

Strengthening Our Circle

August 2020

TOP UPDATES

- **COVID-19 Grant Flexibilities:** On March 30, 2020, the Administration for Children and Families (ACF) issued Information Memorandum: [IM-ACF-OA-2020-01](#) to grant flexibilities in conducting human service activities related to or affected by COVID-19. Program Specialists are compiling a Frequently Asked Questions (FAQ) document as well as a list of Innovative Grantee Practices in response to the pandemic. If you have questions or have developed an innovative practice, please share this information with your program specialist.
- **Grantee Glance:** As mentioned on the Monthly Call ANA is creating short surveys to gain more information from grantees. The purpose of this month's survey is to provide ANA with information on your experiences with combating COVID-19 and adapting. Your participation is voluntary, and the information provided will be kept private.
- **Closeout Procedure:** Projects ending in 2020 will have to complete several programmatic and financial reports for their closeout. As a reminder, the final OPR semi-annual report is due no later than 30 days after the end of the project period, and the Annual Data Report (ADR) is due no later than 90 days after the end of the project period. The second semi-annual Financial Status Report is due 30 days after the end of the project period and the final SF-425 financial report is due 90 days after the end of the project. Please look out for any closeout correspondence from your program specialist.
- **No Cost Extensions (NCE):** Grantees that anticipate an extension to their project after their closeout date may request an NCE. This allows grantees up to 12 months to complete incomplete activities with their remaining funds. Please reach out to your program specialist to receive more information on how to request and submit an NCE. Grantees should request their NCE 45 days prior to closeout.
- **OPR Update:** As a reminder, grantees funded in FY2018 or after should use the OPR awarded 2018+ form found in the OLDC.
- **Training and Technical Assistance (TTA):** All ANA grantees are entitled to TTA free of charge. Technical Assistance is available to ANA grant applicants and funded grantees to help you prepare for the challenges, navigate the process, and manage your community-based projects after acquisition. During the public health emergency, all TTA services will be available electronically. For more information on TTA, please reach out to your program specialist. Currently all TTA is being provided electronically.
- **Grantee Volunteers Wanted:** ANA is proud of all the hard work that our grantees are doing in their communities and would like to feature updates from a grantee during the Commissioner's Monthly Grantee Call. ANA will provide a template to help grantees to prepare for the verbal presentation which will be no longer than 5-10 minutes. Please contact your Program Specialist if you would like to present during a future ANA Grantee Call.
