SUPPLEMENTARY INFORMATION: FEMA's Grant Programs Directorate (GPD) awards thousands of grants each year through various grant programs. These programs award funds for projects used to improve homeland security and emergency preparedness. The National Environmental Policy Act of 1969 (NEPA), Public Law 91–190, Sec. 102(B) and (C), 42 U.S.C. 4332, the National Historic Preservation Act of 1966 (NHPA), as amended, Public Law 89–665, 54 U.S.C. 306108 and a variety of other environmental and historic preservation laws and Executive Orders (E.O.) require the Federal government to examine the potential impacts of its proposed actions on communities, public health and safety, and cultural, historic, and natural resources prior to undertaking those actions. The GPD process of considering these potential impacts is called an environmental and historic preservation (EHP) review which is employed to examine compliance with multiple EHP authorities through one consolidated process.

The 2020 EHP Screening Form does not require any new information, and includes an appendix with guidance on providing photographs with the EHP submission. Recipients are no longer required to submit floodplain and wetlands maps or information about the proposed project's relationship to an existing master plan.
