

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection Request:* Revision of a Currently Approved Collection.

(2) *Title of the Form/Collection:* Affidavit of Support Under Section 213A of the Act, Form I-864; Contract Between Sponsor and Household Member, Form I-864A; Affidavit of Support Under Section 213 of the Act, I-864EZ.

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* Form I-864; Form I-864EZ; Form I-864A; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract: Primary:* USCIS uses the data collected on Form I-864 to determine whether the sponsor has the means to support the sponsored alien under section 213A of the INA (8 U.S.C. 1183a) and for administrative purposes that better ensure the sponsor will meet the support obligations as agreed to by execution of the Form I-864 (including, but not limited to, reimbursing public benefit agencies for means-tested public benefits received by the sponsored immigrant while the support obligation was in effect). This form standardizes evaluation of whether the individual executing the Affidavit of Support meets the definition of a sponsor, can demonstrate the means to maintain income at the required income threshold, and otherwise meets the requirements of section 213A of the INA (8 U.S.C. 1183a), and ensures that basic information required to assess eligibility is provided by sponsors.

Form I-864A is a contract between the sponsor and the sponsor's household members. It is only used if the sponsor intends to use the income of his or her household members to reach the required 125 percent of the Federal poverty guidelines income threshold (or 100 percent when applicable). The contract holds these household members jointly and severally liable for the support of the sponsored immigrant(s) specified on the Form I-864A. USCIS uses the data collected on Form I-864A in conjunction with a Form I-864, to determine whether the sponsor can demonstrate the means to maintain

income at the required income threshold under section 213A of the Immigration and Nationality Act, when the sponsor's income is combined with the household member(s)' income and for administrative purposes that better ensure the household member will meet the support obligations as agreed to by the household member in the Form I-864A (including, but not limited to, reimbursing public benefit agencies for means-tested public benefits received by the sponsored immigrant while the support obligation was still in effect).

USCIS uses Form I-864EZ in exactly the same way as Form I-864; however, USCIS collects less information from the sponsors as the Form I-864EZ is a shorter version of Form I-864, designed for execution by sponsors that meet certain criteria.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of respondents for the information collection Form I-864 is 446,313 and the estimated hour burden per response is 6.5 hours; the estimated total number of respondents for the information collection Form I-864A is 42,892 and the estimated hour burden per response is 2.25 hours; the estimated total number of respondents for the information collection Form I-864EZ is 114,860 and the estimated hour burden per response is 3 hours.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total estimated annual hour burden associated with this collection is 3,342,122 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual cost burden associated with this collection of information is \$137,487,385.

Manufactured Home Construction and Safety Standards Act Park Model RV Exemption Notice.

OMB Approval Number: 2502–0616.

OMB Expiration Date: May 31, 2020.

Type of Request: Extension of a currently approved collection.

Form Number: None.

Description of the need for the information and proposed use: For recreational vehicles that are exempt from HUD regulation as manufactured homes, HUD requires certification with either the American National Standards Institute's (ANSI) standard for Park Model Recreational Vehicles (PMRV), A119.5–15 or the National Fire Protection Association's NFPA 1192, Standard on Recreational Vehicles, 2015 Edition. PMRVs built to ANSI A119.5–15 may exceed the RV exemption's 400 square foot threshold, a manufacturer must post notice in the home that the structure is only designed for recreational purposes and is not designed as a primary residence or for permanent occupancy.

The Recreation Vehicle Industry Association's (RVIA) current seal does not satisfy HUD's standard for the manufacturer's notice. HUD requirements provide specifics regarding the content and prominence of the notice and which requires the notice to be prominently displayed in the unit and delivered to the consumer before the sale transaction is complete, regardless of whether the transaction occurs online or in-person. PMRV manufacturers will satisfy this requirement with two printed sheets of paper per PMRV: One in the kitchen, and one delivered to the consumer before the transaction.

Draft General Conservation Plan

The draft conservation plan was developed by the Service in accordance with section 10(a)(2)(A) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The plan meets the issuance criteria as required by section 10(a)(2)(B) of the ESA for issuance of a section 10(a)(1)(B) incidental take permit (ITP). The Service developed the plan to provide a streamlined mechanism for proponents engaged in activities associated with the installation and operation of vineyards, crops, and other agricultural development, to meet statutory and regulatory requirements while promoting conservation of the Santa Barbara County distinct population segment (DPS) of the California tiger salamander (*Ambystoma californiense*). Permits issued under the plan would authorize incidental take of the Santa Barbara County DPS of the California tiger salamander for up to 20 years after the plan becomes effective.
