

Statewide Coordinators Survey

Start of Block: Block 1

Q159 The *Painting the Current Picture Survey* is designed to gather information from statewide/territory-wide coordinators regarding the problem-solving court programs within your respective state/territory. The purpose of this survey is to better understand how these courts are structured, how they operate, the outcomes produced (e.g., graduation rate), challenges experienced, resources needed, etc. Moreover, these data allow us to determine the number of individuals participating in these programs nationally and identify and monitor trends within the field. This survey is being conducted on behalf of the Bureau of Justice Assistance (BJA) by the National Drug Court Resource Center, which is housed at the University of North Carolina Wilmington. You will be asked a series of questions regarding the various types of problem-solving courts within your state/territory. Each section is organized by court type. We anticipate the survey may take 30 minutes to complete. Your participation in this project is voluntary and poses little risk to you. Your responses will be combined with the answers of other statewide/territory-wide coordinators in the writing of the *Painting the Current Picture* monograph. Moreover, your name and other identifying information will not be used in the writing of this report. In appreciation for your time and effort, the NDCRC will provide you with a copy of the *Painting the Current Picture* monograph, as well as a summary report of your state/territory's information that includes relevant U.S. Census Bureau and FBI Uniform Crime Data. If you have any questions about the survey instrument and/or the project as a whole, please contact Dr. Kristen DeVall at devallk@uncw.edu or Dr. Christina Lanier at lanierc@uncw.edu. You may also contact the UNCW Institutional Review Board Office at irb@uncw.edu or 910- 962-7774.

To participate, please click "I consent" below to continue. Otherwise, please click "I do not consent" to end the survey.

Q1 Name:

Q2 Email address:

Q3 Phone number:

Q5 Organization:

Q4 Title/Position:

Q6 How many years have you worked in your current position?

End of Block: Block 1

Start of Block: Default Question Block

Q7 Do you currently have a statewide or territory-wide management information system (MIS) for treatment/recovery courts in your state or territory?

Yes (1)

No (2)

Skip To: Q8 If Do you currently have a statewide or territory-wide management information system (MIS) for treat... = Yes

Skip To: Q12 If Do you currently have a statewide or territory-wide management information system (MIS) for treat... = No

Q8 Is data entry for the MIS mandatory or voluntary?

mandatory (1)

voluntary (2)

Q9 In what year was the MIS system implemented in your state or territory?

Q10 Is a specific agency within your state/territory responsible for reviewing the accuracy of data entered into the MIS?

Yes (1)

No (2)

Page Break _____

Q11 Within your MIS, which of the following data elements are currently collected for each participant? (please click all the apply)

- Age (1)
- Race and/or ethnicity (2)
- education level at program entry (3)
- education level at program exit (25)
- employment status at program entry (4)
- employment status at program exit (24)
- number of dependents (children) (5)
- marital status (6)
- housing status at program entry (7)
- housing status at program exit (26)
- risk and need level (8)
- number of previous felonies (9)
- number of previous misdemeanors (10)
- drug(s) of choice/use (11)
- recommended treatment level of care (23)
- type of treatment received (13)
- number of treatment sessions/hours/meetings (14)

- number of recovery support services utilized (15)
- number of urine drug/alcohol screens conducted (16)
- results of urine drug/alcohol screens (17)
- program entry date (19)
- program exit date (20)
- number of days in program (12)
- program discharge status/type (18)
- number of incentives received (21)
- number of sanctions received (22)
- number of court review sessions attended (27)

Display This Question:

If Do you currently have a statewide or territory-wide management information system (MIS) for treat... != Yes

Q12 You indicated above that you do not currently have a statewide or territory-wide MIS. Please describe how you get data from the local treatment/recovery courts within your state or territory?
