OMB No.: 0925-0761
Expiration Date: 07/31/2022

Public reporting burden for this collection of information is estimated to average 60 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments

Instructions:

The application deadline is **January 20, 2021** and all application materials must be received on or before that date. Late or partial applications will not be sent to the review committee for consideration. **It is the applicant's responsibility to confirm timely receipt of all materials, including letters of recommendation.**

Please note that due to the high volume of emails received during the final days before the close of applications, responses may take up to 48 hours during that period. Applicants are therefore encouraged to ensure their application is fully submitted 3-5 business days before the deadline and utilize the last 2-3 days for confirmation of receipt.

Application materials should be sent as follows:

To be sent by the applicant via email to CGHFellowship@mail.nih.gov (secure email recommended), or mailed to CGH Fellowship address listed below:

1. **Completed application form** (see form below)
2. **Cover letter** outlining your global health and biomedical science interests, career goals, and reasons for applying for the CGH fellowship (*500-word limit on body of letter*)
3. **Resume or curriculum vitae** (*2-page limit*)

To be sent directly from the university to CGH Fellowship address listed below:

4. **Transcript(s)** from all attended colleges and universities

To be sent directly from the respective recommendation-providers via email to CGHFellowship@mail.nih.gov or mail to CGH Fellowship address listed below:

5. **Two signed letters of recommendation.** It is preferred that at least one letter is from a professional in the global health field who can speak to your interests and work in this area.
