Form Approved
OMB No. 0920-XXXX
Exp. Date: XX/XX/XXXX

Notice – CDC estimates the average public reporting burden for this collection of information as 20 minutes per response, including the time for reviewing instructions, searching existing data/information sources, gathering and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road, MS D-74, Atlanta, GA 30333; ATTN: PRA (0920-0278).

Assurance of Confidentiality – We take your privacy very seriously. All information that relates to or describes identifiable characteristics of individuals, a practice, or an establishment will be used only for statistical purposes. NCHS staff, contractors, and agents will not disclose or release responses in identifiable form without the consent of the individual or establishment in accordance with section 308(d) of the Public Health Service Act (42USC 242m) and the Confidential Information Protection and Statistical Efficiency Act (Title III of the Foundations for Evidence-Based Policymaking Act of 2018 (Pub. L. No. 115-435, 132 Stat. 5529)). In accordance with CIPSEA, every NCHS employee, contractor, and agent has taken an oath and is subject to a jail term of up to five years, a fine of up to \$250,000, or both if he or she willfully discloses ANY identifiable information about you.

Proposed Web Questionnaire Introduction Screen

The National Center for Health Statistics, part of the Centers for Disease Control and Prevention, is conducting a study and we need your help. We are interested in your health and wellness, and will be asking you a series of questions about your health history, behaviors, and opinions. This should take about 20 minutes or less to complete. Participation in this survey is completely voluntary, and you may skip any question(s) you do not want to answer and may quit the survey at any time. You will not receive any monetary reward or incentive for participating in this survey. The information being collected is for research purposes only, and will assist NCHS and CDC in their ongoing efforts to track the health of the American public. Your data will be held confidential, will be used for statistical purposes only, and will not be disclosed or released to other persons without your consent in accordance with Section 308(d) of the Public Health Service Act [42 U.S.C. 242m(d)] and the Confidential Information and Statistical Efficiency Act (Title III of the Foundations for Evidence-Based Policymaking Act of 2018, Pub. L. No. 115-435, 132 Stat. 5529, § 302)..

If you have any questions about this study, please call the office of the Ethics Review Board at the National Center for Health Statistics, toll-free at 1-800-223-8118. Please leave a brief message with your name and phone number. Say that you are calling about Protocol #2016-16-XX [**Note: The amendment number will be inserted into the form once NCHS ERB approval has been received**]. Your call will be returned as soon as possible.

Proposed Phone Interview Introduction

Introduction and verification of respondent’s name.

Explain why calling

- o We are asking for your help as we construct a health survey on behalf of the National Center for Health Statistics, part of the Centers for Disease Control and Prevention.
- o Phone call takes on average 20 minutes to complete.

Share confidentiality, informed consent, and voluntary participation information

- o All information which would permit identification of an individual, a practice, or an establishment will be held confidential, and will be used for statistical purposes only by NCHS staff and agents and will not be disclosed or released to other persons without your consent. If you have any questions about your rights as a participant in this research study, call NCHS' Confidentiality Officer at (888) 642-1459.
- o Participation is voluntary, but will assist greatly in helping further our nation's understanding of health and how we ask the public about public health issues.
