Based on the foregoing examinations, I am/we are of the opinion and advise you that:

a. The Borrower has been duly organized and it is validly existing under the laws of the State of \_\_\_\_\_ and has full power and authority to execute and deliver the Note, the Security Agreement, the Loan Agreement, the Financing Statement, and the [Mortgage or Deed of Trust] (hereinafter collectively referred to as the "Loan Instruments"). The Borrower has the power to own, construct, maintain and operate the project as proposed.

b. The Loan Instruments were all duly authorized, executed and delivered, and constitute the valid and legally binding obligations of the Borrower and collectively created a valid first lien upon, or valid first security interest in favor of the Government in, the security covered thereby, and are enforceable in accordance with their terms, except to the extent that the enforceability (but not the validity) thereof may be limited by laws of bankruptcy, insolvency, or other laws affecting creditors' rights, generally. The financing statement has been filed with the \_\_\_\_\_ Secretary of State to perfect an interest in personal property (and, in applicable, with the recorder of deeds of \_\_\_\_\_ County, \_\_\_\_\_ in the real estate records to perfect an interest in fixtures). The deed, [mortgage or deed of trust], and all other documents relating to the real property security interest have been filed with the (insert name of recorder's office here) of \_\_\_\_\_ County, \_\_\_\_\_ evidencing the Borrower's ownership of and the Government's security interest in the real property. c. The execution and delivery of the Loan Instruments and compliance with the provisions thereof under the circumstances contemplated thereby did not, do not and will not in any material respect conflict with or constitute on the part of the Borrower a breach of or default under any contract or agreement or other instrument to which the Borrower is a party, or any existing law, regulation, court order, or consent decree to which the Borrower is subject.

d. All necessary governmental approvals, including but not limited to zoning, subdivision, and environmental requirements with respect to the acquisition and construction of the Facility, have been obtained.

e. I/We have no knowledge of any defect in the title of the Borrower to the property described in the Loan Instruments.

f. To the best of my/our knowledge, having made due inquiry, there is no action, suit, proceeding or investigation, at law or in equity before or by any court, public board or body, pending or threatened against or affecting the Borrower or the project, wherein an unfavorable decision, ruling or finding would materially adversely affect the transactions contemplated by or the validity of the Loan Instruments or any related proceedings.

g. The property description as found on the loan instruments corresponds exactly with the description as set forth in the survey.

h. A valid and enforceable fidelity bond naming the United States as co-obligee has been obtained covering all officials entrusted with the receipts, custody and disbursement of the borrower's funds.

i. I/We have carefully reviewed all loan instruments with the borrower and to the best of my/our knowledge the borrower is fully aware of the legal significance of these instruments.

Very truly yours,
