United States Department of Education

OFFICE OF ELEMENTARY AND SECONDARY EDUCATION OFFICE OF INDIAN EDUCATION

Dear Colleague:

Thank you for your interest in the Native American Language (NAL@ED) grant program, administered by the Office of Elementary and Secondary Education of the U.S. Department of Education (Department). This document includes information for applicants seeking funding for new grant projects in Fiscal Year 2020 under the Native American Language program, authorized under Title VI of the Elementary and Secondary Act, as amended. The purposes of the NAL@ED program are to (1) support schools that use Native American and Alaska Native languages as the primary language of instruction; (2) maintain, protect, and promote the rights and freedom of Native Americans and Alaska Natives to use, practice, maintain, and revitalize their languages, as envisioned in the Native American Languages Act of 1990 (25 U.S.C. 2901, *et seq.*); and (3) support the Nation's First Peoples' efforts to maintain and revitalize their languages and cultures, and to improve educational opportunities and student outcomes within Native American and Alaska Native communities..

Please take the time to review the applicable priorities, selection criteria, and all the application instructions. An application will not be evaluated for funding if the applicant does not comply with all the procedural rules that govern the submission of the application or the application does not contain the information required under the program (34 CFR§75.216 (b) and (c)).

If you are new to or would like a refresher on applying to a grant at the Department, please review our Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3768), and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf.

For this competition, it is mandatory for applicants to use the government-wide website, Grants.gov (https://www.grants.gov), to apply. Please note that the Grants.gov site works differently than the U.S. Department of Education's e-Application System. We strongly encourage you to familiarize yourself with Grants.gov and strongly recommend that you register and submit early.

Also be aware that applications submitted to Grants.gov for the Department of Education will now be posted using Adobe forms. Therefore, applicants will need to download a compatible version of Adobe reader. Please review the Submitting Applications with Adobe Reader Software and Education Submission Procedures and Tips for Applicants forms found within this package for further information and guidance related to this requirement.

Using FY 2020 funds, the Department expects to award approximately \$1.55 million for new grants under this competition. These awards will be for a project period of up to 36 months. Grants are expected to be awarded in September 2020.

Please visit our program website at https://oese.ed.gov/offices/office-of-indian-education/native-american-language-program/ for further information. The program website includes helpful information, frequently asked questions, dates of future webinars or workshops, and clarifications. If you have any technical questions about the program after reviewing the application package, please contact Tanya Tullos by telephone at 202-453-6037 or via e-mail at Tanya.Tullos@ed.gov.

Sincerely,

Donna Sabis-Burns, Group Leader

I. Program Background Information

Native American Language (NAL@ED) Program

CFDA Number: 84. 415B

Program Overview

The purposes of the NAL@ED program are to support schools that use Native American and Alaska Native languages as the primary language of instruction; maintain, protect, and promote the rights and freedom of Native Americans and Alaska Natives to use, practice, maintain, and revitalize their languages, as envisioned in the Native American Languages Act of 1990 (25 U.S.C. 2901 et seq.); and support the Nation's First Peoples' efforts to maintain and revitalize their languages and cultures, and to improve educational opportunities and student outcomes within Native American and Alaska Native communities

Application Requirements and Priorities

There are application requirements for this FY 2020 grant competition and any subsequent year in which awards are made from the list of unfunded applications from this competition.

Applicants are encouraged to thoroughly review the application requirements described in the Notice Inviting Applications (NIA) for this competition in the Federal Register.

[LINK TO NIA]

Grant competitions may include "Absolute Priorities," which must be clearly met in order for an application to be considered, and also "Competitive Preference" or "Invitational Priorities," which are not required to be met but may increase the likelihood of receiving an award.

Absolute Priorities

For FY 2020 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are absolute priorities. Under 34 CFR 75.105(c) (3), we consider only applications that meet either one of these priorities. Applicants are eligible under either Absolute Priority 1 or 2, not both.

These priorities are:

<u>Absolute Priority 1: Develop and Maintain New Native American Language Programs</u>. To meet this priority, an applicant must propose to develop and maintain a Native American language instructional program that—

- (a) Will support Native American language education and development for Native American students, as well as provide professional development for teachers and, as appropriate, staff and administrators, to strengthen the overall language and academic goals of the school that will be served by the project;
 - (b) Will take place in a school; and

(c) Does not augment or replace a program of identical scope that was active within the last three years at the school(s) to be served.

<u>Absolute Priority 2: Expand and Improve Existing Native American Language Programs</u>. To meet this priority, an applicant must propose to improve and expand a Native American language instructional program that—

- (a) Will improve and expand Native American language education and development for Native American students, as well as provide professional development for teachers and, as appropriate, staff and administrators, to strengthen the overall language and academic goals of the school that will be served by the project;
 - (b) Will continue to take place in a school; and
 - (c) Is currently offered at the school(s) to be served.

Competitive Preference Priorities

For FY 2020 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i) we award an additional seven points to an application that meets Competitive Preference Priority 1, and an additional five points to an application that meets Competitive Preference Priority 2. The maximum number of competitive preference priority points is 12. These priorities are:

<u>Competitive Preference Priority 1: Support Project Sustainability With Title VI Indian Education</u> Formula Grant Funds.

To meet this priority, an applicant or a partner must receive, or be eligible to receive, a formula grant under title VI of the Elementary and Secondary Education Act of 1965, as amended (ESEA), and must commit to use all or part of that formula grant to help sustain this project after the conclusion of the grant period. To meet this priority, an applicant must include in its application—

- (a) A statement that indicates the school year in which the entity will begin using title VI formula grant funds to help support this project;
- (b) The percentage of the title VI grant that will be used for the project, which must be a substantial percentage of the recipient's title VI grant; and
- (c) The timeline for obtaining parent committee input and approval of this action, if necessary.

Competitive Preference Priority 2: Preference for Indian Applicants.

To meet this priority, an application must be submitted by an Indian Tribe, Indian organization, Bureau of Indian Education (BIE)-funded school or Tribal College or University (TCU) that is eligible to participate in the NAL@ED program. A consortium of eligible entities that meets the requirements of 34 CFR 75.127 through 75.129 and includes an Indian Tribe, Indian organization, TCU, or BIE-funded school will also be considered eligible to meet this priority. In order to be considered a consortium application, the application must include the consortium agreement, signed by all parties.

Applicant Guide

Applications are entered into the Grants.gov system; applications submitted via email will not be accepted. For more information, including how to submit a paper application in cases in which electronic submission is not possible, please read the Common Instructions for Applicants to

Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3768), and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf.

A completed application will include a program narrative. The program narrative is the section of the application that directly responds to the selection criteria. The program narrative should follow the order of the selection criteria. Applicants should describe, in detail, activities planned for each of the funding periods of the grant. The program office suggests that applicants limit the program narrative to 30 pages. Narrative attachments must be submitted as files in a read-only, flattened Portable Document Format (PDF) or as a Microsoft Word document. If applicants upload a different file type or submit a password-protected file, we will not review that material.

A minimum of 3 peer reviewers will evaluate each proposal. Reviewers will be asked to review the applicants' responses to each criterion and score each of their assigned proposals. Not responding to a specific criterion could negatively impact the score.

The Notice Inviting Applications for this competition provides the priorities, selection criteria, application requirements, program requirements, eligibility, and definitions.

Selection Criteria

The selection criteria for this competition are from 34 CFR 75.210 and from the Notice of Final Priorities (NFP) published in the Federal Register on June X, 2020. The maximum score for all the selection criteria and the maximum possible score for addressing each selection criterion (indicated in parentheses) is detailed in the Notice Inviting Applications for this grant competition. Each criterion also includes the factors that reviewers will consider in determining the extent to which an applicant meets the criterion.

In evaluating an application, the Secretary considers the following criteria:

(a) Quality of the project design (Up to 27 points).

The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers the following factors:

- (1) The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable. (Up to 9 points)

- (3) The extent to which the proposed project will incorporate parent engagement and participation in Native American language instruction. (Up to 6 points)
- (4) The quality of the approach to developing and administering pre- and post-assessments of student Native American language proficiency, including consultation with individuals with assessment expertise, as needed. (Up to 6 points)

- (2) The quality of the plan for supporting grade-level and developmentally appropriate instruction in a Native American language by providing instruction of or through the Native American language. (Up to 10 points)
- (3) The extent to which the project will provide professional development for teachers and, as appropriate, staff and administrators to strengthen the overall language proficiency and academic goals of the school(s) that will be served by the project, including cultural competence training for all staff in the school(s). (Up to 10 points)
- (4) The extent to which the services to be provided by the proposed project involve the collaboration of appropriate partners for maximizing the effectiveness of project services. (Up to 4 points)
- (5) The extent to which the percentage of the school day that instruction will be provided in the Native American language is ambitious and is reasonable for the grade level and population served. (Up to 3 points)

(c) Quality of project personnel (Up to 15 points).

The Secretary considers the quality of the personnel who will carry out the proposed project. In determining the quality of project personnel, the Secretary considers:

- (1) The extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability. (Up to 1 point)
- (2) The extent to which teachers of the Native American language who are identified as staff for this project have teaching experience and are fluent in the Native American language. (Up to 8 points)
- (3) The qualifications, including relevant training and experience, of key project personnel. (Up to 6 points)

(d) Adequacy of resources (Up to 16 points).

- (1) The extent to which the applicant or a partner has experience in operating a Native American language program. (Up to 6 points)
- (2) The extent to which the costs of the project are reasonable in relation to the objectives, design, and potential significance of the proposed project. (Up to 7 points)
- (3) The potential for continued support of the project after Federal funding ends, including, as appropriate, the demonstrated commitment of appropriate entities to such support. (Up to 3 points)

II. Application Submission Procedures

The deadline for submission of NAL@ED grant applications through Grants.gov is 11:59:59 PM EST on August X, 2020.

Application Transmittal Instructions

This program **requires** the electronic submission of applications--specific requirements and instructions can be found in the Federal Register notice. Please note that you **must** follow the Application Procedures as described in the Federal Register notice announcing the grant competition.

For additional training resources, including video tutorials, refer to https://www.grants.gov/web/grants/applicants/applicant-training.html

Helpful Reminders

1) **REGISTER EARLY** – Applicants are required to follow the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3768) and available at https://www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf, which contain requirements and information on how to submit an application. Grants.gov has relaxed the requirement for applicants to have an active registration in the System for Award Management (SAM) in order to apply for funding during the COVID-19 pandemic. An applicant that does not have an active SAM registration can still register with Grants.gov, but must contact the Grants.gov Support Desk, toll-free, at 1–800–518–4726, in order to take advantage of this flexibility.

Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: http://www2.ed.gov/fund/grant/apply/sam-fags.html.

2) SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 11:59:59 p.m. Eastern Time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM. If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 11:59:59 p.m. Eastern Time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov's Track My Application link.

If the date/time received is later than 11:59:59 p.m. Eastern Time on the deadline date, your application is late. If your application has a status of "Received" it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to "Validated" or "Rejected with Errors." If the status is "Rejected with Errors," your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: http://www.grants.gov/web/grants/applicants/encountering-error-messages.html. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Software Tip Sheet at: http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or email at: mailto:support@grants.gov or access the Grants.gov Self-Service Knowledge Base web portal at: https://grants-portal.psc.gov/Welcome.aspx?pt=Grants

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.

Please go to http://www.grants.gov/web/grants.gov/web/grants.gov/web/grants.gov/web/grants.gov/help/html/help/index.htm#t=GetStarted https://www.grants.gov/help/html/help/index.htm#t=GetStarted https://www.grants.gov/help/html/help/index.htm https://www.grants.gov/help/html/help/index.htm https://www.grants.gov/help/html/help/index.htm https://www.grants.gov/help/html/help/htm

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include read-only, flattened .PDF files** or Microsoft Word documents in their application:

- Ensure that you attach .PDF files only or Microsoft Word files for any attachments to your application, and any PDFs must be in a read-only, flattened format (meaning any fillable documents must be saved and submitted as non-fillable PDF files). PDF files and Microsoft Word files are the only Education approved file type accepted as detailed in the common instructions. If an applicant submits PDF files, it must submit only individual .PDF files. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are file types other than .PDF files or Microsoft Word files, or are password protected files will not be read.
- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
- When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. However, Grants.gov does allow for the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
- Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package with all attachments is less than 5 MB. Therefore, you may want to check the total size of your package before submission.

Electronic Application Submission Checklist

It is recommended that your electronic application be organized in the following manner and include the following parts in order to expedite the review process. Instructions for U.S. Department of Education Supplemental Information for the SF-424

- **1. Project Director.** Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application. Items marked with an asterisk (*) are mandatory.
- **2. Novice Applicant.** Check "Yes" if you meet the definition for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled "Definitions for U.S. Department of Education Supplemental Information for the SF-424"). By checking "Yes" the applicant certifies that it meets these novice applicant requirements. Check "No" if you do not meet the definition for novice applicants.

This novice applicant information will be used by ED to: 1) determine the amount and type of technical assistance that a novice might need, if funded, and 2) determine novice applicant eligibility in discretionary grant competitions that give special consideration to novice applications. Certain ED discretionary grant programs give special consideration to novice applications, either by establishing a special competition for novice applicants or by giving competitive preference to novice applicants under the procedures in 34 CFR 75.105(c)(2). If special consideration is being given to novice applications under a particular discretionary grant competition, the application notice for the competition published in the <u>Federal Register</u> will specify this information

- **3. Human Subjects Research.** (See I. A. "Definitions" in attached page entitled "Definitions for U.S. Department of Education Supplemental Information for the SF-424.")
- **3a. If Not Human Subjects Research.** Check "**No**" if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.
- **3a. If Human Subjects Research.** Check "**Yes**" if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check "**Yes**" even if the research is exempt from the regulations for the protection of human subjects. (See I. B. "Exemptions" in attached page entitled "Definitions for U.S. Department of Education Supplemental Information for SF-424.")
- **3b.** If Human Subjects Research is Exempt from the Human Subjects Regulations. Check "Yes" if all the research activities proposed are designated to be exempt from the regulations. Check the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. "Exemptions." In addition, follow the instructions in II. A. "Exempt Research Narrative" in the attached page entitled "Definitions for U.S. Department of Education Supplemental Information for the SF-424."
- **3b.** If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check "No" if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. "Nonexempt Research Narrative" in the attached page entitled "Definitions for U.S. Department of Education Supplemental Information for the SF-424."
- **3b. Human Subjects Assurance Number.** If the applicant has an approved Federal Wide Assurance (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. (A list of current FWAs is available at: http://ohrp.cit.nih.gov/search/asearch.asp#ASUR) If the applicant does not have an approved assurance on file with OHRP, enter "None." In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects' assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.
- **3c.** If applicable, please attach your "Exempt Research" or "Nonexempt Research" narrative to your submission of the U.S Department of Education Supplemental Information for the SF-424 form as instructed in item II, "Instructions for Exempt and Nonexempt Human Subjects Research Narratives" in the attached page entitled "Definitions for U.S. Department of Education Supplemental Information for the SF-424."

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is

recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

No covered human subjects research can be conducted until the study has ED clearance for protection of human subjects in research.

Paperwork Burden Statement. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1894-0007. The time required to complete this information collection is estimated to average between 15 and 45 minutes per response, including the time to review instructions, search existing data resources, gather the data needed and complete and review the information collection. If you have any comments concerning the accuracy of the estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-0170. Definitions for U.S. Department of Education Supplemental Information for the SF-424

Definitions:

Novice Applicant (See 34 CFR 75.225)

For discretionary grant programs, novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

-Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information." (1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be directly or indirectly linked to that individual, the definition of human subject is met [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the <u>only</u> involvement of human subjects will be in one or more of the following six categories of *exemptions* are not covered by the regulations:

- (1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods. *If an educational practice is being introduced to the site and is not widely used for similar populations, it is not covered by this exemption.*
- (2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.

Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have

not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

- (3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.
- (4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects. [This exemption applies only to retrospective studies using data collected before the initiation of the research.]
- (5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs. [The standards of this exemption are rarely met because it was designed to apply only to specific research conducted by HHS at the time the regulations were established. We will strictly construe this exemption because it was not intended to apply to ED research.]
- (6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked "Yes" for Item 3.b. of the U.S. Department of Education Supplemental Information for the SF 424, the applicant must attach a human subjects "exempt research" or "nonexempt research" narrative to the U.S. Department of Education Supplemental Information for the SF-424 form. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked "Yes" for item 3.b. and designated exemption numbers(s), attach the "exempt research" narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked "No" for item 3.b. you must attach the "nonexempt research" narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

- (1) Human Subjects Involvement and Characteristics:
- Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable
- (2) **Sources of Materials**: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.
- (3) **Recruitment and Informed Consent**: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.
- (4) **Potential Risks**: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.
- (5) **Protection Against Risk**: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

- (6) **Importance of the Knowledge to be Gained**: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.
- (7) **Collaborating Site(s)**: If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Office of Finance and Operations, U.S. Department of Education, Washington, D.C. 20202-4331, telephone: (202) 245-8090, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site: http://www.ed.gov/about/offices/list/ocfo/humansub.html

NOTE: The **State Applicant Identifier** on the SF-424 is for State Use only. Please complete it on the SF-424 in the upper right corner of the form (if applicable).

Part 2: Budget Information

☐ ED Budget Information Non-Construction Programs (ED Form 524)

This part of your application contains information about the Federal funding you are requesting. Remember that you must provide all requested budget information for each year of the project (up to 36 months) and the total column in order to be considered for Federal funding. Specific instructions for completing the budget forms are provided within this application package.

Instructions for completing ED Form 524 Section A:

Name of Institution/Organization: Enter the name of the applicant in the space provided.

Personnel (line 1): Enter project personnel salaries and wages only. Include fees and expenses for consultants on line 6.

Fringe Benefits (line 2): The institution's normal fringe benefits contribution may be charged to the program. Leave this line blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect cost.

Travel (line 3): Indicate the travel costs of employees and participants only. Include travel of persons such as consultants on line 6. Applicants are strongly encouraged to budget funds for the project director to attend a Project Director's Meeting in the first three years of the grant.

Equipment (line 4): Indicate the cost of tangible, non-expendable personal property that has a usefulness greater than one year and acquisition costs that are the lesser of the capitalization level established by the applicant entity for financial statement purposes or \$5,000 per article. Lower limits may be established to maintain consistency with the applicant's policy.

Supplies (line 5): Show all tangible, expendable personal property. Direct supplies and materials differ from equipment in that they are consumable, expendable, and of a relatively low unit cost. *Supplies purchased with grant funds should directly benefit the grant project and be necessary for achieving the goals of the project.*

Contractual (line 6): The contractual category should include all costs specifically incurred with actions that the applicant takes in conjunction with an established internal procurement system. Include consultant fees, expenses, and travel costs in this category if the consultant's services are obtained through a written binding agreement or contract.

Construction (line 7): Not applicable.

Other (line 8): Indicate all direct costs not covered on lines 1-6. For example, include costs such as space rental, required fees, honoraria and travel (where a contract is not in place for services), training, and communication and printing costs. *Do not include costs that are included in the indirect cost rate.*

Total Direct Costs (line 9): The sum of lines 1-8.

Note: Direct administrative costs are limited by statute to 5% of the total grant award.

Indirect Costs (line 10): Indicate the applicant's approved indirect cost rate, per sections 75.560 – 75.564 of EDGAR. If an applicant's approved indirect cost rate agreement with a cognizant Federal agency has expired and the applicant wishes to charge indirect costs to the grant, the applicant may use a temporary rate of 10 percent of budgeted direct salaries and wages while it negotiates a rate with its cognizant agency, per section 75.560 of EDGAR. An applicant with no previous ICR can use a de minimis rate of 10 percent of modified total direct costs (MTDC); these applicants do not need to negotiate for this rate (2 CFR 200.414(f)).

Training Stipends (line 11): This line is not applicable to this program. *Salary stipends paid to teachers and other school personnel for participating in short-term professional development should be reported in <u>Personnel</u> (line 1).*

Total Cost (line 12): This should equal to sum of lines 9-11 (total direct costs + indirect + stipends). The sum for column one, labeled *Project Year 1* (a), should also be equal to item 15a on the application cover sheet (SF Form 424).

General Instructions

This form is used to apply to individual U.S. Department of Education (ED) discretionary grant programs. Unless directed otherwise, provide the same budget information for each year of the multi-year funding request. Pay attention to applicable program specific instructions, if attached. You may access the Education Department General Administrative Regulations cited within these instructions at:

http://www.ed.gov/policy/fund/reg/edgarReg/edgar.html. You may access requirements from 2 CFR 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" cited within these instructions at:

You must consult with your Business Office prior to submitting this form.

<u>Section A - Budget Summary</u> <u>U.S. Department of Education Funds</u>

All applicants must complete Section A and provide a break-down by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 12, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 12, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information: If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office.

- (1): Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government. If you checked "no," ED generally will authorize grantees to use a temporary rate of 10 percent of budgeted salaries and wages (complete (4) of this section when using the temporary rate) subject to the following limitations:
- (a) The grantee must submit an indirect cost proposal to its cognizant agency within 90 days after ED issues a grant award notification; and
- (b) If after the 90-day period, the grantee has not submitted an indirect cost proposal to its cognizant agency, the grantee may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement with its cognizant agency.
- (2): If you checked "yes" in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In

Instructions for ED 524

addition, indicate whether ED, another Federal agency (Other) or State agency issued the approved agreement. If you check "Other," specify the name of the Federal or other agency that issued the approved agreement.

(3): If you check "no" in (1), indicate in (3) if you want to use the de minimis rate of 10 percent of MTDC (see 2CFR § 200.68). If you use the de minimis rate, you are subject to the provisions in 2 CFR § 200.414(f). Note: you may only use the 10 percent de minimis rate if you are a first-time Federal grant recipient, and you do not have an Approved Indirect Cost Rate Agreement. You may not use the de minimis rate if you are a State, Local government, or Indian Tribe, or if your grant is funded under a training rate or restricted rate program.

(4): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement, or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

Section B - Budget Summary Non-Federal Funds

If you are required to provide or volunteer to provide cost-sharing or matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

Section C - Budget Narrative [Attach separate sheet(s)]

Pay attention to applicable program specific instructions,

if attached.

- Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
- For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:

- a. The specific costs or contributions by budget category;
- b. The source of the costs or contributions; and
- c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

[Please review cost sharing and matching regulations found in 2 CFR 200.306.]

- If applicable to this program, provide the rate and base on which fringe benefits are calculated.
- 4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's website at: http://www.ed.gov/fund/grant/apply/appforms/appforms.html.

You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

5. Provide other explanations or comments you deem necessary.

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1894-0008**. The time required to complete this information collection is estimated to vary from 13 to 22 hours per response, with an average of 17.5 hours per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4537. If you have comments or concerns regarding the status of your individual submission of this form, write directly to Office of Indian Education, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

Part 3: ED Abstract Form

This section should be attached as a single document to the ED Abstract Form in accordance with the instructions found on Grants.gov and should be organized in the following manner and include the following parts in order to expedite the review process.

Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (read-only, non-modifiable .pdf files). Also, do not upload any password-protected files to your application.

Please note that Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission.

When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend your file names be less than 50 characters.

☐ Project Abstract

The project abstract is a one-page, single-spaced summary of your project. It should include the following:

- 1) Project Title: state the title of the proposed project

Part 4: Project Narrative Attachment Form

This section should be attached as a **single** document to the Project Narrative Attachment Form in accordance with the instructions found on <u>Grants.gov</u> and should be organized in the following manner and include the following parts in order to expedite the review process.

Ensure that you only attach the Education approved file types detailed in the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3768), and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf. Also, do not upload any password-protected files to your application.

When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend your file names be less than 50 characters.

☐ Table of Contents

The Table of Contents shows where and how the important sections of your proposal are organized and should not exceed **one** double spaced page.

☐ Application Narrative

The application narrative responds to the selection criteria found in this application package and should follow the order of the selection criteria.

We encourage applicants to limit this section of the application to the equivalent of no more than 30 pages and adhere to the following guidelines:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the abstract, the resumes, the bibliography, or the letters of support. However, the recommended page limit does apply to all of the application narrative.

Selection Criteria for Project Narrative

The selection criteria for this competition are from 34 CFR 75.210 and from the Notice of Final Priorities (NFP) published in the Federal Register on June X, 2020. The maximum score for all the selection criteria and the maximum possible score for addressing each selection criterion (indicated in parentheses) is detailed in the Notice Inviting Applications for this grant competition. Each criterion also includes the factors that reviewers will consider in determining the extent to which an applicant meets the criterion. The selection criteria for this competition

can be found in the I. Program Background Information section of this application package and in the Notice Inviting Applications for this grant competition.

Part 5: Budget Narrative

This section should be attached as a **single** document to the Budget Narrative Attachment Form in accordance with the instructions found on <u>Grants.gov</u>. It should be organized in the following manner and include the following parts in order to expedite the review process.

Ensure that you only attach the Education approved file types detailed in the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3768), and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf. Also, do not upload any password-protected files to your application.

When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend your file names be less than 50 characters.

Each application must also provide a Budget Narrative (which serves to meet the requirements of ED Form 524, Section C) for requested Federal funds. The Budget Narrative for requested Federal funds should provide a justification of how the money requested for each budget item will be spent.

This section requires an **itemized budget breakdown** for each project year and the **basis for estimating the costs** of personnel salaries, benefits, project staff travel, materials and supplies, consultants and subcontracts, indirect costs and any other projected expenditures. Be sure to complete an itemized budget breakdown and narrative for each year of the proposed project.

The Budget Narrative provides an opportunity for the applicant to identify the nature and amount of the proposed expenditures. The applicant should provide sufficient detail to enable reviewers and project staff to understand how requested funds will be used, how much will be expended, and the relationship between the requested funds and project activities and outcomes.

In accordance with <u>34 CFR 75.232</u>, Department of Education staff perform a cost analysis of each recommended project to ensure that costs relate to the activities and objectives of the project, are reasonable, allowable and allocable. We may delete or reduce costs from the budget during this review.

Important Notes

Applicants are encouraged to review the Electronic Code of Federal Regulations Uniform Guidance, *Cost Principles* in preparing their budget and budget narrative.

The Uniform Guidance may be found at the following link: https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200 main 02.tpl

Note: Remember to provide a copy of the most recent approved indirect cost rate agreement in the Other Attachments section of the application. The indirect cost rate agreement establishes the maximum amount of indirect costs the applicant may charge to the grant. However, applicants are not required to use the full negotiated indirect cost rate, and may choose to devote greater resources to direct costs. Additionally, see Important Information Regarding Indirect Costs below.

11. Training Stipends

- We note that certain costs, such as travel, the project director salary, and evaluation, may not necessarily all be administrative but may be partly direct program cost and partly administrative.
- Please describe in sufficient detail the costs and the parts of the budget lines that you include in the calculation of administrative costs.

Important Information Regarding Professional Services Contracts

Generally, applicants other than states must comply with the procurement requirements in 2 CFR 200.318 through 200.326 and must follow the same policies and procedures they use for procurements from their non-Federal funds.

However, there are two exceptions: Under 34 CFR 75.135(a), an applicant may contract, without regard to the procurement procedures in 2 CFR part 200, to obtain services from an entity that provides a site or sites where the applicant would conduct the project activities. Also, under 34 CFR 75.135(b), an applicant may use the small purchase procedures authorized under 2 CFR 200.320(b) to procure data collection, data analysis, evaluation services, or other essential services that are needed to meet a statutory, regulatory, or priority requirement related to the competition.

If either of these exceptions will be considered, please contact Tanya Tullos via email at

<u>Tanya.Tullos@ed.gov</u> for additional guidance.

Important Information Regarding Indirect Costs

The Department reimburses grantees for the portion of indirect costs that a grantee incurs on a project funded by the NAL@ED program (CFDA Number 84.415B).

If an applicant has a current ICR agreement and intends to charge indirect costs to the NAL@ED program grant, the applicant must submit a copy of the ICR agreement as part of its application. The ICR agreement must be negotiated with and approved by the grantee's cognizant agency, *i.e.*, either (1) the Federal agency from which it has received the most direct funding, subject to indirect cost support; (2) the Federal agency specifically assigned cognizance by OMB; or (3) the State agency that provides the most subgrant funds to the grantee (if no direct federal awards are received). For federally-recognized tribes, the Department of Interior (DOI) is the cognizant agency.

An applicant selected for funding that has an expired ICR agreement and intends to charge indirect costs to the NAL@ED program grant must follow the Department's regulations at 34 CFR 75.560. Those rules permit an applicant to use a temporary rate of 10 percent of budgeted direct salaries and wages while it negotiates a rate with its cognizant agency (*e.g.*, DOI); the applicant must then submit an ICR proposal to its cognizant agency within 90 days after the Department issues the grant award notification. 34 CFR 75.560.

Applicants with no previous ICR can use a de minimis rate of 10 percent of modified total direct costs (MTDC); these applicants do not need to negotiate for this rate. Should such an applicant decide to use this MTDC as its ICR, it must use this rate for a full fiscal year; it cannot negotiate for a different rate. 2 CFR 200.414(f).

Please note that, in accordance with OMB's Cost Principles at <u>2 CFR 200</u>, applicants that have an expiring ICR agreement can apply to the cognizant agency for a one-time extension of up to four years. 2 CFR 200.414(g). If a successful applicant has an expiring ICR agreement, after the expiration date of the original agreement the grantee will be required to submit evidence to the Department that its cognizant agency granted an extension of the ICR agreement in order to charge indirect costs to the NAL@ED program grant at the approved rate.

<u>Note</u>: Applicants should pay special attention to specific questions on the application budget form (ED 524) about their cognizant agency and the ICR being used in the budget. Applicants should be aware that the Department is very often not the cognizant agency for its grantees. Rather, the Department accepts the currently approved ICR established by the appropriate cognizant agency.

Applicants with questions about charging indirect costs on this program should contact the program contact person noted elsewhere in this application package.

Part 6: Other Attachments

Instructions for Meeting the General Education Provisions Act (GEPA) Section 427 Requirements

All applicants for new awards **must** include information in their applications to address this new provision in order to receive funding under this program.

Section 427 **requires** each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age.

A general statement of an applicant's nondiscriminatory hiring policy is <u>not</u> sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

Please review the Notice to all Applicants (included in the electronic application package in Grants.gov) for further information on meeting the provisions in the Department of Education's General Education Provisions Act (GEPA).

Applicants are required to address this provision by attaching a statement (not to exceed three pages) to ED GEPA 427 form that is included in the electronic application package in Grants.gov.

III.

IV. Reporting and Accountability

Successful applicants with multi-year grants must submit an APR demonstrating their progress in meeting approved project objectives. Grantees must also provide the most current financial and performance measure data for each year of the project.

At the end of the project period, applicants will also be required to submit a **final performance report**.

Each grantee is required under section 6133 of the ESEA to submit annually to the Secretary information on the activities carried out with these grant funds, the number of children served by the project, and the number of instructional hours in and through the Native American language.

Under the Government Performance and Results Act (GPRA), the following performance indicators have been established to evaluate the overall effectiveness of the Program:

Measure 1: The number and percentage of participating students who attain proficiency in a Native language as determined by each grantee through pre- and post-assessments of Native language proficiency.

Measure 2: The number and percentage of participating students who make progress in learning a Native language, as determined by each grantee through pre- and post-assessments of Native language proficiency.

Measure 3: The number and percentage of participating students who show an improvement in academic outcomes, as measured by academic assessments or other indicators.

Measure 4: The difference between the average daily attendance of participating students and the average daily attendance of all students in the comparison group (e.g. school, LEA, SEA, other).

These measures constitute the Department's indicator of success for this program. Consequently, we advise an applicant for a grant under this program to give careful consideration to these measures in conceptualizing the approach and evaluation for its proposed project. Each grantee will be required to provide, in its annual performance and final reports, data about its progress in meeting these measures.

For specific requirements on grantee reporting, please go to the ED Performance Report Form 524B at http://www.ed.gov/fund/grant/apply/appforms/appforms.html.
