

Declaration must be made in connection with the entry of assembled articles under subheading 9802.00.80, Harmonized Tariff Schedule of the United States (HTSUS). This declaration includes information such as the quantity, value and description of the imported merchandise. The declaration is made by the person who performed the assembly operations abroad and it includes an endorsement by the importer. The Foreign Assembler's Declaration is used by CBP to determine whether the operations performed are within the purview of subheading 9802.00.80, HTSUS and therefore eligible for preferential tariff treatment.

19 CFR 10.24(d) require that the importer/assembler maintain records for 5 years from the date of the related entry and that they make these records readily available to CBP for audit, inspection, copying, and reproduction. Instructions for complying with this regulation are posted on the CBP.gov website at: <http://www.cbp.gov/trade/trade-community/outreach-programs/trade-agreements/nafta/repairs-alterations/subchpt-9802>.

Action: CBP proposes to extend the expiration date of this information collection with no change to the burden hours or to the information collected.

Type of Review: Extension (without change).

Affected Public: Businesses.

Foreign Assemblers Declaration (Reporting)

Estimated Number of Respondents: 2,730.

Estimated Number of Responses/ Recordkeeping per Respondent: 128.

Estimated Total Number of Responses: 349,440.

Estimated Time per Response/ Recordkeeping: 50 minutes.

Estimated Total Annual Burden Hours: 291,083.

Foreign Assemblers Declaration (Record Keeping)

Estimated Number of Respondents: 2,730.

Estimated Number of Responses/ Recordkeeping per Respondent: 128.

Estimated Total Number of Responses: 349,440.

Estimated Time per Response/ Recordkeeping: 5 minutes.

Estimated Total Annual Burden Hours: 29,004.

Dated: December 5, 2019.

Seth D. Renkema,

Branch Chief, Economic Impact Analysis Branch, U.S. Customs and Border Protection.

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Intent to Request Extension From OMB of One Current Public Collection of Information: TSA Canine Training Center Adoption Application

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0067, abstracted below that we will submit to OMB for an extension in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves gathering information from individuals who wish to adopt a TSA canine through the TSA Canine Training Center (CTC) Adoption Program.

DATES: Send your comments by February 10, 2020.

ADDRESSES: Comments may be emailed to TSAPRA@tsa.dhs.gov or delivered to the TSA PRA Officer, Information Technology (IT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh at the above address, or by telephone (571) 227-2062.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <http://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

- (1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Consistent with the requirements of Executive Order (E.O.) 13771, Reducing Regulation and Controlling Regulatory Costs, and E.O. 13777, Enforcing the Regulatory Reform Agenda, TSA is also requesting comments on the extent to which this request for information could be modified to reduce the burden on respondents.

Information Collection Requirement

OMB Control Number 1652-0067; TSA Canine Training Center Adoption Application. The TSA Canine Program is a Congressionally-mandated program that operates as a partnership among TSA; aviation, mass transit, and maritime sectors; and State and local law enforcement. TSA operates the CTC Adoption Program in accordance with 41 CFR 102-36.35(d) (donation of surplus property) and 102-36.365 (donation of canines used for performance of law enforcement duties).¹

TSA developed the CTC to train and deploy explosive detection canine teams for TSA and for local, State, and Federal agencies in support of daily activities that protect the transportation domain. Canine teams consist of TSA employees, or local/State law enforcement officers, paired with explosives detection canines. These canine teams are trained on a variety of explosives and screening capabilities based on intelligence data and emerging threats. Canine teams are deployed after successfully undergoing a 10- or 12-week training program and seek certification after additional training within their assigned operational environment.

Of the canines purchased by TSA for purposes of the TSA Canine Program, approximately 83 percent graduate from the training program. These canines are continually assessed to ensure they demonstrate operational proficiency in their environment. The corresponding attrition rate is between 15-18 percent. Attrition arises from canines who do not

¹ See 41 CFR 102-36.35(d): "If a written determination is made that the property has no commercial value or the estimated cost of its continued care and handling would exceed the estimated proceeds from its sale, you may dispose of the property by abandonment or destruction, or donate it to public bodies." See also 41 CFR 102-36.365: ". . . under 40 U.S.C. 555, when the canine is no longer needed for law enforcement duties, you may donate the canine to an individual who has experience handling canines in the performance of those official duties."

graduate from the training program and those who successfully graduate, but are later assessed as not performing at operational proficiency. CTC typically repurposes 42 percent of the canines eliminated from the program to other Federal, State, and local law enforcement agencies.

Canines that attrite out of the program and not repurposed for other government purposes may be placed for adoption. TSA created the CTC Adoption Program to find suitable individuals or families to adopt the canines and to provide good homes. Individuals seeking to adopt a TSA canine must complete the CTC Adoption Application.

The application is an online application that collects personal information from the public to determine their suitability to adopt a TSA canine. TSA uses the information collected to evaluate the individual seeking to adopt a TSA canine against program guidelines developed by CTC. The collection includes information about the individual's household, personal references, and current pet and veterinarian information. In addition, the individual must agree to transport the canine home from CTC in San Antonio, Texas, and to provide any necessary medical care, including, but not limited to, heartworm and flea preventives, and annual vaccinations, for the duration of the canine's life. TSA also collects an attestation that all information submitted is true.

TSA estimates that annually 300 individuals will complete the adoption application and that it will take approximately 10 minutes or 0.1666 hours. This will give an estimated annual time burden to the public of 50 hours.

Dated: December 5, 2019.

Christina A. Walsh,

*TSA Paperwork Reduction Act Officer,
Information Technology.*

BILLING CODE 9110-05-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[OMB Control Number 1010-0187; Docket ID: BOEM-2017-0016]

Agency Information Collection Activities; Project Planning for the Use of Outer Continental Shelf Sand, Gravel, and Shell Resources in Construction Projects That Qualify for Negotiated Noncompetitive Agreement

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) is proposing to renew an information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before February 10, 2020.

ADDRESSES: Send your comments on this ICR by mail to the BOEM Information Collection Clearance Officer, Anna Atkinson, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166; or by email to anna.atkinson@boem.gov. Please reference OMB Control Number 1010-0187 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Anna Atkinson by email, or by telephone at 703-787-1025.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

BOEM is soliciting comments on the proposed ICR described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of BOEM; (2) what can BOEM do to ensure that this information is processed and used in a timely manner; (3) is the burden estimate accurate; (4) how might BOEM enhance the quality, utility, and clarity of the information to be collected; and (5) how might BOEM minimize the burden of this collection on the respondents, including

minimizing the burden through the use of information technology?

Comments submitted in response to this notice are a matter of public record. BOEM will include or summarize each comment in our request to the Office of Management and Budget (OMB) for approval of this ICR. You should be aware that your entire comment—including your address, phone number, email address, or other personally identifiable information—may be made publicly available at any time. In order for BOEM to withhold from disclosure your personally identifiable information, you must identify any information contained in the submittal of your comments that, if released, would constitute a clearly unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequences of the disclosure of information, such as embarrassment, injury, or other harm. While you can ask us in your comment to withhold your personally identifiable information from public review, we cannot guarantee that we will be able to do so.

BOEM protects proprietary information in accordance with the Freedom of Information Act (5 U.S.C. 552) and the Department of the Interior's implementing regulations (43 CFR part 2).

Abstract: Under the authority delegated by the Secretary of the Interior, BOEM is authorized, pursuant to section 8(k)(2) of the OCS Lands Act (43 U.S.C. 1337(k)(2)), to convey rights to OCS sand, gravel, and shell resources by negotiated noncompetitive agreement (NNA) for use in shore protection and beach and coastal restoration, or for use in construction projects funded in whole or part by, or authorized by, the Federal Government.

Since 2017, 12 projects have been processed. In order for BOEM to continue to meet the needs of local and state governments, information regarding upcoming projects must be acquired to plan for future projects and anticipated workload. Therefore, BOEM will issue calls for information about needed resources and locations from interested parties to develop and maintain a project schedule. It also includes the potential for a call in response to an emergency declaration, such as a hurricane or tropical storm. This ICR has no significant changes from the 2017 OMB approved information collection.

In the event the number of requested projects exceeds the limits of the current BOEM staff and funding resources, BOEM may request the relevant states to prioritize their own projects based on several criteria including likelihood of
