Collection of Information

Title: FEMA Preparedness Grants: Port Security Grant Program (PSGP).

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660-0114.

FEMA Forms: FEMA Form 089-5, PSGP Investment Justification; and FEMA Form 088-0-1, Grant Preparedness Division Performance Report (GPD-PR replacing SF-PPR, OMB No. 0970-0334).

Abstract: The previous version of FEMA Form 089-5 presented numerous editing and submission challenges for applicants, often leaving required information blank within the form. Additionally, numerous applicants annually fail to provide required content information within a detailed budget worksheet or provide no detailed budget worksheet at all. A detailed budget worksheet is required, however is not currently in a required template. This update changes the format and software of Form 089-5 and incorporates the detailed budget worksheet to help ensure accurate project accounting. By broadening the form to include all required project information, applicants will have fewer documents to track and submit, and subsequent agency reviews will be streamlined and improve consistency among application format. FEMA has developed a new form, GPD-PR, to replace the SF-PPR for collection of reporting information required by regulation and statute. No changes are being made to the Memorandum of Understanding (MOU) or Memorandum of Agreement (MOA) requirements for layered security projects. FEMA continues to provide a sample template for use by applicants, but there is no required format for an MOU/MOA.

Number of Respondents: 893.

Number of Responses: 1,759.
