

The Department of Education (the Department) proposes to amend the Institutional Eligibility Under the Higher Education Act of 1965, as Amended regulations to implement changes to §600.21 Updating application information. These proposed regulations are a result of negotiated rulemaking in early 2019 and would add new requirements to the current regulations.

The proposed regulations would also require an institution to report the establishment of a written arrangement between the eligible institution and an ineligible institution or organization in which the ineligible institution or organization would provide more than 25 percent of a program.
