

IFQ Priority Species Tracking Form

Directions: Observer will place this form in the wheelhouse and document the **retained** weight and number of each species listed for each haul. Observers will document discrepancies between the vessel's weights and the observer's weights in the "Notes" section. Prior to disembarking, the observer will sum the weights and numbers by species and document this in the row labeled "Total", and sign the form.

Observer Name: Vessel Name: Vessel ID #:

Trip Departure Date: Trip Return Date: WCGOP Trip #*:

Fish Ticket #*: Date Offload Began*:

*If available

Haul #	Bocaccio Rockfish		Canary Rockfish		Cowcod		Yelloweye Rockfish		Notes (Discrepancies, issues, etc.)
	Wt	#	Wt	#	Wt	#	Wt	#	
Total									

The observer will keep the WHITE copy. The YELLOW copy will be placed in a sealed envelope and left in the wheelhouse for the catch monitor. Vessels will receive the PINK copy of the form. For more information, including what to do if the vessel and observer disagree on estimates, review the "IFQ Priority Species Tracking Form" outreach material.
