Initial Site Visit Followback Survey

Followback Survey - After the Health Hazard Evaluation Site Visit

The National Institute for Occupational Safety and Health (NIOSH) surveys people involved with its health hazard evaluations. We want to learn your thoughts about the evaluation thus far. Your responses will be kept securely according to federal laws. Our reports include only summary information and will not identify you. We will send you other surveys after the evaluation is completed and one year later.

Thank you for completing this survey!
