rent Calculation addendum | 378 | 1 | 1 | 2 | 756 | \$40.10 | 30,315.60 |
| Total | | | | | | | |

Hourly Rate at a GS-12 Level: \$40.10.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of

information described in Section A on the following:

- (1) Whether the proposed collection of information is necessary for the proper performance of the functions of

the agency, including whether the information will have practical utility;

- (2) The accuracy of the agency's estimate of the burden of the proposed collection of information;
