Nurse Faculty Loan Program ANNUAL PERFORMANCE REPORT FINANCIAL DATA FORM INSTRUCTIONS

Tracking Information: These forms are needed to track borrowers from enrollment to post graduation as applicable. Borrowers should only be tracked while they are enrolled or during the period of loan cancellation, repayment or collection. Tracking of borrowers should cease when borrower accounts are closed due to full repayment/cancellation/collection.

NFLP –1 Program Accounts Section (Negative amounts should not be entered for this section.)

- Item A:** **Federal Funds Awarded:** The amount should reflect the Federal Capital Contribution (FCC) amount shown on the fiscal year Notice of Award for the current year and the cumulative amount of awards made to your institution since beginning the NFLP. *This data will be pre-populated (not editable).*
- Item B:** **Cash Balance-Start of Report Period:** The amount should reflect the ending “cash balance” from the institution’s prior Annual Performance Report (APR). *This data will be pre-populated (not editable).*
- Item C:** **Cash Receipts (Funds Deposited)**
- Item C.1:** **Federal Capital Contribution (FCC) Drawn from PMS and Deposited:** The amount should reflect the total FCC actually drawn down from the Payment Management System and deposited into the NFLP fund. Report the amount of the FCC drawn-down by the institution for the [current year](#).
- Item C.2:** **Institutional Capital Contributions (ICC) Deposited:** The amount must equal at least one-ninth of the Federal Capital Contribution funds drawn down. Report the amount of the ICC (1/9 of the total FCC) deposited into the NFLP fund for the [current year](#).

The school must at all times maintain all monies relating to the fund in one or more interest-bearing accounts or investment instruments which meet OMB requirements established for Federal monies held by third parties. The school must place all earnings into the fund but may first deduct from total earnings any reasonable and customary charges incurred through the use of an interest-bearing account.*
- Items C.7-9:** **Institutional Repayments of Bad Debts, Principal, Interest and Penalty Charges:** Report the amount of any repayments of bad debt (principal, interest and penalty charges) collected for the current year. ***NOTE:** Institutions have the ultimate responsibility for bad debts losses not approved for write-off by the Department of Health and Human Services (DHHS). There is nothing to prevent an institution from further pursuing the collection of a bad debt after it has*

been disapproved for write-off by DHHS; any amounts recovered would lessen the institution's liability.

- Item C.10: Cash Receipts Total:** Report the total amount of items C.1 through C.9 for the current year.
- Item D.1: Loaned to Students:** Report the total amount of NFLP funds loaned to students for the current year.

DO NOT show withdrawal of funds as a result of excess institutional contributions in this item.*
- Item D.6: Repayments to Institution, Interest:** Report the total amount of interest on student loans repaid to the institution for the current year and cumulative period.
- Item D.7: Repayments to Institution, Other Income:** Report the total amount of other income repaid to the institution for the current year and cumulative period. *NOTE: This item would include any amounts in items C.6, C.7 and C.8 that were repaid to the institution in conjunction with a repayment to the Federal government.*

- Item D.10-11: Litigation Costs-Principal & Interest:** Litigation costs associated with the collection of a loan and interest must be prorated in the same manner as collection costs. See example below.

The following method of reporting is required even if the collection agency and/or attorney remit only the net amount (collections less collection of litigation costs) to the institution. If the institution is able to get the borrower to pay the collection costs or the litigation costs, the costs are not charged to the fund.

EXAMPLES OF PRORATING COLLECTION COSTS (Litigation Costs to Be Prorated in Same Manner):

An institution directs a collection agency to collect \$1,000.00 principal and \$200.00 interest for a total of \$1,200.00 from a delinquent borrower. The collection agency collects all \$1,200.00 but deducts \$360.00, or 30% of the amount collected, before remitting the net amount of \$840.00 to the institution. The institution reports as follows:

- Loan Principal Collected \$1,000.00*
- Interest Income Collected 200.00*
- Collection Costs, Principal (30% x \$1,000) 300.00*
- Collection Costs, Interest (30% x \$200) 60.00*

An institution directs a collection agency to collect \$1,500.00 principal and \$500.00 interest for a total of \$2,000.00 from a delinquent borrower. At the end of the report period, the collection agency has collected \$1,600.00 (80% of \$2,000.00), which it remits to the institution with a bill for \$480.00 (30% of the \$1,600.00 collected). The institution pays the collection agency \$480.00 taken from the Fund and reports as follows:

- Loan Principal Collected (80% of the \$1,500) \$1,200.00*

- *Interest Income Collected (80% of \$500) 400.00*
- *Collection Costs, Principal (30% of \$1,200) 360.00*
- *Collection Costs, Interest (30% of \$400) 120.00*
