Appendix E Student Contacting Materials

OMB # 1850-0926 v. 10

**Submitted by
National Center for Education Statistics
U.S. Department of Education**

**December 2019
revised May 2020**

This appendix includes the contacting materials that will be sent to sample members to request their participation in the 2016/20 Baccalaureate and Beyond Longitudinal Full-Scale Study (B&B:16/20). The B&B:16/20 contact materials include a brochure, website text, letters, e-mails, postcards, text messages, interesting facts and trend data, merge fields, and “as needed” contacts that may be used during data collection. Within each contact type, the materials are listed in the tentative order they will be sent to sample members, from the initial data collection announcement to a final thank you. We will send these materials to students at varying times throughout data collection. We have included ‘As Needed Contacts’ that may be sent in addition to scheduled contacts, in place of scheduled contacts, or may not be sent at all. We will review the response rates throughout data collection and determine which contact we think will be the most effective to impact response. We also may reuse some contacts during different phases of data collection. Once a sample member’s case has been finalized (either as a final refusal, other final status, or a completed survey), we will stop all contacting attempts.

The tentative schedule for sample member contacts varies based on data collection group (screener, default, or aggressive; see section A.9 in Part A). We have also inserted fills and merge fields into each contact to indicate where language may differ if used in a different data collection phase (early completion, production, and nonresponse conversion.) Merge fields within the contact materials include the incentive payment options, the length of the survey, and other details specific to the case. The merge fields also account for the Office of Foreign Assets Controls cases that must either be paid via check or, for some cases, cannot be paid at all. ControlID, addressID, and emailID are fills that we will use to track undeliverable contacts. For example, a unique e-mail ID is assigned to each e-mail address that we have for a particular case. The e-mail ID is included at the bottom of each e-mail as a way of tracking any undeliverable or bounced e-mails, ControlID is used for QC purposes, and AddressIDs are used to track undeliverable physical mail.

We will send infographics or other materials, as needed, that include an item from the ‘Interesting Facts’ section. Not all the data contained in that section will be used at one time, but rather selected facts will be pulled from this section to create graphics and statements to be included in contact materials.

Once language is approved by OMB, we will adjust the formatting and graphics of the postcards containing QR codes and the infographics mailings. We will assign each sample member a unique QR code to be included in the letters and postcards for direct access to the survey.

2016/20 Baccalaureate and Beyond Longitudinal Study (B&B:16/20)

PANEL 1, FLAP

Who is conducting B&B?

The 2016/20 Baccalaureate and Beyond Longitudinal Study is conducted by the National Center for Education Statistics (NCES), in the U.S. Department of Education's Institute of Education Sciences, with data collection being carried out under contract by RTI International, a U.S.-based nonprofit research organization.

NCES is authorized to conduct B&B by the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543) and to collect students' education records from educational agencies or institutions for the purposes of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3)(iii) and 99.35).

How will my information be protected?

NCES is required to follow strict procedures to protect personal information in the collection, reporting, and publication of data. All individually identifiable information supplied by individuals or institutions may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C §151).

Data security procedures for B&B are reviewed and approved by NCES data security staff. Your answers are secured behind firewalls and are encrypted during internet transmission using Secure Sockets Layer (SSL) protocol. All data entry modules are password protected and require the user to log in before accessing the data. NCES employees and contractors are subject to large fines or imprisonment if individual responses are disclosed.

INSIDE PANELS

What is B&B?

The 2016/20 Baccalaureate and Beyond Longitudinal Study (B&B:16/20) is a national study of approximately 25,000 graduates from U.S. colleges and universities who will be asked about their experiences in the 4 years since completing a bachelor's degree. The study collects information on graduate and other education, experiences in the labor market, earnings and expenses, and family status. In addition to survey responses, information is collected from sources such as enrollment and federal loan databases.

Why am I being asked to participate?

You are being asked to participate in B&B because you completed the requirements for your bachelor's degree 4 years ago, during the 2015-16 academic year. Most study participants were first surveyed in 2016 as part of the National Postsecondary Student Aid Study (NPSAS). We also contacted sample members to participate in the B&B:16/17 study in 2017.

What happens to the results?

As with results from previous rounds of B&B, results from the current study will be posted on the NCES website (<https://nces.ed.gov/surveys/b&b>) as soon as they are

available. Your responses will be combined with those of other students and will be presented in summary form only. No individually identifying information will be published.

Researchers and policymakers will use B&B data to explore a wide variety of topics, including student loan debt and transition to employment and/or graduate education. B&B data are used to inform national higher education policies.

How do I participate?

Participation is easy! You can complete the B&B survey online or over the phone.

Online

Log on to the study website at <https://surveys.nces.ed.gov/bandb> using the Study ID and password provided to you in your study materials.

The survey is mobile-optimized, so it can be easily completed on a mobile device.

Phone

Call our Help Desk at 855-322-2826 to speak to one of our professional interviewers who are happy to assist you.

Additionally, during data collection you may receive reminder communications in any of the following ways:

- Mail from NCES
- E-mails from bandb@rti.org
- Text messages and phone calls from area code 202 or the U.S. Department of Education

What to Expect

How can I complete the B&B survey?

You may complete the B&B survey on the Web – simply [log in <hyperlink to home page>](#) by entering your Study ID number and password, which are provided in the B&B letter or e-mail you received. You can even complete it on your mobile device. If you need assistance accessing the survey on the website, or if you want to complete the survey by telephone, contact the B&B Help Desk by calling 855-322-2826 or sending an e-mail to bandb@rti.org.

Will I receive reminders to take the survey?

During data collection, you could receive reminder communications in any of the following ways:

- Mailings from the National Center for Education Statistics
- E-mails from bandb@rti.org
- Text messages from xxx-xxx-xxxx
- Phone calls from xxx-xxx-xxx

How long will the survey take?

For most people, we expect the survey will take about 35 minutes, depending on your answers. You do not have to complete the survey in one session. You can get started and, if you choose, you can easily log out and resume at a later time.

Do I have to participate?

Participation in this study is voluntary; however, your involvement is very important to the success of this study. By participating, you have the opportunity to help educators, researchers, and policymakers at the local, state, and national levels understand the experiences of recent college graduates.

Can I refuse to answer a question?

You may refuse to answer any question at any time. If you choose not to answer or are unable to answer a particular question, you may still continue with the rest of the survey. Just leave the question blank and click the 'next' button to move on to the next question.

How do I know your website is secure?

The B&B website is protected by Secure Sockets Layer (SSL; 128-bit encryption) technology. Your survey responses are collected over a secure server and connection also protected by SSL. SSL encrypts the communication between your browser and the B&B web server so your data will be kept secure.

Should I use a particular web browser to take the web survey?

The survey needs to use a browser that supports HTML5 and JavaScript. The latest versions of Firefox, Chrome, and Safari will work, as will Internet Explorer 9 and later. If you are having any trouble completing the survey, please call our Help Desk at 855-322-2826 and we will be happy to assist you.

Why is your participation so important?

- You are part of an **exclusive group of** recent college graduates selected to share your experiences.
- Your personal circumstances are unique, and you cannot be replaced in this study.
- **Your participation is critical to help policymakers and others understand the experiences of recent college graduates.**

Previous Results

As with all prior B&B surveys, results will be presented in summary form only; no individual responses will be published in a way that identifies any participant.

Here's what we've learned from previous B&B surveys...

B&B was last conducted during the 2016-17 academic year and included about 25,000 sample members. Selected findings from previous B&B surveys are presented below.

Confidentiality

The National Center for Education Statistics (NCES) is required to follow strict procedures to protect personal information in the collection, reporting, and publication of data. All of the information provided by individuals or institutions may be used only

for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C §151).

Data security procedures for B&B are reviewed and approved by NCES data security staff. Your answers are secured behind firewalls and are encrypted during internet transmission using Secure Sockets Layer (SSL) protocol. All data entry modules are password protected and require the user to log in before accessing confidential data. Project staff are subject to large finer and/or imprisonment if they knowingly publish or communicate any individually identifiable information.

Congress has authorized the National Center for Education Statistics (NCES) of the U.S. Department of Education's Institute of Education Sciences to collect data about the costs of postsecondary education because policymakers at all levels need reliable and current national data in order to make decisions about postsecondary education.

NCES is authorized to conduct the 2016/20 Baccalaureate and Beyond Longitudinal Study (B&B:16/20) by the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543) and to collect students' education records from educational agencies or institutions for the purposes of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3)(iii) and 99.35).

The study has been approved by the U.S. Office of Management and Budget (OMB). The valid OMB control number for this information collection is 1850-0926. The expiration date is 07/31/2022.

Important note regarding text message communications for federal studies and the TCPA

The Telephone Consumer Protection Act (TCPA), under 47 U.S. Code §227, is a federal statute enacted in 1991 to safeguard consumer privacy. This legislation restricts **telemarketing** communications via voice calls, SMS texts, and fax without explicit prior consent. Per a July 2016 Declaratory Meeting before the Federal Communications Commission, it was confirmed that TCPA **does not** restrict research survey communications, provided those communications are lawfully made by the federal government or by agents acting under authority validly conferred on them by the federal government. Because B&B:16/20 is authorized by the U.S. Department of Education to collect data on postsecondary education, it falls under this provision.

During the course of data collection, you may receive text message reminders regarding survey participation. You have the option to opt out of text message reminders at any time.

You can learn more about TCPA by clicking here <https://www.fcc.gov/general/telemarketing-and-robocalls>. If you have any questions regarding our use of text message reminders, you can reach us by e-mail at bandb@rti.org or by phone at **855-322-2826**.

About B&B

The **2016/20 Baccalaureate and Beyond Longitudinal Study (B&B:16/20)** collects data from about 25,000 recent college graduates who completed their bachelor's degree in the 2015-16 academic year.

B&B is being administered for NCES by RTI International, a U.S.-based nonprofit research firm (www.rti.org).

To learn more about the data from previous B&B cycles, visit **NCES's B&B website** <https://nces.ed.gov/surveys/bandb/>

Dear «fname»,

Congratulations! You have been selected to participate in the 2016/20 Baccalaureate and Beyond Longitudinal Study (B&B), an important U.S. Department of Education study that will collect education, employment, and other information from recent college graduates who completed their bachelor's degree «in [major]//[fieldofstudy] »during the 2015-16 school year. You may recall being asked to participate in the National Postsecondary Student Aid Study (NPSAS) in 2016 and the 2017 collection for B&B. Data collected from B&B will help researchers and policymakers better understand how earning a bachelor's degree impacts choices for additional education and employment paths.

Help shape higher education policy by sharing your education experiences.

Here are some key pieces of information to help get you started:

Dear «fname»,

The U.S. Department of Education’s Baccalaureate and Beyond Longitudinal Study (B&B) «only »takes about «time» **minutes**. [IF INCENTIVE ELIGIBLE: «**Now we’re**»/«**We’re**» «still» **offering \$«inc_amount» for your participation.**»]

You are being asked to participate in B&B because you were enrolled in postsecondary education at «**the** »«**NPSASSchool**»»//«your institution» during the 2015-16 academic year. The data you provide, combined with that of other students, will help educators, researchers, and policymakers at the local, state, and national levels better understand how earning a bachelor’s degree impacts choices for additional education and employment paths.

To complete your survey:

- Log on to our website at <https://surveys.nces.ed.gov/bandb/> using the credentials provided below.

Data Collection Announcement E-mail

SUBJECT: U.S. Department of Education's Baccalaureate and Beyond Longitudinal Study (B&B)

Congratulations, «fname»! You have been selected to participate in the 2016/20 Baccalaureate and Beyond Longitudinal Study (B&B), conducted by the U.S. Department of Education's National Center for Education Statistics (NCES). The study will collect education, employment, and other information from you and others like you who completed their bachelor's degree during the 2015-16 school year. Data collected from B&B will help researchers and policymakers better understand how earning a bachelor's degree impacts choices for additional education and employment paths.

You were selected to represent many other recent college graduates who were not chosen to participate. Therefore, your participation is critical to the success of the study.

Here are some key pieces of information to help get you started:

- Your survey will take about «time» **minutes** to complete.
- To automatically start the survey, click the button below:

If you wish to go to our study website, you can log in with your Study ID and password below.

<https://surveys.nces.ed.gov/bandb/>

Study ID: «caseid»

Password: «password» (*password is case sensitive*)

- **[IF PREPAID AND UNSURE OF ADDRESS: «We sent you \$2 via PayPal «to [e-mailaddress] »in appreciation for your participation in B&B.»] [IF PREPAID AND GOOD ADDRESS: «We are sending you \$2 via mail in appreciation for your participation in B&B. Remember to look out for a large white envelope from the National Center for Education Statistics.»] [«IF AGGRESSIVE GROUP & INCENTIVE ELIGIBLE: If you complete the survey by «early_comp_date», we will send you \$«inc_amount+earlybird_inc» payable by «PayPal or» check. After «early_comp_date», we will send you \$«inc_amount» once you complete the survey.» «IF DEFAULT GROUP & INCENTIVE ELIGIBLE: Once you complete the survey, we will send you \$«inc_amount», payable by «PayPal or» check.»**
- Your participation in this study will not affect any aid or other benefits you receive.
- Because your participation is important, you may receive reminders via e-mail, mail, phone, and text message.

If you have questions about the study or prefer to complete your survey over the phone, please call the B&B Help Desk at **855-322-2826** or e-mail us at bandb@rti.org.

You can also learn more by visiting the study website at <https://surveys.nces.ed.gov/bandb/>.

We hope you enjoy the opportunity to share your experiences and help inform policy decisions.

Many thanks,

Dear «fname»,

Recently, you declined to participate in the Baccalaureate and Beyond Longitudinal Study (B&B) «because [refusalreason]». B&B is a survey designed to help inform educators, researchers, and policymakers about the education and employment paths of recent college graduates. We understand your hesitation, but we are hoping you will reconsider participating in this very important research conducted by the U.S. Department of Education.

We know your time is valuable—please consider some of the following reasons for participating:

- You have the **unique opportunity** to provide reliable data that otherwise would not be available for policymakers.
- Your information is **vital** in helping policymakers and researchers better understand national trends in enrollment patterns, education goals, financial aid, employment, and backgrounds of students who have completed a bachelor's degree.
- You were selected to represent other students who attended ««the »«NPSASschool»»//«your institution». **No one can replace you.**

You can complete the «**time**»-**minute** survey at your leisure! If you start your survey and need to stop for any reason, you can come back at another time to finish. [IF INCENTIVE ELIGIBLE: «You will receive \$«**inc_amount**» by «PayPal or »check when finished.»]
