

Nonsubstantive Change Justification
ICR 0579-0349

PPQ Forms 505 and 505B are resubmitted with minor edits. The word “Supplemental” was misspelled in the title of PPQ Form 505B, and both forms were missing the words “penalty of” in the certification statement at the bottom of the forms. The changes are important in context but otherwise have no impact on the information collection or burden.
