SUPPLEMENTARY INFORMATION:

Title: Procedural Requirements for Requests for Interpretative, No-Action, and Exemptive Letters (OMB Control No. 3038-0049). This is a request for an extension of a currently approved information collection.

Abstract: This collection covers the information requirements for voluntary requests for, and the issuance of, interpretative, no-action, and exemptive letters submitted to Commission staff pursuant to the provisions of section 140.99 of the Commission's regulations,² and related requests for confidential treatment pursuant to section 140.98(b)³ of the Commission's regulations.

The collection requirements described herein are voluntary. They apply to parties that choose to request a benefit from Commission staff in the form of the regulatory action described in section 140.99. Such benefits may include, for example, relief from some or all of the burdens associated with other collections of information, relief from regulatory obligations that do not constitute collections of information, interpretations, or extensions of time for compliance with certain Commission regulations. It is likely that persons who would opt to request action under section 140.99 will have determined that the sought relief substantially outweighs the information collection burdens.

This information collection is necessary, and would be used, to assist Commission staff in understanding the type of relief that is being requested and the basis for the request. It is also

² 17 CFR 140.99. An archive containing CFTC staff letters may be found at <http://www.cftc.gov/LawRegulation/CFTCStaffLetters/index.htm>.

³ 17 CFR 140.98(b).

¹ 17 CFR 145.9.

necessary, and would be used, to provide staff with a sufficient basis for determining whether: (1) Granting the relief would be necessary or appropriate under the facts and circumstances presented by the requestor; (2) the relief provided should be conditional and/or time-limited; and (3) granting the relief would be consistent with staff responses to requests that have been presented under similar facts and circumstances. In some cases, the requested relief might be granted upon the requirement that those who seek the benefits of that relief fulfill certain conditions that are necessary to ensure that the relief granted by Commission staff is appropriate. Once again, it is likely that those who would comply with these conditions will have determined that the sought relief outweighs the compliance burden. This information collection also is necessary to provide a mechanism whereby persons requesting interpretative, no-action, and exemptive letters may seek temporary confidential treatment of their request and the Commission staff response thereto and the grounds upon which such confidential treatment is sought.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On March 18, 2020, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 85 FR 15436 ("60-Day Notice"). The Commission did not receive any relevant comments on the 60-Day Notice. Accordingly, the Commission believes that the burden estimate described in the 60-Day Notice is appropriate.

Burden Statement: The Commission is revising its estimate of the burden for this collection for persons registered with the Commission (such as commodity pool operators, commodity trading advisors, derivatives clearing organizations, designated contract markets, futures commission merchants, introducing brokers, swap dealers, and swap execution facilities), persons seeking an exemption from registration, persons whose registration with the Commission is pending, trade associations and their members, eligible contract participants, and other persons seeking relief from discrete regulatory requirements.

The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents:
68.

Estimated Average Burden Hours per Respondent: 40.

Estimated Total Annual Burden Hours: 2,720.

Frequency of Collection: Occasional.

There are no capital costs or operating and maintenance costs associated with this collection.

(Authority: 44 U.S.C. 3501 *et seq.*)

Dated: May, 20, 2020.

Robert Sidman,

Deputy Secretary of the Commission.
