Hours	483,829.00	522,368	38,539.00	
Total Cost	\$ 64,375,590.00	\$ 56,744,171.00	\$ (7,631,419.00)	

Reponses decrease substantially due to change in regulation:

- 1) large reduction in number of compliance reports from 30 to 6; PTDs consolidated in 1090
- 2) nearly all quarterly reporting eliminated or converted to annual
- 3) large reduction in parameters tested/reported from 13 to 4
- 4) streamlining of PTDs and attest engagement requirements
- Hours rise slightly due to need to familiarize with new regulations/one time programming.
- Overall costs (all costs) decrease modestly, approximately 10.5% lower than existing collections.

 $^{^{*}}$ These comparisons use the OMB inventory as of January 15, 2020.
