Community Services Block Grant (CSBG) Model State Plan Eligible Entities Master List

The following is a listing of all CSBG Eligible Entities within your state. This should include all eligible entities that receive funding under the “not less than 90% funds” of your CSBG Allocation. This information will be used to complete questions regarding your eligible entities within the State Plan and Annual Report. As well as be used as a tracking tool in the case that the name of an entity changes, there are designations or re-designations, terminations or reductions, or mergers.

Do not include entities that only receive remainder/discretionary funds from the state or tribes/tribal organizations that receive direct funding from OCS under Section 677 of the CSBG Act.

Note: Whether nonprofit or public, entities that receive CSBG funds are generally considered to be Community Action Agencies for the purpose of administering CSBG. The only specific exceptions outlined in the CSBG Act are Limited Purpose Agencies, Migrant and Seasonal Farmworker organizations, and Tribes and Tribal Organizations

Instructional Note: Limited Purpose Agency refers to an eligible entity that was designated as a limited purpose agency under Title II of the Economic Opportunity Act of 1964 for fiscal year 1981, that served the general purposes of a community action agency under Title II of the Economic Opportunity Act, that did not lose its designation as a limited purpose agency under Title II of the Economic Opportunity Act as a result of failure to comply with that Act and that has not lost its designation as an eligible entity under the CSBG Act.

Instructional Note: 90 percent funds are the funds a state provides to eligible entities to carry out the purposes of the CSBG Act, as described under Section 675C of the CSBG Act. A state must provide “no less than 90 percent” of their CSBG allocation, under Section 675B, to the eligible entities.
