This address is one of more than 30,000 addresses across the U.S. randomly selected to receive this packet. Please take a few minutes to complete the enclosed 1-page questionnaire and return it in the postage-paid envelope. It will only take 1-2 minutes of your time. [FILL FOR 1st MAILING]: We have enclosed \$2 as a token of appreciation for completing the questionnaire.

Your participation is voluntary and your answers to the questions will be kept private to the fullest extent allowable by law. Attachment 3-3: Brochure

The brochure is divided into three vertical columns. The left column has a dark grey background and contains two sections: 'Who conducts the TCS?' and 'What is the Food and Drug Administration Center for Tobacco Products (FDA-CTP)?'. The middle column has a dark grey background and contains contact information for RTI International and the FDA-CTP. The right column has an orange background with a large stylized leaf graphic and contains the title 'National Panel of Tobacco Consumer Studies', the TCS logo, and the FDA logo.

Who conducts the TCS?

The FDA-CTP has hired RTI International (RTI), a not-for-profit research organization based in North Carolina, to establish and manage the TCS survey panel.

RTI recruits panel members, collects and processes the survey information from panel participants, and aids FDA-CTP in the analysis of the data. FDA-CTP is responsible for the publication and dissemination of the results.

What is the Food and Drug Administration Center for Tobacco Products (FDA-CTP)?

The Center for Tobacco Products (CTP) oversees the implementation of the Family Smoking Prevention and Tobacco Control Act. Some of the Agency's responsibilities under the law include setting performance standards, reviewing premarket applications for new and modified risk tobacco products, requiring new warning labels, and establishing and enforcing advertising and promotion restrictions.

Attachment 3-3: Brochure (continued)

What are the National Panel of Tobacco Consumer Studies (TCS)?

The 2009 Tobacco Control Act granted the U.S. Food and Drug Administration (FDA) the authority to regulate the manufacture, marketing, and distribution of tobacco products.

To inform these regulatory efforts, the FDA's Center for Tobacco Products (FDA-CTP) is conducting the National Panel of Tobacco Consumer Studies (TCS) to better understand what tobacco users know or how they feel about FDA regulatory actions.

For example, the TCS may explore topics such as:

- How people feel or react to tobacco product warning statements or marketing restrictions,
- The type of tobacco products people use (e.g., cigarette, cigar, smokeless tobacco),
- The tobacco brands people prefer,
- How people hear about new tobacco products,
- Where people buy tobacco products, or
- How often people use coupons or take advantage of in-store special promotions to buy tobacco products.

How was my Household chosen?

Your address is one of more than 30,000 addresses across the U.S. that was randomly selected to participate. In order for the TCS to be successful, it is important to have participants that represent the nation as a whole. We are contacting your household to see if someone who lives there may be eligible to join the TCS survey panel.

Why should my household participate?

Participation in this survey is voluntary. There are no penalties for refusing to answer any questions. However, your cooperation is important because it will ensure our survey results paint an accurate picture of the entire country. Your answers not only represent your household, but also hundreds of other similar households.

You may choose not to take part in the survey, but because our sample is randomly selected, no other household or person can take your place.

If someone in my household is selected, what happens next?

If someone in your household is selected, we will invite him or her to join the TCS survey panel. After a brief enrollment survey, each panel member will be asked to take part in short but important surveys for the FDA.

A cash payment will be offered to panel members when they enroll and as a token of appreciation for each TCS survey they complete. Panel members will be asked to complete 2-3 short surveys a year and to be a part of the panel for 3 years. Each survey will only take about 15-20 minutes to complete.

By taking part in the TCS, panel members will represent the views and opinions of many other individuals like themselves. The information they provide will help inform tobacco-related policy decisions made by the FDA. If someone in your household is chosen for the panel, we hope that person will participate.

What are the short TCS surveys about?

The TCS surveys are designed to better understand tobacco users' knowledge, attitudes, beliefs, and behaviors as they relate to tobacco products such as cigarettes, cigars, or smokeless tobacco.

This includes how tobacco products are labeled, advertised, or marketed. For example, FDA may want to test possible health warnings for a tobacco product and determine which warning labels or statements are most likely to influence tobacco users. This will be done through the short surveys of panel members.

Will survey answers be kept confidential?

FDA-CTP and RTI are committed to assuring the privacy of responses. Our interest is only in the combination of all responses and not anyone's individual answers.

The answers that are provided will be combined with all other participant' answers and will be coded, totaled, and turned into statistics for analytic purposes only.

Names are never associated with answers, and the information is only used for research and analysis and cannot be used for any other purpose.

Privacy of all answers to questions is protected to the fullest extent allowable by law.

Dear Adult Resident/FNAME,

The U. S. Food and Drug Administration's Center for Tobacco Products (FDA - CTP) is asking eligible adults, age 18 and older, to participate in a large, national survey panel. You were selected to participate in the panel, but at the time you were too busy to participate. **We are writing this letter to ask you to reconsider.**

As a panel member, you will be asked to take part in short but important surveys for the FDA's National Panel of Tobacco Consumer Studies (TCS). **All TCS panel members will receive cash payments as a token of our appreciation for participating in the surveys.**

The panel enrollment process is short and will take at most 20 minutes of your time. You can schedule an appointment with one of our interviewers at a time that is most convenient for you. Your participation is critical to the success of the panel and we are happy to work around your busy schedule so that you can be included.

The information collected in the TCS will help policymakers and researchers understand consumer perceptions of tobacco products, including their labelling, advertising, and marketing. Your participation in the panel will help inform future FDA policy decisions about tobacco products. One of our interviewers will be in your area soon, and will try to reach you at that time. I hope you will agree to take part in the panel.

If you have any questions about the TCS, you can ask the interviewer or call RTI directly at 1-800-613-0326 (a toll-free call).

Your participation is very important to this panel's success. Thank you for your cooperation.

Sincerely,

Susan Kinsey

The National Panel of Tobacco Consumer Studies (TCS) are being conducted to assess responses to possible FDA regulatory actions from a sample of approximately 4,000 tobacco users that represent the nation as a whole. The studies will assess consumer perceptions of tobacco products, including their labeling, advertising and marketing.

Sponsor: The TCS is sponsored by the U. S. Food and Drug Administration’s Center for Tobacco Products (FDA-CTP). RTI International, a not-for-profit research organization, is conducting the study on the behalf of the FDA-CTP.

Procedures: You will receive detailed instructions for completing the TCS surveys. While you are in the TCS panel, you will be asked to complete about 2-3 short surveys a year on tobacco-related topics. These will take about 15-20 minutes to complete. Your participation in the panel will last for 3 years.

Financial Considerations: Participation in the TCS panel will involve no cost to you. For completing the enrollment process you will receive \$35.00 in cash. For completing the short tobacco-related surveys you will receive \$15.00 cash each.

Voluntary Participation: Your participation in the panel is completely voluntary. You can refuse to answer any and all questions. You can elect to leave the panel at any time. Your answers will be combined with answers of many others and reported in a summary form. All staff involved in this research are committed to privacy and have signed a Privacy Pledge. This research is covered by a Certificate of Confidentiality (CoC). A CoC protects your private panel information from being used in legal proceedings. The CoC also requires TCS researchers have your consent before sharing your identifiable information. Screener Introduction Script

IF SPEAKING TO HOUSEHOLD MEMBER 18 YEARS OF AGE OR OLDER: Hello, my name is [YOUR NAME] from RTI International in North Carolina. We are conducting a nationwide study sponsored by the U.S. Food and Drug Administration (FDA). We recently mailed you a letter about the study.

HAND R A COPY OF THE LETTER: I would like to ask you a few short questions about your household to see if anyone is eligible to participate in this important study.

STUDY PURPOSE: The FDA is establishing a large, national survey panel to help researchers and policy makers understand the impact and effectiveness of tobacco-related public education activities and possible regulatory actions. Panel members will be asked to take part in short but important surveys for FDA's National Panel of Tobacco Consumer Studies (TCS).

IF NEEDED:

WHAT'S IN IT FOR ME: If someone in your household is determined to be eligible, he/she will have the chance to receive cash payments in appreciation for their participation.

Enrollment Introduction Script

IF TALKING TO THE ELIGIBLE SAMPLED ADULT: Hello, my name is [YOUR NAME] from RTI International in North Carolina. We are conducting a nationwide study sponsored by the U.S. Food and Drug Administration (FDA). You have been selected to participate in the National Panel of Tobacco Consumer Studies, or TCS.

Your participation in the TCS panel involves completing an initial set of enrollment questions. This should only take about 20 minutes and you will receive \$35 in cash as a token of our appreciation. Once you are enrolled in the panel, you will be asked to complete about 2-3 short tobacco-related surveys a year over the next 3 years. These surveys will only take 15-20 minutes of your time and you will receive a \$15 cash payment for each survey you complete.

IF NEEDED:

STUDY PURPOSE: The FDA is establishing the survey panel to help researchers and policy makers understand the impact and effectiveness of tobacco-related public education activities and possible regulatory actions.

NOT INTERESTED: You cannot be replaced. If you choose not to participate, your views and opinions—as well as those of the thousands of people you represent across the U.S.—will not be heard.

TIME COMMITMENT: TCS surveys are short and can be completed around your schedule. You can also complete them in parts. Every survey is voluntary and the total time commitment is only about an hour a year.

Device Option Scripts

R DOES NOT HAVE A DEVICE OR ACCESS TO INTERNET, OFFER MAIL PARTICIPATION OPTION: We can get started on the initial survey now. The entire process will only take about 20 minutes and as I mentioned previously you will receive \$35.00 in cash as a token of our appreciation for completing the enrollment process. We can send the other short surveys to you by mail, using the United States Postal Service. If at any point you do gain access to a computer and/or the internet, you can always participate online in the future.

R HAS NO DEVICE/INTERNET ACCESS AND REFUSES MAIL PARTICIPATION OPTION BUT IS OTHERWISE INTERESTED: We really would like you to join the panel. I will talk to my supervisor to see what we can do about an alternative way for you to participate. I will get back to you once I speak with him/her

R IS ELIGIBLE FOR A TABLET: You recently spoke with me/someone about your interest in joining the panel but at the time you indicated that you have no access to an internet-enabled device to complete the web surveys. I spoke with my supervisor and s/he has indicated that we can offer you the loan of a Web-enabled tablet computer while you are in the panel so you can participate in the online surveys. Your participation in the panel is important and we want to make sure you have every opportunity to join. I can help you setup the loaned tablet and show you how to complete the surveys with it. At the end of your time in the panel, you will return the tablet to RTI where it will be receipted, wiped clean of any data, and restored to its original factory settings.

R IS RELUCTANT-HAS INTERNET-ENABLED DEVICE: We can schedule the initial survey to be done at your convenience. The entire process will only take about 20 minutes and you will receive \$35 in cash as a token of our appreciation for completing the panel enrollment process. Additionally, all follow-up surveys can be completed online at your convenience. You will receive \$15 cash for each of the short surveys you complete.

R IS RELUCTANT-DOES NOT HAVE INTERNET-ENABLED DEVICE, BUT COULD BE CONSIDERED FOR MAIL PARTICIPATION: We can schedule the initial survey to be done at your convenience. Additionally, all follow-up surveys can be mailed to you via United States Postal Service. A postage-paid envelope will be included with each mailing, so completing a survey will be at no cost to you. You will receive \$15 cash for each of the short surveys you complete.

R IS RELUCTANT-DOES NOT HAVE INTERNET-ENABLED DEVICE, BUT COULD BE CONSIDERED FOR TABLET: We can schedule the initial survey to be done at your convenience. The entire process will only take about 20 minutes and you will receive \$35 in cash as a token of our appreciation for completing the panel enrollment process. I will speak to my supervisor to find out if there is an alternate way we can offer you to participate with.

- To access your email:
 - If using Gmail, you can access your email by clicking on the Gmail icon.
 - If you're using a non-Google email provider, click on the standard email app icon (a white envelope with a "@" symbol in the middle).
- Regardless of what app you use, you should receive a notification every time you receive a new message. Tapping on the notification will take you to the email.

RTI Technical Support

- If you encounter problems with your tablet or while trying to access panel surveys you can contact project staff by:
 - Web: Request technical support online at <https://tcs.rti.org>
 - E-mail: tcs@rti.org
 - Please note that while you can send an e-mail anytime, it will likely be answered between 8:00 a.m. and 5:00 p.m. on weekdays.

- When not in use, disable Wi-Fi or turn off the tablet. The Wi-Fi can be disabled by clicking on the Settings icon on your tablet desktop and then choosing Wi-Fi.

Maintaining Your Tablet

- Keep your tablet charged when you're not using it.
 - When charging your tablet:
 - Use the charging cable RTI provided to you. Do not attempt to use another charger, even if it appears to fit your tablet.
 - Ensure the charging cable is secured in the charging port on the bottom of your tablet.
 - Avoid moving the charging cable post while it's connected to the tablet. Doing so can damage the port on your tablet.
 - Make sure your tablet is secure and the cable is out of the way while charging your tablet. Doing so will prevent an accidental jolt on the cable, which can cause damage to the tablet.
- Clean your tablet display regularly
 - Wipe the screen surface gently using a soft cotton cloth dampened with a mild soap.
 - Do not use abrasive cleaners.
 - Do not pour or spray liquids directly on your tablet or wash your tablet with a heavily soaked cloth.
- Keep your tablet away from extreme temperatures, including out of direct sunlight.
- Avoid exposing your tablet to water, dirt, dust, sand, etc.
- Make a habit of keeping your tablet in a case. When carrying it in a bag, make sure it's in a separate compartment or the screen is protected. Do not drop your tablet in a bag with other loose objects (e.g., keys, cell phone) that can damage the screen.

Accidental Spills

- If you accidentally spill liquid on your tablet:
 - Turn it off immediately and unplug it
 - Position it so that the liquid can run out

What are the National Panel of Tobacco Consumer Studies (TCS)?

The 2009 Tobacco Control Act granted the U.S. Food and Drug Administration (FDA) the authority to regulate the manufacture, marketing, and distribution of tobacco products. To inform these regulatory efforts, the FDA's Center for Tobacco Products (FDA-CTP) is conducting the National Panel of Tobacco Consumer Studies (TCS) to better understand what tobacco users know or how they feel about FDA regulatory actions.

For example, the TCS may explore topics such as:

- > How people feel about tobacco product warning statements or marketing restrictions
- > The type of tobacco products people use,
- > The tobacco brands people prefer,
- > How people hear about new tobacco products,
- > Where people buy tobacco products, or
- > How often people use coupons or in-store promotions

Who is sponsoring the TCS?

The FDA CTP is sponsoring the TCS. RTI International has been contracted to conduct the studies for the FDA-CTP.

Who is RTI International?

RTI is a nonprofit organization located in North Carolina. RTI conducts research both in the United States and abroad under contract with federal, state, and local governments; public service agencies; universities and foundations; and commercial clients.

Who is participating in the TCS?

The panel consists of about 4,000 adult tobacco users from across the United States. Your participation is very important to the success of the TCS. By taking part, panel members represent the views and opinions of many other individuals like themselves. The information you provide will help inform tobacco-related policy decisions made by the FDA.

What does my participation in the TCS involve?

After completing the enrollment process, panel members will be asked to take part in 2-3 short but important surveys for the FDA over a 3-year period. A cash payment will be offered as a token of appreciation for each TCS survey you complete.

How do I know the TCS is legitimate?

The TCS is conducted under the authority of the Family Smoking Prevention and Tobacco Control Act, which granted FDA important new authority to regulate the manufacture, marketing, and distribution of tobacco products to protect the public health generally and to reduce tobacco use by minors. The study has been approved by the U.S. Office of Management and Budget (OMB). The valid OMB control number for this information collection is 0910-0815. The expiration date is 02/28/2023.

You will receive a cash payment as a token of appreciation for each TCS survey you complete.

Thank you for your participation in the National Panel of Tobacco Consumer Studies (TCS). Your 3-year TCS panel period will end soon. You are invited to continue to participate in the panel after your current panel period ends. If you agree, you will be asked to take part in additional tobacco-related surveys. You will receive \$15 cash as a token of appreciation for each survey you complete.

Description and Purpose of the TCS: The TCS panel studies are being conducted to assess responses to possible FDA regulatory actions from a sample of approximately 4,000 tobacco users that represent the nation as a whole. The studies will assess consumer perceptions of tobacco products, including their labeling, advertising and marketing.

Sponsor: The TCS is sponsored by the U. S. Food and Drug Administration’s Center for Tobacco Products (FDA-CTP). RTI International, a not-for-profit research organization, is conducting the study on the behalf of the FDA-CTP.

Procedures: You will be asked to complete about 2-3 short surveys a year on tobacco-related topics. These will take about 15-20 minutes to complete. Your participation in the panel will last through [END DATE]. [IF TABLET LOAN: While you are in the panel, you can continue to use the tablet computer loaned to you at enrollment to participate in these surveys online.]

Financial Considerations: Participation in the TCS panel will involve no cost to you. For completing the short surveys you will receive \$15.00 cash each.

Voluntary Participation: Your participation in the panel is completely voluntary. You can refuse to answer any and all questions. You can elect to leave the panel at any time. As a web participant, you will be asked for your consent in each online survey. As a mail participant, you will indicate your consent for each survey by completing and returning the survey form.

Privacy: Your answers to the survey questions will be kept private to the fullest extent required by law. Your name will not be reported with any answers you provide. Your answers will be combined with answers of many others and reported in a summary form. This research is covered by a Certificate of Confidentiality (CoC). A CoC protects your private panel information from being used in legal proceedings. The CoC also requires TCS researchers have your consent before sharing your identifiable information. However, there may be opportunities for TCS researchers to use, share, or release deidentified panel data for similar research in the future. "Deidentified" means that we will remove your personal identifying information before the data are used, shared, or released to others. Although we cannot guarantee that no one can reidentify these data, it is highly unlikely that this will occur. We will not ask for your additional informed consent if we use, share, or release deidentified panel data for future research. Please note that the CoC does not prevent all disclosures. You can freely discuss your involvement in this research. TCS researchers cannot refuse requests for information from the FDA-CTP, the TCS sponsor. In situations involving imminent danger, the law requires TCS researchers to disclose certain information.

Possible Benefits and Risks: There are no direct benefits to you for participating in the panel. The potential exists for loss of privacy, though our procedures are designed to protect and secure your personal information.

Further Questions: If you have questions about the research now or in the future, including the TCS surveys, you can contact the Project toll free number 1-800-613-0326.
