VA Form #	Title
21P-527	Income, Net Worth and Employment Statement
21P-527EZ	Application for Veterans Pension

A. JUSTIFICATION:

1. Explain the circumstances that make the collection of information necessary. Identify legal or administrative requirements that necessitate the collection of information.

The Department of Veterans Affairs (VA) through its Veterans Benefits Administration (VBA) administers an integrated program of benefits and services, established by law, for Veterans, service personnel, and their dependents and/or beneficiaries. Title 38 U.S.C. 5101(a) provides that a specific claim in the form provided by the Secretary must be filed in order for benefits to be paid to any individual under the laws administered by the Secretary. VA Form 21P-527EZ, *Application for Pension*, is the prescribed form for Veterans Pension applications. VA Form 21P-527 *Income, Net Worth and Employment Statement*, is used by Veterans to apply for pension benefits after they have previously applied for pension or for service-connected disability compensation using one of the prescribed forms. A Veteran might reapply for pension using this form if a previous compensation or pension claim was denied or discontinued, or if the Veteran is receiving compensation and the veteran now believes that pension would be a greater benefit.

The following updates were made:

- The instructions on forms were amended to include standardized language and information regarding charging fees for assistance in filing for VA benefits.
- Amendments to questions, which include an option for a claimant to skip forward to the next question if meeting certain criteria.

These updates did not change the burden estimate.

2. Indicate how, by whom, and for what purposes the information is to be used; indicate actual use the agency has made of the information received from current collection.

VA Form 21P-527EZ, is the prescribed form for claiming Veterans Pension under the Fully Developed Claim program. VA Form 21P-527 is used to gather the necessary information to determine a veteran's eligibility for Veterans Pension. Without this information, VA will not be able to determine a Veteran's eligibility to the benefit. A Veteran may also use this form to file a new Veterans Pension claim after VA has discontinued a previous pension award and the Veteran is requesting his or her benefits be reinstated.

- 3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also describe any consideration of using information technology to reduce burden.**

VA Forms 21P-527 and 21P-527EZ are available on the One-VA Website in a fillable electronic format. VBA is currently hosting this form on a secure server and does not currently have the technology in place to allow for the complete submission of the form. Validation edits are performed to assure data integrity. There currently is no utility process in place that will allow the data submitted on the form to be incorporated with an existing centralized legacy database.

- 4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.**

Program reviews were conducted to identify potential areas of duplication; however, none were found to exist. There is no known Department or Agency which maintains the necessary information, nor is it available from other sources within our Department.

- 5. If the collection of information impacts small businesses or other small entities, describe any methods used to minimize burden.**

The collection of information does not involve small businesses or entities.

- 6. Describe the consequences to Federal program or policy activities if the collection is not conducted or is conducted less frequently as well as any technical or legal obstacles to reducing burden.**

VA Form 21P-527EZ, is the prescribed form for claiming Veterans Pension under the Fully Developed Claim program. VA Form 21P-527 is used to gather the necessary information to determine a veteran's eligibility for Veterans Pension. Without this information, VA will not be able to determine a Veteran's eligibility to the benefit. A Veteran may also use this form to file a new Veterans Pension claim after VA has discontinued a previous pension award and the Veteran is requesting his or her benefits be reinstated.

- 7. Explain any special circumstances that would cause an information collection to be conducted more often than quarterly or require respondents to prepare written responses to a collection of information in fewer than 30 days after receipt of it; submit more than an original and two copies of any document; retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years; in connection with a statistical survey that is not designed to produce valid and reliable results that can be generalized to the universe of study and require the use of a statistical data classification that has not been reviewed and approved by OMB.**

There is no special circumstance requiring collection in a manner inconsistent with 5 CFR 1320.6 guidelines.

- 8. If applicable, provide a copy and identify the date and page number of publication in the Federal Register of the sponsor's notice, required by 5 CFR 1320.8(d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the sponsor in responses to these comments. Specifically address comments received on cost and hour burden.**

The Department notice was published in the Federal Register on June 12, 2020, (Volume 85, No. 114) Page Numbers 35996 to 35997. Three comments were received in response to this notice.

Comment #1:

A Mr. Ed McCoy submitted the following comment: "I guess my thought is what does a person's income and not worth have to do with him or her being totally disabled. If they are 100% then they deserve to be paid accordingly. They deserve it for the pain n suffering they n their loved ones go through on a daily basis.

Plus a lot of them may have started at a lower rating and suffered for years waiting to get that 100% rating and so that pay helps cover all the expenses they had up to that point. So just because they may have inherited money or may have suffered thru a job that had a pension that should have no effect on payments from the VA."

VBA Response #1:

VA is not required to respond to a comment when the question or comment posed does not include the proposed collection. However, as Mr. McCoy is asking questions on the nature of the Pension benefit, we have offered the following response.

VA Forms 21P-527, *Income, Asset, and Employment Statement*, and 21P-527EZ, *Application for Veterans Pension*, are applications for VA Pension benefits. Pension is a needs-based benefit program for wartime Veterans, who are age 65 or older or have a permanent and total non-service-connected disability and have limited income and net worth. Additionally, Veterans who are more seriously disabled may qualify for pension at the increased housebound or aid and attendance rates. As Pension is a needs-based benefit program, VA must have a clear understanding of the applicant's financial needs, including income and net worth, which will determine their monthly payment.

Comments #2 and #3 with Responses #2 and #3 are uploaded as supplemental documents.

- 9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.**

No payments or gifts to respondents have been made under this collection of information.

10. Describe any assurance of privacy to the extent permitted by law provided to respondents and the basis for the assurance in statute, regulation, or agency policy.

The records are maintained in the appropriate Privacy Act System of Records identified as “Compensation, Pension, Education, and Vocational Rehabilitation and Employment Records-VA (58VA21/22/28),” published at 74 FR 29275 on June 19, 2009, and last amended at 84 FR 4138 (February 14, 2019).

11. Provide additional justification for any questions of a sensitive nature (Information that, with a reasonable degree of medical certainty, is likely to have a serious adverse effect on an individual's mental or physical health if revealed to him or her), such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private; include specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.

There are no questions of a sensitive nature.

12. Estimate of the hour burden of the collection of information:

- a. Number of Respondents is estimated at 100,000 per year.
 - a. 21P-527EZ 75,000
 - b. 21P-527 25,000
- b. Frequency of Response is one time.
- c. Annual burden hours are 56,250 hours.
- d. The estimated completion time for each form is 33.75 minutes.
- e. The respondent population for VA Forms 21P-527 and 21P-527EZ are composed of individuals who are applying for pension benefits. VA cannot make further assumptions about the population of respondents because of the variability of factors such as the educational background and wage potential of respondents. Therefore, VBA used general wage data to estimate the respondents’ costs associated with completing the information collection.

The Bureau of Labor Statistics (BLS) gathers information on full-time wage and salary workers. According to the latest available BLS data, the mean hourly wage is \$25.72 based on the BLS wage code – “00-0000 All Occupations.” This information was taken from the following website: https://www.bls.gov/oes/current/oes_nat.htm.

Legally, respondents may not pay a person or business for assistance in completing the information collection. Therefore, there are no expected overhead costs for completing the information collection. VBA estimates the total cost to all respondents to be \$1,446,750.00 (56,250 burden hours x \$25.72 per hour).

13. Provide an estimate of the total annual cost burden to respondents or recordkeepers resulting from the collection of information. (Do not include the cost of any hour burden shown in Items 12 and 14).

This submission does not involve any recordkeeping costs.

14. Provide estimates of annual cost to the Federal Government. Also, provide a description of the method used to estimate cost, which should include quantification of hours, operation expenses (such as equipment, overhead, printing, and support staff), and any other expense that would not have been incurred without this collection of information. Agencies also may aggregate cost estimates from Items 12, 13, and 14 in a single table.

Estimated Costs to the Federal Government:

Grade	Step	Burden Time	Fraction of Hour	Hourly Rate	Cost Per Response	Total Responses	Total
7	3	30	0.50	\$19.06	9.160	100,000	\$ 953,000.00
Overhead at 100% Salary							\$ 953,000.00
9	3	15	0.25	\$23.32	5.605	100,000	\$ 583,000.00
Overhead at 100% Salary							\$ 583,000.00
11	3	15	0.25	\$28.21	6.780	100,000	\$ 705,205.00
Overhead at 100% Salary							\$ 705,205.00
Processing / Analyzing Costs							\$ 4,482,500.00
Printing and Production Cost							\$ 49,805.56
Total Cost to Government							\$ 4,532,305.56

Overhead costs are 100% of salary and are same as the wage listed above and the amounts are included in the total.

Printing and production costs approximates the cost of printing this information collection per year. (Processing/Analyzing Cost total divided by \$90).

Note: The hourly wage information above is based on the hourly 2020 General Schedule (Base) Pay (https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/salary-tables/pdf/2020/GS_h.pdf). This rate does not include any locality adjustment as applicable.

The processing time estimates above are based on the actual amount of time employees of each grade level spend to process to completion a claim received on this form. The within-grade step (3) of each employee represents the average experience of employees within each grade.

15. Explain the reason for any burden hour changes since the last submission.

Provide the time schedule for the entire project, including beginning and ending dates of the collection of information, completion of report, publication dates, and other actions.**

The information collection is not for publication or tabulation use.

We are not seeking approval to omit the expiration date for OMB approval.
