OMB# 1850-0598 v.28

Appendix C NTPS Online Screener and Respondent Portal Website Including Teacher Listing Form (TLF)

**National Center for Education Statistics
U.S. Department of Education**

revised November 2019

The **NTPS Screener** is a web-based survey, the purpose of which is to collect basic information about the school, confirm the eligibility of the school in the NTPS, and establish a point of contact at the school (a “survey coordinator”) for subsequent NTPS data collection operations.

The **NTPS Respondent Portal** is a web-based interface, the purpose of which is to allow schools to:

- Submit their Teacher Listing Form (TLF) electronically, either by verifying a pre-populated list of teachers, uploading an Excel file, or entering teacher information manually;
- Update school contact information, including the principal and survey coordinator’s names and e-mail addresses;
- Check the status of each questionnaire assigned to the school;
- Request replacement paper questionnaires; and
- Access a resource center to learn about the NTPS and/or get ideas for how to encourage participation within the school.

Screenshots of the study homepages and several other pages in the websites are provided as examples throughout this document.

What is the purpose of the NTPS Screener?
The purpose of the NTPS Screener is to gather basic information about your school to determine its eligibility for the survey and to establish a "survey coordinator" at your school. A "survey coordinator" is a school staff member who can easily maintain contact with survey respondents in your school and help to make the survey a success.

[Go back to FAQ list](#)

How long does it take to complete the NTPS Screener?
The NTPS Screener will take approximately 5 minutes to complete.

[Go back to FAQ list](#)

What are the next steps for the NTPS?
Data collection for the National Teacher and Principal Survey (NTPS) will begin in September. At that time, your school will receive the necessary materials to complete three related surveys:

- + Principal Questionnaire
- + School Questionnaire
- + Teacher Listing Form (TLF)

[Go back to FAQ list](#)

What are the duties of the "survey coordinator"?

The duties of the survey coordinator include completing or distributing materials to the appropriate individuals for their completion of a Teacher Listing Form and School Questionnaire, distributing materials to the school principal for the completion of the Principal Questionnaire, distributing materials to sampled teachers for their completion of the Teacher Questionnaire, and following up with the applicable school staff as needed.

What is the NTPS?

The NTPS is a system of related questionnaires that provides policymakers and researchers with relevant and timely data on the characteristics and conditions of America's public, charter, and private K-12 schools and the professionals who work in them. The data collected permit detailed analyses of the characteristics of schools, principals, teachers, and students. The data also link the NTPS components, which enable researchers to examine the relationships among these elements of the education system. For example, researchers can study teacher attrition using information not only provided by teachers, but also from their principals.

The NTPS has been designed with input from state and local education agencies, school administrators, teachers, education policymakers, and researchers through the numerous organizations representing these various data providers and data users. For more information about the NTPS, please visit our website at <http://nces.ed.gov/surveys/ntps>.

[Go back to FAQ list](#)

How are the NTPS data used?

The data from the NTPS are used by Congress, the U.S. Department of Education, state education agencies, public school districts, and education research organizations to:

1. Evaluate the effects of school workplace conditions, salaries, and training opportunities on the educational workforce;
2. Assess school staffing practices and personnel policies; and
3. Aid in the Department of Education's program planning in the areas of teacher shortage, teaching policies, and teacher education.

Item: Encourage Participation

Encourage Participation is a modal pop-up that will appear over the Resources page.

The image shows a screenshot of the "Encourage Participation" modal pop-up. The modal has a title bar with "Encourage Participation" and a close button. The content includes:

Thank you for your continued assistance with the NTPS!

By reminding the staff in your school to complete their NTPS questionnaires, you are contributing to the success of this important survey. Below you can find some creative ideas to help encourage participation from the staff in your school.

Ideas to Encourage Participation

- Send a "sweet" reminder.
Attach a couple of cookies or a piece of candy to a note saying, "A sweet reminder to fill out your NTPS Teacher Questionnaire today!" Put the sweet treat and note in the teacher's mail box.
- Ask the principal to send an e-mail to teachers who haven't responded yet.
Use the sample e-mails below.
- Visit the teacher's classroom.
Remind them that their voice will only be heard by decision makers if they fill out the survey.

Sample E-mails to Send to Participants

Below you will find sample e-mails to encourage teachers to fill out the NTPS questionnaire. You may use these "as is" or change them to better suit your needs.

Sample 1

Subject: Let your voice be heard!
Dear [teacher's name],
Would you please take a bit of time this week to fill out the NTPS? This survey gives a voice to educators who prepare and empower students to actively engage with and improve their world. You can add your voice and tell decision makers what they need to know to make better policies about education in our country.

Sample 2

Subject: It's worth your time to fill out the NTPS!

Dear [teacher's name],

I know that your time is valuable and it seems like filling out the NTPS is just another thing you've been asked to do. But did you know that your survey responses represent thousands of other teachers just like you? The time you spend answering the questions on the NTPS ensures that legislators and others who make decisions about our schools and classrooms have good information. Those decisions affect all of us. Won't you please help by filling out the survey today?

Sample 3

Subject: Please share your story!

Dear [teacher's name],

You have a story to tell - about how you became a teacher, about the subjects you teach, about your kids, about how you feel about this school and teaching as a profession. The NTPS is a way for you to share your story with those who make decisions that affect us all. Remember, your responses are not visible to anyone at the school, and your name will not be published in study reports. The results will only be published as summary statistics. Please take a few moments today to fill out the NTPS.

Sample 4

Subject: Time is running out!

Dear [teacher's name],

I've written before to ask you to lend your voice to those of other teachers who are filling out the NTPS to make sure that decision makers know what you think when they make policies about education. I wanted to make sure that you know that time is running out for you to take the survey and be heard in those discussions. If you will, please find some time within the next day or two to fill out the NTPS. I think it's important for all of us.

Sample 5

Subject: A final reminder to fill out the NTPS

Dear [teacher's name],

It's been really busy around here recently, and I know that you've been busy too. I wanted to remind you, though-- your chance to fill out the NTPS is almost over. After the survey period ends, you won't be able to lend your voice to the thousands of other teachers who are participating in this important survey. It will only take 40 minutes of your time and will provide really valuable information to decision makers about your views on education. They can only make good decisions with good information. Won't you help by filling out the survey today?

What is the purpose of the NTPS?

The purpose of the NTPS is to provide policymakers and researchers with relevant and timely data on the characteristics and conditions of America's public and private schools as well as the professionals who work in them. The data collected permit detailed analyses of the characteristics of schools, principals, teachers, and students. The data also link the NTPS components, which enables researchers to examine the relationships among these elements of the education system. For example, researchers can study teacher attrition using information not only provided by teachers, but also from their principals or school heads. The NTPS has been designed with input from state and local education agencies, school administrators, teachers, education policymakers, and researchers through the numerous organizations representing these various data providers and data users. For more information about the NTPS, please visit our website at <http://nces.ed.gov/surveys/ntps>.

How are the NTPS data used?

The data from the NTPS are used by Congress, the U.S. Department of Education, state education agencies, public school districts, and education research organizations to:

1. Evaluate the effects of school workplace conditions, salaries, and training opportunities on the educational work force;
2. Assess school staffing practices and personnel policies;
3. Aid in the Department of Education's program planning in the areas of teaching shortage incentives, teaching policies, and teacher education.

Why is my participation important?

This survey is a primary source of information about what is happening in K-12 schools across the United States from the perspective of administrators and teachers. Only a small percentage of schools are selected to participate; therefore, your school is important for the success of this survey.

How long will it take to complete a NTPS questionnaire?

While the surveys will vary in length, each questionnaire will take approximately 15 to 40 minutes to complete.

Will my school's and individual staff members' data remain confidential?

Yes, both the U.S. Department of Education and the U.S. Census Bureau follow strict procedures to protect the confidentiality of study participants. All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). In addition, your responses to the survey questions will not be shared with any of your school staff or administration. Participation is voluntary, but responses are necessary to make the results of this study accurate and timely.

Who authorizes this survey?

The National Center for Education Statistics (NCES), within the U.S. Department of Education, is authorized to conduct this survey by the Education Sciences Reform Act of 2002 (ESRA, 20 U.S.C. § 9543). The Office of Management and Budget (OMB) approved this survey. The OMB control number is 1850-0598 and the approval expiration date is XX/XX/XXXX.

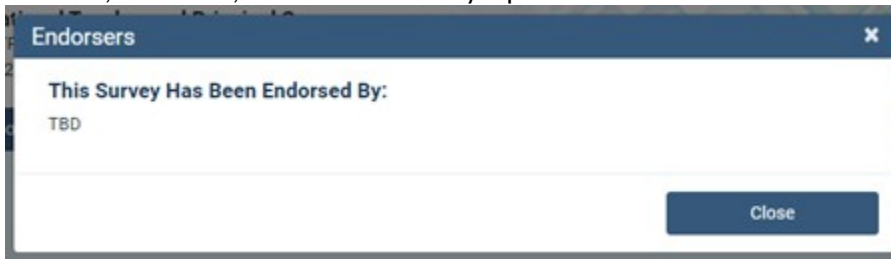

Who can answer general questions regarding this survey?

Please contact the U.S. Census Bureau at 1-888-595-1338 if you have any questions about the survey. Someone will be available to take your call Monday through Friday, between 8:00 a.m. and 8:00 p.m. (Eastern Time). At any other time, please leave a message and someone will return your call as soon as possible. The U.S. Census Bureau is also available to answer your questions via e-mail at ntps@census.gov.
