¹ The 2020 [PAL](#) provides a set of recommended ICD-10 and CPT-4 codes that, though helpful to identify patient visits that may include counseling on, initiation of, or prescription of PrEP, cannot be used alone as indicators of a PrEP prescription and should not be used for reporting PrEP on table 6A.

² An initiation visit is any that occurs more than 30 days after the preceding prescription's last fill.

Sources of Codes

- ICD-10-CM (2020)–[National Center for Health Statistics \(NCHS\)](#)
- CPT (2020)–[American Medical Association \(AMA\)](#)
- Code on Dental Procedures and Nomenclature CDT Code (2020)–Dental Procedure Codes. [American Dental Association \(ADA\)](#)

Note: “X” in a code denotes any number, including the absence of a number in that place. Dashes (-) in a code indicate that additional characters are required. ICD-10-CM codes all have at least four digits. These codes are not intended to reflect whether or not a code is billable. Instead, they are used to point out that other codes in the series are to be considered.

Appendix D: Health Center Health Information Technology (HIT) Capabilities

Instructions

The HIT Capabilities Form includes a

series of questions on HIT capabilities, including EHR interoperability and

eligibility for CMS Promoting Interoperability programs. The HIT Form must be completed and submitted as part of the UDS submission. The form includes questions about the health center's implementation of an EHR, certification of systems, and how widely adopted the system is throughout the health center and its providers.

Questions

The following questions appear in the EHBs. Complete them before you file the UDS Report. Instructions for the HIT questions are on-screen in the EHBs as you complete the form. Respond to each question based on your health center status *as of December 31*.

1. Does your center currently have an electronic health record (EHR) system installed and in use?
 - a. Yes, installed at all sites and used by all providers
 - b. Yes, but only installed at some sites or used by some providers
 - c. No

If the health center installed it, indicate if it was in use by December 31 by indicating:

- a. **Installed at all sites and used by all providers:** For the purposes of this response, "providers" mean all medical providers, including physicians, nurse practitioners, physician assistants, and certified nurse midwives. Although some or all of the dental, mental health, or other providers may also be using the system, as may medical support staff, this is not required to choose response (a). For the purposes of this response, "all sites" means all permanent

sites where medical providers serve health center medical patients. It does not include administrative-only locations, hospitals or nursing homes, mobile vans, or sites used on a seasonal or temporary basis. You may check this option if a few newly hired, untrained employees are the only ones not using the system.

- b. **Installed at some sites or used by some providers:** Select option (b) if one or more permanent sites did not have the EHR installed or in use (even if this is planned), or if one or more medical providers (as defined on this page under [a]) do not yet use the system. When determining if all providers have access to the system, the health center should also consider part-time and locum providers who serve clinic patients. Do not select this option if the only medical providers who did not have access were those who were newly hired and still being trained on the system.
- c. **Select "no" if no EHR** was in use on December 31, even if you had the system installed and training had started.

This question seeks to determine whether the health center installed an EHR by December 31 and, if so, which product was in use, how broad system access was, and what features were available and in use. Do not include PMS or other billing systems, even though they can often produce much of the UDS data. If the health center purchased an EHR but has not yet put

it into use, answer “no.”

If a system is in use (i.e., if [a] or [b] has been selected), indicate that it has been certified by the Office of the National Coordinator—Authorized Testing and Certification Bodies.

1a. Is your system certified by the Office of the National Coordinator for Health IT (ONC) Health IT Certification Program?

- a. Yes
- b. No

Health centers are to indicate the vendor, product name, version number, and ONC-certified health IT product list number. (More information is available at <https://chpl.healthit.gov/#/search>.) If you have more than one EHR (if, for example, you acquired another practice with its own EHR), report the EHR that will be the successor system or the EHR used for capturing primary medical care.

- 1a1. Vendor
- 1a2. Product Name
- 1a3. Version Number
- 1a4. ONC-certified Health IT Product List Number

1b. Did you switch to your current EHR from a previous system this year?

- a. Yes
- b. No

If “yes, but only at some sites or for some providers” is selected, a box expands for health centers to identify how many sites have the EHR in use and how many (medical) providers are using it. Please enter the number of sites (as defined under question 1) where the EHR is in use and the number of providers

who use the system (at all sites). Include part-time and locum medical providers who serve clinic patients. Count a provider who has separate login identities at more than one site as just one provider.

1c. Do you use more than one EHR or data system across your organization?

- a. Yes
- b. No

1c1. If yes, what is the reason?

- a. Second EHR/data system is used during transition to primary EHR
- b. Second EHR/data system is specific to one service type (e.g., dental, behavioral health)
- c. Second EHR/data system is used at specific sites with no plan to transition
- d. Other (please describe _____)

1d. Is your EHR up to date with the latest software and system patches?

1e. When do you plan to update/install the latest EHR software and system patches?

2. Question removed.

3. Question removed.

4. Which of the following key providers/health care settings does your center electronically exchange clinical information with? (Select all that apply.)

- a. Hospitals/Emergency rooms
- b. Specialty clinicians
- c. Other primary care providers
- d. Labs or imaging

- e. Health information exchange (HIE)
 - f. None of the above
 - g. Other (please describe _____)
5. Does your center engage patients through health IT in any of the following ways? (Select all that apply.)
- a. Patient portals
 - b. Kiosks
 - c. Secure messaging
 - d. Other (please describe _____)
 - e. No, we do not engage patients using HIT
6. Question removed.
7. How do you collect data for UDS clinical reporting (Tables 6B and 7)?
- a. We use the EHR to extract automated reports
 - b. We use the EHR but only to access individual patient charts
 - c. We use the EHR in combination with another data analytic system
 - d. We do not use the EHR
8. Question removed.
9. Question removed.
10. How does your health center utilize HIT and EHR data beyond direct patient care? (Select all that apply.)
- a. Quality improvement
 - b. Population health management
 - c. Program evaluation
 - d. Research
 - e. Other (please describe _____)
- f. We do not utilize HIT or EHR data beyond direct patient care
11. Does your health center collect data on individual patients' social risk factors, outside of the data reportable in the UDS?
- a. Yes
 - b. No, but we are in planning stages to collect this information
 - c. No, we are not planning to collect this information
12. Which standardized screener(s) for social risk factors, if any, do you use? (Select all that apply.)
- a. Accountable Health Communities Screening Tools
 - b. Upstream Risks Screening Tool and Guide
 - c. iHELLP
 - d. Recommend Social and Behavioral Domains for EHRs
 - e. Protocol for Responding to and Assessing Patients' Assets, Risks, and Experiences (PRAPARE)
 - f. Well Child Care, Evaluation, Community Resources, Advocacy, Referral, Education (WE CARE)
 - g. WellRx
 - h. Health Leads Screening Toolkit
 - i. Other (please describe _____)
 - j. We do not use a standardized screener
- 12a. Please provide the total number of patients that screened positive for the following:
- a. Food insecurity _____
 - b. Housing insecurity _____

- c. Financial strain _____
- d. Lack of transportation/access to public transportation

12b. If you do not use a standardized assessment to collect this information, please indicate why. (Select all that apply.)

- a. Have not considered/unfamiliar with assessments
- b. Lack of funding for addressing these unmet social needs of patients
- c. Lack of training for staff to discuss these issues with patients
- d. Inability to include with patient intake and clinical workflow
- e. Not needed
- f. Other (please describe _____)

13. Does your center integrate a statewide Prescription Drug Monitoring Program (PDMP) database into the health information systems, such as health information exchanges, EHRs, and/or pharmacy dispensing software (PDS) to streamline provider access to controlled substance prescriptions?

- a. Yes
- b. No
- c. Not sure

Appendix E: Other Data Elements

Instructions

Health centers are becoming increasingly diverse and comprehensive in the care and services they provide. These questions capture the changing landscape of health care centers to include expanded services and delivery systems.

Questions

Report on these data elements as part of your UDS submission. Topics include medication-assisted treatment (MAT), telehealth, and outreach and enrollment assistance. Respond to each question based on your health center status *as of December 31*.

1. Medication-Assisted Treatment (MAT) for Opioid Use Disorder
 - a. How many physicians, certified nurse practitioners, and physician assistants,³ on-site or with whom the health center has contracts, have obtained a Drug Addiction Treatment Act of 2000 (DATA) waiver to treat opioid use disorder with medications specifically approved by the U.S. Food and Drug Administration (FDA) for that indication?
 - b. How many patients received MAT for opioid use disorder from a physician, certified nurse practitioner, or physician assistant, with a DATA waiver working on behalf of the health center?

2. Did your organization use telemedicine to provide remote clinical care services?

(The term “telehealth” includes “telemedicine” services but encompasses a broader scope of remote health care services. Telemedicine is specific to remote clinical services, whereas telehealth may include remote non-clinical services, such as provider training, administrative meetings, and continuing medical education, in addition to clinical services.)

a. Yes

- 2a1. Who did you use telemedicine to communicate with? (Select all that apply.)
 - a. Patients at remote locations from your organization (e.g., home telehealth, satellite locations)
 - b. Specialists outside your organization (e.g., specialists at referral centers)
- 2a2. What telehealth technologies did you use? (Select all that apply.)
 - a. Real-time telehealth (e.g., live videoconferencing)
 - b. Store-and-forward telehealth (e.g., secure e-mail with photos or videos of patient examinations)
 - c. Remote patient monitoring
 - d. Mobile Health (mHealth)

³ With the enactment of the Comprehensive Addiction and Recovery Act of 2016, PL 114-198, opioid treatment prescribing privileges have been extended beyond physicians to include certain qualifying nurse practitioners (NPs) and physician assistants (PAs).

2a3. What primary telemedicine services were used at your organization? (Select all that apply.)

- a. Primary care
- b. Oral health
- c. Behavioral health: Mental health
- d. Behavioral health: Substance use disorder
- e. Dermatology
- f. Chronic conditions
- g. Disaster management
- h. Consumer health education
- i. Provider-to-provider consultation
- j. Radiology
- k. Nutrition and dietary counseling
- l. Other (Please specify: _____)

b. **No.** If you did not have telemedicine services, please comment why. (Select all that apply.)

- a. Have not considered/unfamiliar with telehealth service options
- b. Policy barriers (Select all that apply)
 - i. Lack of or limited reimbursement
 - ii. Credentialing, licensing, or privileging
 - iii. Privacy and security
 - iv. Other (Please specify: _____)

c. Inadequate broadband/telecommunication service (Select all that apply)

- i. Cost of service
- ii. Lack of infrastructure
- iii. Other (Please specify: _____)
- d. Lack of funding for telehealth equipment
- e. Lack of training for telehealth services
- f. Not needed
- g. Other (Please specify: _____)

3. Provide the number of all assists provided during the past year by all trained assisters (e.g., certified application counselor or equivalent) working on behalf of the health center (employees, contractors, or volunteers), regardless of the funding source that is supporting the assisters' activities. Outreach and enrollment assists are defined as customizable education sessions about affordable health insurance coverage options (one-on-one or small group) and any other assistance provided by a health center assister to facilitate enrollment.

Enter number of assists

Note: Assists do not count as visits on the UDS tables.

Appendix F: Workforce

Instructions

It is important to understand the current state of health center workforce training and different staffing models to better support recruitment and retention of health center professionals. This section includes a series of questions on health center workforce.

Questions

Report on these data elements as part of your UDS submission. Topics include health professional education/training (do not include continuing education units) and satisfaction surveys. Respond to each question based on your health center status *as of December 31*.

1. Does your health center provide health professional education/training that is a hands-on, practical, or clinical experience?
 - a. Yes
 - b. No
- 1a. If yes, which category best describes your health center's role in the health professional education/training process? (Select all that apply.)
 - a. Sponsor⁴
 - b. Training site partner⁵
 - c. Other (please describe _____)
2. Please indicate the range of health professional education/training offered at your health center and how many individuals you have trained in each category⁶ within the reporting year.

⁴ A sponsor hosts a comprehensive health profession education and/or training program, the implementation of which may require partnerships with other entities that deliver focused, time-limited education and/or training (e.g., a teaching health center with a family medicine residency program).

⁵ A training site partner delivers focused, time-limited education and/or training to learners in support of a comprehensive curriculum hosted by another health profession education provider (e.g., month-long primary care dentistry experience for dental students).

⁶ Examples of pre-graduate/certificate training include student clinical rotations or externships. A residency, fellowship, or practicum would be examples of post-graduate training. Include non-health-center individuals trained by your health center.
